REGIONAL FORESTER'S SENSITIVE ANIMAL LIST**

Updated July 2004

SURVEY AND MANAGE - Page 2 of 2	Former Survey and Manage Category	Natural Heritage Rank	Wash Status	Oregon Status	Federal Status	Year Desig.	NATIONAL FORESTS														
							CRG	COL	DES	FRE	GIP	MAL	MBS	MTH	OCH	OKA	OLY	ROR	SIS	SIU	UMA
<i>Juga</i> (O) n. sp. 2 Basalt Juga (OR only)	A	G2	S2		04	D															
<i>Logyrus</i> n. sp. 1 (<i>Amnicola</i> sp. 4 - G2) Columbia Dusky Snail	A	G2	S2		04	D															
<i>Logyrus</i> n. sp. 2 Masked Dusky Snail	A	G1	S1		04																
<i>Monadenia chaceana</i> Chace Sideband (OR only)	B	G1Q	S1		04													D	S		S
<i>Monadenia tidei</i> minor Dalles Sideband	A	G4G5T1	S1		04	D															
<i>Crocidelix</i> n. sp. Cheelan Mountainsnail (WA only)	A	G1	S1		04													D			
<i>Pristiloma arcticum crateris</i> Crater Lake Tightcoil (OR only)	A	G4T1	S1		04				D								D	D		S	D
<i>Propolyxeon coeruleum</i> Blue-gray Tairdropper (WA only)	A	G4	S2		04	D				D								S			
<i>Vertigo</i> n. sp. Hoko Vertigo (WA only)	A	G1	S1		04													S			
<i>Vorticifex klamathensis sinistrisini</i> Sintistsin Rams-horn (Former S&M) (OR only)	E	G1QT1	S1		04															S	
<i>Arborimus longicaudus</i> (<i>silvicola</i>) Oregon Red Tree Vole (OR only - NW coast area)	C	G3G4T1Q	S1		04													D			

Key to Acronyms and Abbreviations Used in the Regional Forester's Sensitive Animal List

National Forests	Occurrence	Former Survey and Manage Category
CRG	Columbia River Gorge National Scenic Area	A = Rare, pre-disturbance surveys practical
COL	Coville National Forest	B = Rare, pre-disturbance surveys not practical
DES	Deschutes National Forest	C = Uncommon, pre-disturbance surveys practical
FRE	Fremont National Forest	D = Uncommon, pre-disturbance surveys not practical
GIP	Gifford Pinchot National Forest	E = Uncommon, or not necessary
MAL	Malheur National Forest	F = Uncommon or concern for persistence
MBS	Mount Baker/Snoqualmie National Forest	G = Rare, status undetermined
MTH	Mt. Hood National Forest	H = Unknown, status undetermined
OCH	Ochoco National Forest	I = FS Actions Influence Downstream
OKA	Okanogan National Forest	J = Documented Occurrence
OLY	Olympic National Forest	K = Suspected Occurrence
ROR	Rogue River National Forest	L = Few occurrences
SIS	Siskiyou National Forest	M = Globally 5 or fewer occurrences
SIU	Siuslaw National Forest	N = Globally 6-20 occurrences
UMA	Umatilla National Forest	O = Globally 20-100 occurrences
UMP	Umpqua National Forest	P = Vulnerable; either very rare throughout its range or found locally in a restricted range (20-100 occurrences)
WAW	Wallowa-Whitman National Forest	Q = Subspecific taxon is critically imperiled globally (5 or fewer occurrences)
WEN	Wenatchee National Forest	R = Subspecific taxon is imperiled globally (6-20 occurrences)
WIL	Willamette National Forest	S = Subspecific taxon is either very rare throughout its range or found locally in a restricted range (20-100 occurrences)
WIN	Winema National Forest	T = Subspecific taxon is critically imperiled nationally
		N1 = Critically imperiled nationally
		N2 = Imperiled nationally
		N3 = Either very rare throughout its range or found locally in a restricted range nationally
		S1 = Critically imperiled in respective state
		S2 = Imperiled in respective state
		Natural Heritage Ranks
		G1 = Critically imperiled globally (5 or fewer occurrences)
		G2 = Imperiled globally (6-20 occurrences)
		G3 = Vulnerable; either very rare throughout its range or found locally in a restricted range (20-100 occurrences)
		T1 = Subspecific taxon is critically imperiled globally (5 or fewer occurrences)
		T2 = Subspecific taxon is imperiled globally (6-20 occurrences)
		T3 = Subspecific taxon is either very rare throughout its range or found locally in a restricted range (20-100 occurrences)
		Oregon Status
		SC = Sensitive species, critical category
		SV = Sensitive species, vulnerable category
		SP = Sensitive species, peripheral or naturally rare category
		SU = Sensitive species, undetermined status
		E = Listed as endangered by the State
		T = Listed as threatened by the State
		Washington Status
		S = State sensitive species
		C = State candidate for listing as threatened or endangered
		E = Listed as endangered by the State
		T = Listed as threatened by the State
		Federal Status
		C = Candidate for Federal listing under the Endangered Species Act
		C1=For USDI Fish and Wildlife Service, listing is warranted but precluded by higher priority species.
		C2=For USDC National Marine Fisheries Service, species is undergoing a status review.
		WA only/OR only In those instances where a species meets our listing criteria for only one state, the species is only considered as a RF sensitive species in the state where it is an S1 or S2. It may occur in the other state, but since it is not considered by the other state to be critically imperiled or imperiled, FS will not manage it as a sensitive species in that area.
