

Giant Sequoia National Monument Management Plan

An Exciting New Way to Participate!

From any computer with Internet access, visit the new **GSNM Public Comment Portal** at <http://gsnm-consult.limehouse.com/portal>

Just click on **REGISTER** to establish your own workspace and gain access to all the features of the Web site.

Here's how to participate:

- **Click. Select topic.**
- **Enter your comments or ideas, or review your previous comments.**
- **Then save your draft comments for future submission or submit them right away.**

In addition to submitting your comments, you can explore the Values and Interest-Based Explorer (**VIBE** at <http://gsnmvibe.ecr.gov/>).

On the portal you'll also find additional information about public meetings or other important events and project news. It's a breeze to use—and it's available 24/7. Visit the portal today!

The portal is the newest tool in the kit, but all our traditional public involvement tools—calls, letters, emails, and meetings—are still available.

However you choose, please **PARTICIPATE** in creating your Giant Sequoia National Monument Management Plan.

Upcoming Public Meetings:

Location	Date	Time
