Warnings
Rough commute, steep road, large rocks.
Rocky surfaces, remote areas, notification of contact person suggested.
Melted snow or stream water 300ft sway good for washing but not drinking unless boiled
Abrupt snow advisory in winter months, no plowed road access.
Due to flood damage, unavail until further notice - All wood structure, caution advised when using propane appliances.
Due to flood damage, unavail until further notice - All wood structure, caution advised when using propane appliances.
Old generator w/ occasional flickering and maint issues, No trailers/RV's, no more than 4 vehicles
Extreme weather conditions, height of cabin pose risk to children and pets.

## Warnings

Extreme weather conditions, height of cabin pose risk to children and pets.

Visitors with stock are required to bring their own weed free hay or pellet style feed for their livestock. Corral must be reserved in advance through the Ranger Station.

Winter access is either via snowmobile or skis. The distance from the SnoPark (permit required) is 15 miles. The first 6 miles is a groomed snowmobile route. Snow and weather conditions are highly variable so winter visitors should be knowledgeable in safe mountain winter travel.

Snow advisory during winter months, travel may be affected. There is NO wheeled vehicle access from late Nov. to early June. December-April. Parking is at the Blewett Pass Sno-Park area where a Washington State Sno-Park permit is required in each vehicle. Winter guests will need to clear snow from the steps and doorway and create a path to the toilet upon arrival.

### Warnings

Snow advisory during winter months, travel may be affected. Mid December - early April parking is 2.2 miles from the cabin. It is an easy ski or snowshoe trip over a groomed snowmobile route, from the plowed parking area, which does not require a Sno-Park permit. Winter guests will need to clear snow from the steps and doorway and create a path to the toilet upon arrival. There is no cell phone service in the Teanaway area.

3-4 mile ski or snowmobile ride from Hwy 140 in the winter

Extreme summer lightning storms.

6-7 mile ski or snowmobile ride from the Butte Fall-Prospect Highway (County Road 992) in the winter

Black bears, cougars and coyotes.

Warnings
Height of the tower not recommended for families with small children.
Stream water not recommended for use unless boiled.
No children under 12 due to risk posed by height of the tower.
Port- Orford-cedar root disease is prevalent north of Snow Camp Lookout. Visitors must wash their vehicle, including the undercarriage, before entering National Forest la
Strong winds, high cliffs if outdoor camping
Uneven staircase, not suggested for children
Plumbing issues with the exception of the flush toilet
Automobile access only available from June 1 - November 1, winter access via skis, snowshoes, or snowmobile

Warnings
Black bears, cougars.
Last mile of road access steep and rocky, extreme weather conditions, height of tower poses threat to pets and children.
Private mining land, precaution advised.
Height of the tower may pose risk.
Snow advisory in the winter.
Watch for bears.

Warnings
No heat source in cabin
No campfires allowed
Not location for children and pets, no heat source in lookout
High elevation lakes attract heavy concentrations of mosquitoes.
Winter access can be strenuous, 6-10 mile snow hike to the tower.
