Eagle Lake Ranger District Seeks Summer Campground Hosts

Do you enjoy camping and meeting new people? Would you like to spend the summer enjoying the great outdoors? The Eagle Lake Ranger District is looking for volunteers to be seasonal campground hosts at Eagle Lake. Campground hosts are volunteer staff who receive free camping and hook-ups at Christie Campground in exchange for welcoming campers and helping them to enjoy their visit. Additionally, hosts also perform light maintenance duties such as picking up litter, painting picnic tables and a variety of easy tasks.

Hosts receive training and recognition for their good service from the Lassen National Forest. Volunteers would begin before Memorial Day and would host though the end of September.

If you are interested in being a campground host at Eagle Lake, or would like more information, contact Lisa Sedlacek at 530-257-4188.
