Malheur, Umatilla, and Wallowa-Whitman National Forests

## Worksheet for Areas with Wilderness Potential

*Last Updated 03-31-05*

*The objectives for this part of the workshop are:*

- For you to get **INFORMATION** from the Blue Mountains Forest Plan Revision Team about how the updated **AREAS WITH WILDERNESS POTENTIAL INVENTORY** process works and how you can contribute to it.
- To give you a chance to review the updated **INVENTORY** the team has developed (**CONTENT/MAPS**).
- To foster **CONVERSATION** among all – Forest Service and participants alike.
- To get your **INITIAL COMMENTS** on how the **PROCESS** was applied and the content that resulted from its application.

After listening to Trish Callaghan of the Blue Mountains Forest Plan Revision Team, please **ANSWER** the following questions:

1. Knowing what you now know about the **PROCESS** for the updated inventory of *Areas with Wilderness Potential*, do you think the Revision Team **APPLIED THE PROCESS** fairly?

\_\_\_ **YES, Because?** \_\_\_\_\_

\_\_\_ **NO, Because?** \_\_\_\_\_

**Other Reasons or Notes?** \_\_\_\_\_

\_\_\_\_\_

*Please turn in your completed worksheet tonight or by mail to:*  
*Blue Mountains Forest Plan Revision Team*  
*P.O. Box 907*  
*Baker City, Oregon 97814*  
*Comments are due no later than June 30, 2005*

2. What do you think of these updated inventory maps of *Areas with Wilderness Potential*?

\_\_\_ GREAT    \_\_\_ OK    \_\_\_ Not OK – If not ok, please complete the section below to reflect your perspectives:

These areas should be *ADDED* to the *Areas with Wilderness Potential* identified on the inventory maps:

[ \_\_\_\_\_ ] should be *added* to the *Areas with Wilderness Potential* in the inventory

Reason (How does the area meet the criteria?): \_\_\_\_\_

\_\_\_\_\_

[ \_\_\_\_\_ ] should be *added* to the *Areas with Wilderness Potential* in the inventory

Reason (How does the area meet the criteria?): \_\_\_\_\_

\_\_\_\_\_

[ \_\_\_\_\_ ] should be *added* to the *Areas with Wilderness Potential* in the inventory

Reason (How does the area meet the criteria?): \_\_\_\_\_

\_\_\_\_\_

These areas should be *REMOVED* from the *Areas with Wilderness Potential* identified on the inventory maps:

[ \_\_\_\_\_ ] should be *removed* from the *Areas with Wilderness Potential* in the inventory

Reason (What criteria was misapplied?): \_\_\_\_\_

\_\_\_\_\_

[ \_\_\_\_\_ ] should be *removed* from the *Areas with Wilderness Potential* in the inventory

Reason (What criteria was misapplied?): \_\_\_\_\_

\_\_\_\_\_

[ \_\_\_\_\_ ] should be *removed* from the *Areas with Wilderness Potential* in the inventory

Reason (What criteria was misapplied?): \_\_\_\_\_
