# National Proceedings: Forest and Conservation Nursery Associations 2003

## Abstract

---

Riley, Lee E.; Dumroese, R. Kasten; Landis, Thomas D., tech. coords. 2004. **National proceedings: Forest and Conservation Nursery Associations—2003**; 2003 June 9–12; Coeur d'Alene, ID; and 2003 July 14–17; Springfield, IL. Proc. RMRS-P-33. Fort Collins, CO: U.S. Department of Agriculture, Forest Service, Rocky Mountain Research Station. 156 p.

This proceedings is a compilation of 30 papers that were presented at the regional meetings of the Forest and Conservation Nursery Associations in the United States in 2003. The **Western Forest and Conservation Nursery Association** meeting was held at the Coeur d'Alene Inn in Coeur d'Alene, Idaho, June 9 to 12. The meeting was hosted by the USDA Forest Service, Coeur d'Alene Nursery. Morning technical sessions were followed by field trips to Coeur d'Alene Nursery, restoration outplantings on the Coeur d'Alene Indian Reservation, and Plants of the Wild Nursery. The **Northeastern Forest and Conservation Nursery Association** meeting occurred July 14 to 17 at the Crown Plaza Hotel in Springfield, Illinois. The meeting was hosted by the Illinois Department of Natural Resources, Mason State Nursery. In addition to technical sessions, a tour of the Mason State Nursery was included. Subject matter for both sessions included nursery culturing, harvesting, and storage; fertilization; seed transfer, collection, and processing; and native species propagation.

---

**Keywords:** bareroot nursery, container nursery, nursery practices, fertilization, pesticides, seeds, reforestation, restoration, plant propagation, native plants, tree physiology, hardwood species

---

Note: Papers were edited to a uniform style; however, authors are responsible for the content and accuracy of their papers.

### Technical Coordinators

Lee E. Riley, Supervisory Operations Forester, USDA Forest Service, Dorena Genetics Resource Center, 34963 Shoreview Road, Cottage Grove, OR 97424; telephone: 541.767.5723; FAX: 541.767.5709; e-mail: leriley@fs.fed.us.

R. Kasten Dumroese, Research Plant Physiologist, USDA Forest Service, Southern Research Station, 1221 South Main Street, Moscow, ID 83843; telephone: 208.883.2328; FAX: 208.883.2318; e-mail: kdumroese@fs.fed.us.

Thomas D. Landis, National Nursery Specialist, USDA Forest Service, Cooperative Programs, J.H. Stone Nursery, 2606 Old Stage Road, Central Point, OR 97502-1300; telephone: 541.858.6166; FAX: 541.858.6110; e-mail: tlandis@fs.fed.us.

### Sponsoring Organizations

U.S. Department of Agriculture, Forest Service, Coeur d'Alene Nursery

Illinois Department of Natural Resources, Mason State Nursery

### Acknowledgments

Funding for this publication was provided as a technology transfer service by State and Private Forestry, USDA Forest Service. The compilers are particularly grateful for the cooperation of the following Rocky Mountain Research Station personnel in producing these proceedings: Deborah S. Page-Dumroese, Project Leader, Root Disease and Soil Biology, sponsorship; Louise Kingsbury, Group Leader, production supervision; and Lillie Thomas, Editorial Assistant, design and layout. The coordinators also wish to thank Bryan Jordin at the University of Georgia and AmyJean Coumas at Dorena Genetics Resource Center for their assistance with this project.

### Searchable Internet Database—<http://rngr.net>

Papers published in the National Proceedings (1984 to present) are available in portable document format (PDF) on the Forest and Conservation Nursery Association Internet site: <http://rngr.net>. This database can be searched by author and keyword and includes papers published in the regional nursery proceedings (Western, Intermountain, Northeastern, and Southern).

### **Pesticide Precautionary Statement**

This publication reports research involving pesticides. It does not contain recommendations for their use, nor does it imply that the uses discussed here have been registered. All uses of pesticides must be registered by appropriate State and/or Federal agencies before they can be recommended.

**CAUTION:** Pesticides can be injurious to humans, domestic animals, desirable plants, and fish or other wildlife—if they are not handled or applied properly. Use all pesticides selectively and carefully. Follow recommended practices for the disposal of surplus pesticides and pesticide containers.
