Stakeholders

On February 5, a Notice of Intent (NOI) to prepare an environmental impact statement for the management of the Giant Sequoia National Monument (GSNM) was published in the *Federal Register*. This notice, which is enclosed, begins a scoping period we expect to last for approximately one year. During this year, we will collaboratively develop a more detailed proposed action on which you will have the opportunity to comment. Please visit our website www.us.fs.fed/r5/sequoia/gsnm.html for further information as we progress through the collaborative process.

Note that at this time, we are not seeking public input. That will come later in the scoping process.

Thank you for your interest in the Giant Sequoia National Monument.

Sincerely,

/s/ Tina J. Terrell
