Trail Description:

This section of the Appalachian/Long Trail, marked with white blazes, is a narrow, gradually inclining path through a mixed hardwood forest. The trail crisscrosses and follows Little Black Brook. One such crossing is made over a narrow steel “I” beam. The pond is surrounded by hills and large boulders and is a very popular area for swimming, fishing, and camping. Shelters and tent platforms are available on a first come, first served basis and are found on the east side of the trail, in close proximity to the pond. A \$5 per person/night fee, paid to the Green Mountain Club caretaker, helps maintain the shelter and trails, monitor impacts, and protect vulnerable soil, water, and vegetation. Please practice Leave No Trace ethics, such as carry out what you carry in.
