USDA Forest Service
Uinta National Forest
Heber Ranger District
Wasatch County, Utah

The Heber Ranger District of the Uinta National Forest is conducting an environmental analysis for a proposal to continue current livestock management on the the Currant Creek and Bear Hole Allotments which have demonstrated to be meeting or satisfactorily moving toward desired conditions.

The Currant Creek and Bear Hole Allotments are located near Currant Creek Reservoir, approximately 21 miles southeast of Heber Utah.

Currant Creek Allotment: Currant Creek Allotment: Two permittees are permitted to graze a total of 1098 head of cows with calves on the allotment. The permitted grazing season is from June 16 to October 15. The allotment is divided into eight pastures which are grazed using a grazing management system which provides periodic rest for the pastures. The allotments are managed to meet the Uinta National Forest 2003 Land and Resource Management Plan. The standard and guidelines.

Bear Hole Allotment: Two permittees are permitted go graze a total of 244 head of cows with calves on the allotment. The permitted grazing season is from June 11 to October 15. The allotment is divided into three pastures which are grazed using a grazing management system which provides periodic rest for the pastures. The allotments are managed to meet the Uinta National Forest 2003 Land and Resource Management Plan. The standard and guidelines.

The public is invited to provide comment on the proposed action. Send comments to the Responsible Official, Julie King, District Ranger, Heber Ranger District, P.O. Box 190, Heber City, UT 84032. Oral or written comments may also be submitted at Heber Ranger District located at 2460 South Highway 40 in Heber City during normal business hours from 8:00 to 5:00 pm, Monday through Friday, excluding federal holidays. E-mail comments may be sent to comments-intermnt-uinta-heber@fs.fed.us and must be in word (*.doc) or rich text format (*.rtf). Comments should be received December 4, 2006, to ensure full consideration. Based on preliminary analysis, this project may be categorically excluded from analysis and documentation in an environmental assessment or environmental impact statement.

If you would like additional information please contact Jim Percy at the Heber District Office or by calling 435-654-0470.
