in the Deschutes National Forest**

Consider Alternate Route to the Lakes

BEND—With opening day of fishing season just around the corner (April 25th), fishermen and other recreationists heading to Wickiup Reservoir, Crane Prairie Reservoir, North Twin Lake or South Twin Lake need to be aware that County Road 42 between the Robert D. Maxwell Memorial Bridge and Burgess Road will be under construction and may not have pavement in sections by opening weekend. Particularly for those towing boats, a smoother ride to the lakes will be across County Road 43 (Burgess Road) this year.
