Water Quality

Water quality testing is not performed on open water sources such as lakes, streams and springs. Boil or treat before using.

Bear Country

In most cases, bears are not a threat, but they do deserve your respect and attention. When camping and hiking in bear country keep alert and enjoy the opportunity to see these magnificent animals in their natural habitat.

Campfire Permits

When you camp in developed campgrounds, no campfire permit is required. If you plan to stay **outside maintained campgrounds, you may want a campfire for cooking,** enjoying its warmth, or roasting marshmallows.

For campfires, stoves, lanterns or barbeques used outside a recreation vehicle, you need a campfire permit.

Permit is free, valid for a full year from Jan. 1 to Dec. 31, and may be obtained in person from Forest Service, Bureau of Land Management, or California Department of Forestry and Fire Protection offices. Your responsibility for building and putting out your fire safely is explained on the campfire permit.

Be aware that as fire danger becomes greater, campfires may be prohibited. Please check to find out if there are any fire restrictions in the area were you intend to camp. Campfires prohibited in Desolation Wilderness
