Target Group

- This training course is designed to meet the training needs of personnel involved in assignments with helicopters. The skills taught in this course will enable an individual to work with a helicopter in performing tasks common to all helicopter operations.

Prerequisites

- Fire fighter type II.

Course Description

- The Interagency Helicopter Crewmember Training, S-271, is designed to standardize basic training of individuals in the knowledge/skills required to work with helicopters. The skills taught relate to fire and non-fire project assignments. No matter what the assignment is or where it is, there are a variety of skills required to accomplish the task.

Course Objectives

- Upon completion of this course, the trainee will be able to demonstrate proficiency in all identified areas of helicopter use to safely achieve efficiency and standardization.
