News Release #08-11

Ranger District Seeks Community Feedback

The Mt. Hough Ranger District of the Plumas National Forest is seeking input (scoping) from interested community members to guide the development of two fire recovery projects resulting from the Antelope Complex and Moonlight fires occurring in the mid and late summer of 2007.

Employees from the ranger district will be on hand to discuss the Wheeler Fire (Antelope Complex) and Moonlight Fire Recovery and Restoration Projects at an open house on Thursday, December 20, 2007 at the Taylorsville Grange from 5:00 pm to 8:00 pm. The community is invited to express concerns or support for project opportunities the district has identified and to share ideas. Information about other smaller fire recovery projects and post fire rehabilitation will also be available.

For more detailed information and for any special needs related to accessibility, please contact Katherine Carpenter, Project Leader for Wheeler Fire Recovery and Restoration Project, at (530) 283-7619, or Rich Bednarski, Project Leader for Moonlight Fire Recovery and Restoration Project, at (530) 283-7641.
