News Release #08-02

Christmas Tree Permits on Sale November 1

Christmas tree cutting permits (personal use) will go on sale for the Plumas National Forest beginning November 1. With a \$10 permit, Christmas trees may be cut from November 1 until December 24, 2007. A map of the tree cutting areas and regulations are included with the permit. Tree cutters are asked to take extra care to cut in the areas noted and to remember to attach the permit to their tree before leaving the cutting area, to avoid penalties.

Mail-in requests may be submitted at anytime. To mail for a permit, please include a self-addressed, stamped (**97cents**) business-sized envelope to: Plumas National Forest, Christmas Tree Permit, P.O. Box 11500, Quincy, CA 95971. Make checks or money orders (no cash) payable to: USDA Forest Service. Those who are at least 18 years old may purchase a permit; they are non-refundable and no more than two permits will be mailed to one address or household. Mail requests must be received by December 1. Mail requests received after December 1 will be returned as the Forest Service will not guarantee that permits will reach their destination prior to December 24. Permits may also be purchased directly from local Forest Service offices or participating community businesses.

Because of the unpredictable weather conditions in the mountains, plan to cut a tree as soon as possible, dress appropriately in warm clothing, and be prepared for possible ice and snow on the roads (carry tire chains). For recorded information about permits, call (530) 836-7117 in Blairsdan, or (530) 283-7869 in Quincy. Visit the Plumas National Forest website for news release information: <http://www.fs.fed.us/r5/plumas/news/>.

You may want to add a day and make a family outing to the Plumas National Forest even more memorable by including some local community holiday traditions such as a ride on the Santa Train or participating in a tree lighting ceremony complete with food, song, and merriment.
