Dear Mr. Dewey:

We have enclosed a copy of the final agenda for the mini-workshop to be held on December 11, 12, and 13, 1990. While no changes have been made from the original draft, keep in mind that the meeting is intended to be low keyed and as such, the agenda will be subject to modification depending on desired emphasis and interest levels of those attending, as it relates to the topics being discussed.

The three days of meetings will be held at the Delta Town and Country Inn, 6005 Highway 17 at Highway 99, Delta, B.C. V4K 4E2. Because of the time year, the workshop will have to adjourn at 4:30 p.m. each day. This does not prevent those who wish to arrange evening discussions from doing so at our building.

Please note that the potential need for secrecy agreements has been eliminated.

The Town and Country Inn has suggested that it would be helpful if those wishing to reserve a room would make their wishes known to Phero Tech directly and then Phero Tech would ensure the reservations were confirmed. Please let us know no later than November 8, 1990.

A list of confirmed attendees will be made available at a later date.

We certainly hope that you will be able to join us in December. If we can help in any way please contact us.

Sincerely,

*Pete Putland*
