exChangeList Web site is Part Classifieds, Part Information Sharing

Now there is a Web site for you to exchange your Forest Service property and resources with your peers, nationwide! Located on the Forest Service intranet, exChangeList is a virtual message board designed to share professional Forest Service resources. It's quite simple.

1. Visit [exChangeList](http://fsweb.wo.fs.fed.us/change/exchangelist) (link to: <http://fsweb.wo.fs.fed.us/change/exchangelist>)
2. Choose a category
3. Post the item you do or don't need
4. Exchange your resource!

Part classifieds and part information sharing, exChangeList is powered by you. If you have a resource to share or are in need of something on your unit, simply make a post. Looking for something locally in your area? The newly added Region/Station search feature allows you to view only those items in your area.

exChangeList continues to evolve and grow with more categories to be added to soon! Visit [exChangeList](http://fsweb.wo.fs.fed.us/change/exchangelist) (link to: <http://fsweb.wo.fs.fed.us/change/exchangelist>) today to start exploring and sharing what you have, know, and need!
