

APPENDIX B

Data Sources

In conducting its review of Forest Service organization and operations, the Committee reviewed large numbers of journal articles, books, reports, statutes, regulations, and administrative documents. The information gained from these publications form the basis of much of this report, and the Committee acknowledges its debt to the numerous authors (many of them anonymous) who prepared those publications. Specific data are used in the text and in a number of figures and tables, and their sources are as follows.

Everest, Fred H., et al., *Evaluation of the Use of Scientific Information in Developing the 1997 Forest Plan for the Tongass National Forest*, PNW-GTR-415, USDA Forest Service, Pacific Northwest Research Station, Portland, Oreg., 1997.

Forest Ecosystem Management Assessment Team, *Forest Ecosystem Management: An Ecological, Economic, and Social Assessment*, FEMAT 1993-793-071, USGPO, Washington, D.C., 1993.

Haynes, R. D. Adams, and J. Mills, *the 1993 RPA Timber Assessment Update*, RM-GTR-259, USDA Forest Service Rocky Mountain Forest and Range Experiment Station, Ft. Collins, Colo., 1995.

Macleery, Douglas, personal communication, 1998.

Office of Technology Assessment, *Forest Service Planning: Accommodating Uses, Producing Outputs, and Sustaining Ecosystems*, Congress of the United States, Washington, D.C., 1992.

Sierra Nevada Ecosystem Project, *Status of the Sierra Nevada: Final Report to Congress by the Sierra Nevada Ecosystem Project (SNEP)*, Wildland Resource Center Report No. 36, 3 volumes, University of California, Davis, Calif., 1996.

USDA Forest Service, *Status of the Interior Columbia Basin: Summary of the Scientific Findings*, PNW-GTR-385, USDA Forest Service, Pacific Northwest Research Station, Portland, Oreg., 1996.
