News Release #09-04

Temporary Road Closure at Silver Tip Springs Road

Plumas National Forest Road 22N60 (Silver Tip Springs Road) will be temporarily closed southwest of its intersection with County Road 511 for 2.5 miles to the intersection of 22N27, for double chip sealing. The road is located east of Little Grass Valley Reservoir. The closure will be in place for approximately three weeks from October 15 through November 7, 2008.

The closure will not affect or restrict traffic flow for homeowners at the south end of Little Grass Valley Reservoir. An alternate route is available along Plumas County Road 511. Detour signs will be posted at affected roads and intersections.

For more information, contact Jim Munn, Project Engineer, at (530) 283-7757.
