---

Information contained in this document has been developed for the guidance of employees of the Forest Service, USDA, its contractors, and its cooperating Federal and State agencies. The Department of Agriculture assumes no responsibility for the interpretation or use of this information by other than its own employees. The use of trade, firm, or corporation names is for the information and convenience of the reader. Such use does not constitute an official evaluation, conclusion, recommendation, endorsement, or approval of any product or service to the exclusion of others that may be suitable.

The United States Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, and marital or familial status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (braille, large print, large print, audiotape, etc.) should contact the USDA Office of Communications at 202-720-2791.

To file a complaint, write the Secretary of Agriculture, U.S. Department of Agriculture, Washington, DC 20250 or call 1-800-245-6340 (voice) or 202-720-1127 (TDD). USDA is an equal employment opportunity employer.

## **APPENDIXES**

A. Open Market Vendor List

B. Source 1 GSA Supplier Reference

## **Preface**

This publication is intended to complement the General Services Administration (GSA) Supply Catalog and provide selected information on recreation maintenance supplies and equipment.

In addition it includes descriptions of specialized recreation maintenance supplies and equipment available only through the open market. This guide is issued as a convenience to Forest Service recreation personnel.

## Guide Objectives

- Provide field personnel with basic information on what products are available to carry out the daily operation and maintenance of a recreation program, where products can be purchased and what they cost.
- Provide a source guide of Earth friendly products and supplies for recreation maintenance including chemicals, tools, materials and products made with post-consumer recycled content.
- Standardize when possible recreation equipment, products, materials and supplies.
- Facilitate advanced planning and procurement.
- Effect savings through consolidated purchasing.
- Provide a guide of available new products for use in recreation maintenance that can meet universal access needs.

# HOW TO BUY FROM GSA

# User Guide

## Scope Of Guide

The Recreation Maintenance Supplies and Equipment (A Quick Reference) is a basic products and supply publication for use by the Forest Service.

This guide contains descriptions and ordering information for equipment and supplies stocked and available through GSA distribution centers and specialty products available through open market purchasing. Items are indexed categorically by applications and alphabetically by name.

## Contents

The Recreation Maintenance Supplies and Equipment (A Quick Reference) contains the following types of information:

### ***Categorical Index / Alphabetical Index***

This information provides a quick check list of products and equipment available for various work applications.

### ***Descriptions of Items***

A description for each item, containing needed ordering data, nomenclature, unique characteristics and uses. Photographs or illustrations may be included as needed to further aid the identification and selection of equipment and supplies. **Note:** The name or nomenclature used in this publication may or may not be the Approved Item Name recorded in the Federal Catalog System. In many instances, a name more oriented to field customers is provided.

# How to Buy from GSA

## A. General Information

The purpose of this supply guide is to give the Recreation Field Manager a comprehensive recreation products list for planning purchase orders. All routine orders for General Services Administration and Open Market products must be procured with the help of your purchasing agent. If questions arise as to how products can be purchased, please contact your Purchasing Agent or your Administrative Officer.

### 1. How to Read an Entry Item

#### *a. Common Name*

The common name of an item appears in large, boldface type. An effort has been made to use the most common terms for all products. In most cases, common names appear in alphabetical order. In other cases, it was deemed more important to keep the items grouped together by usage.

#### *b. GSA.*

The GSA name appears in small, italic type following the common name. Some items share a single common name but have more than one government name.

#### *c. Description*

The item description is a brief but comprehensive notation concerning the item's possible uses and characteristics, including color, size and capacity. It may include government and industry specifications, standards and drawings.

#### *d. Environmental Information Line*

A black circle (●) calls your attention to environmentally beneficial qualities of the item. The following data may appear here: percentage of recovered material, waste paper or post-consumer recovered material; notations of energy efficient, water conserving, low Volatile Organic Compounds or lead free; and any other pertinent environmental information. When more than one consecutive item has the same environmental message, the NSNs will be grouped.

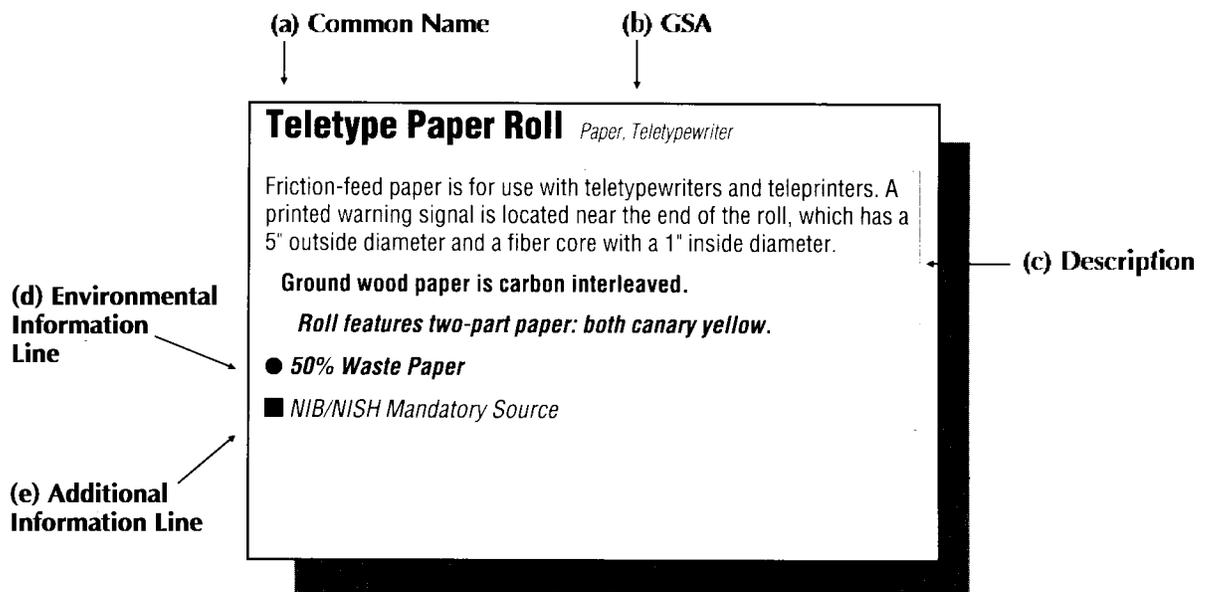

#### *e. Additional Information Line*

On a separate line above the ordering information for a specific NSN is special information about the item that is not included in the description. This Additional Information Line begins with a black square and may contain one or both of the following elements: NIB/NISH or UNICOR Mandatory Source Information and Quick Ship Program identification. The information on this line pertains only to the NSN immediately following it and appears in the catalog as follows:

■ *NIB/NISH Mandatory Source; Quick Shipment Available*

# How to Buy from GSA

## How to Read an Entry Item

## 2. How to Read the Ordering Information Block

### a. National Stock Number (NSN)

The NSN is a unique 13-digit number assigned to each item. When ordering, the requisitioner must identify the item by the correct NSN.

*Note: GSA products only; open market products will not have a National Stock Number.*

### b. Unit of Issue (U/I) and Packaging Information

The U/I is a two-letter designation that indicates the count, measurement, container or form of an item of supply. It is the minimum quantity of the item that may be ordered. Like the NSN, the U/I must be used on all requisitions for GSA stock items. Open market products will have some U/I's for informational purposes only.

A list of the U/I abbreviations and their meanings is located on the General Information Section of this Guide.

### c. Price

Prices shown for stock items are effective at the time of publication and are for informational purposes only and with time will vary. Customers will be billed at the price in effect when the order is placed.

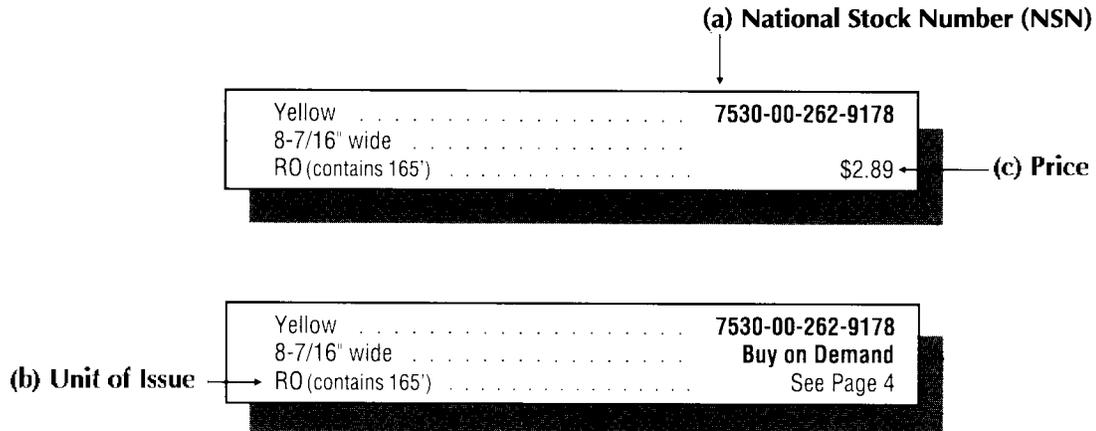

Prices shown for Direct Delivery items are estimates.

Prices are not shown for Buy on Demand items.

*Note: Please verify all prices at order time, prices will change over time and the buyer is responsible for current prices.*

# How to Buy from GSA

## Ordering Information Block

### **d. Mandatory Source**

Some items identified in the catalog must be purchased from NIB/NISH or UNICOR by law. They are Mandatory Source items if they meet the requirements of the ordering office. (See How to Read an Entry Item [e]).

### **e. Quick Ship Program**

The Quick Ship Program applies only to the Furniture section of the catalog. It provides for the delivery of case goods within 30 days of vendor receipt of order and for delivery of general office chairs within 45 days of vendor receipt of order. The Quick Ship Program is not automatic. Rather, the requisitioner must specify "Quick Ship" when ordering or the items will be shipped within 90 days. In some cases, a nominal charge will be assessed for special handling. Items included in the Quick Ship Program are noted on the Additional Information Line. (See How to Read an Entry Item Letter [e]).

## **3. Requisitioning from GSA-(Contact Your Purchasing Agent)**

There are various methods or media by which requisitions may be submitted to GSA. Regardless of media, however, the basic requirements, forms and coding structure are found in the Federal Standard Requisitioning and Issue Procedures (FEDSTRIP). These procedures allow agency requisitions to be read and processed by the automated supply systems not only of GSA, but also of the Defense Logistics Agency (DLA) and the Department of Veterans Affairs (VA). These are the three principal supply sources that support both civilian and military agencies. (FEDSTRIP is compatible with the DOD Military Standard Requisitioning and Issue Procedures [MILSTRIP]).

### **a. Routine Orders**

To place routine orders, contact your purchasing agent.

### **b. Requisition Priority Codes**

The originator of a requisition is required to enter a priority designating code on each requisition. This entry indicates the relative importance of the requisition. Standard delivery days (SDD) indicate the elapsed time from the date GSA receives requisitions for stock items, which are not backordered, to the date of delivery to destinations in the 50 states.

# How to Buy from GSA

CODE	CONDITION FOR USE	SDD
03	Will be used for disaster supplies or equipment required immediately for prolonging life in case of disaster, critical injury, fatal disease, or calamity.	7
06	The item required is one without which the activity concerned is unable to perform assigned operational mission or tasks, or such condition is imminent.	11
08	The item required is one for immediate use, the lack of which is impairing the operational mission or tasks, or such condition is imminent.	11
15	Routine stock replenishment.	29

## 4. Mandatory Source Items (MSI)

Throughout the catalog you'll find products classified as Mandatory Source Items. Such items are mandatory procurements if they meet the requirements of the ordering office. By law, they cannot be purchased from an alternative source. These items are marked on the Additional Information Line, which begins with a black square (■). Mandatory Source items are supplied by NIB/NISH or UNICOR.

### a. NIB/NISH (JWOD)

The National Industries for the Blind (NIB) and the National Industries for the Severely Handicapped (NISH) are nonprofit organizations that provide products to the federal government through procurement program established by the Javits-Wagner-O'Day Act (JWOD).

### How Does It Help?

JWOD generates employment and training for blind and other severely disabled persons by mandating that government personnel purchase items manufactured by NIB/NISH.

### What Products Are Provided by NIB/NISH?

A wide range of items are provided, from common office supplies, such as ball-point pens, clocks and paper clips, to paint products and cleaning supplies, such as dust mops and scouring pads.

### Are the Products High Quality?

All products made by NIB/NISH workers conform to the highest standards.

### How Are NIB/NISH Items Ordered?

Items identified in this catalog as NIB/NISH Mandatory Source are ordered in the same way as all other items in this catalog. Please contact your purchasing agent.

NIB/NISH items available from other sources are identified on the Procurement List, which is available from the Committee for Purchase from the Blind and Other Severely Handicapped (CPBOSH).

# How to Buy from GSA

## ***b. UNICOR***

UNICOR is the trade name for Federal Prison Industries Inc. (FPI), a wholly owned government corporation established in 1934 as part of the Federal Prison System. UNICOR provides a variety of products and services to the federal government at fair market prices.

### **How Does It Help?**

UNICOR is the Federal Bureau of Prisons' major correctional program. Its mission is the education, training and productive employment of inmates. The end result is the manufacture of high-quality products known and used by government agencies for more than 50 years.

### **Is Bidding Necessary?**

Title 18 of the United States Code allows for direct purchase from UNICOR without having to obtain bids. Federal Acquisition Regulation (FAR) 8.6 identifies FPI as a mandatory procurement source to all federal departments and agencies for products that meet the requirements of the ordering office. By law, sales are restricted to federal government departments and agencies.

### **What Services Are Available ?**

FPI's marketing consultants, with marketing centers in almost every GSA region, cover territories nationwide, calling on customers, conducting procurement seminars and resolving potential problems. They also arrange for technical assistance when needed.

### **How Are UNICOR Items Ordered?**

Contact your purchasing agent for more information.

A variety of items are stocked by the federal supply system and are available through the FEDSTRIP system. Contact your purchasing agent.

### **How is the Schedule of Products Ordered?**

The Schedule of Products, a general listing of FPI's products and services, is available from GSA's Centralized Mailing List Service in Ft. Worth, TX. Contact your purchasing agent.

## **5. Delivery**

### ***a. Delivery From GSA***

GSA selects the mode of transportation and ships to the location specified in an agency's order on a first-destination basis. The first-destination terms include payment of line haul transportation charges but do not include payment of detention, redelivery, storage, reconsignment, extra labor for unloading or any other charges caused by the first-destination consignee and not authorized by GSA.

### ***b. Inside Delivery of GSA Items***

Inside delivery to agencies of items ordered from GSA rather than delivery to a receiving dock or platform is an extra cost service available from carriers only if all of the following conditions exist:

- (1) A request for inside delivery appears on the Government Bill of Lading (GBL). (The GBL is normally prepared by GSA.)

# How to Buy from GSA

- (2) No item in the shipment exceeds 500 pounds
- (3) The greatest dimension of any item in the shipment does not exceed 8 feet
- (4) The items are structured so that they can be handled by one person.
- (5) The facility to which the items are to be delivered has an elevator capable of carrying the items if delivery is required to other than the level where the delivery vehicle must park.

When conditions exist that prohibit one person representing the carrier from performing inside delivery of items, and the agency receiving the shipment cannot furnish assistance, the agency receiving the shipment must, upon receipt of the advance consignee copy of the GBL containing the name of the carrier, contact the carrier and request extra labor to accomplish inside delivery. The receiving agency must also advise the carrier that the agency will pay for the extra labor. GSA will not pay for extra labor unless an agreement has been reached with the receiving agency prior to shipment. The statement "Inside Delivery" on a GBL does not obligate GSA to pay for extra labor. Purchase orders must specify "Inside Delivery" to receive this service.

***Note: To request inside delivery, contact your purchasing agent.***

## ***c. Direct Delivery From Contractor***

GSA may arrange shipments of stock items from suppliers directly to consignees when it is more economical to the government.

## ***d. Out of Stock Items***

When the stock of an item being requisitioned is depleted, GSA will back order the merchandise and, if requested in the requisition, will so notify designated status recipients. Customers notified of back order status may ask GSA to cancel their requisitions by submitting appropriately coded cancellation documents.

## ***e. Inspecting Shipments***

Upon delivery from the carrier, shipments should be carefully inspected to determine the number of packages and condition of the merchandise received. An accurate record must be made of any discrepancies or variations between the data shown on the Bill of Lading (or other transportation documents) and the quantity and condition of the merchandise actually received.

Following verification of a shipment, the merchandise should be checked for damage, shortage or overage, and to ensure that the correct items were received. If any of these problems exist, SF 361 for transportation discrepancies or SF 364 for shipping (item) discrepancies should be prepared by civilian agency activities and submitted in accordance with the instructions contained in the GSA guide Discrepancies or Deficiencies in GSA Shipments, Material or Billings.

# How to Buy from GSA

## 6. Resolving Problems with Orders

### *a. Returning Merchandise*

Contact your purchasing agent for help.

The return of merchandise (GSA stock items only) may be authorized by GSA for any of the following reasons:

- (1) Ordered in error by the agency.
- (2) Shipped in error by GSA.

### *b. MRA Program (FPMR 101-26-310)*

GSA may authorize agencies to return for credit material that has been ordered in error by the agency or shipped in error by GSA. Credit will be based on the selling price billed the agency at the time the shipment was made, with the adjustment reflected in current or future billings. Material must not be returned until documents authorizing such action are received from GSA. It is possible that a region other than the shipping region will issue the MRA. The DRC is the central location to receive and process MRA requests. The DRC's (6FRQ) complete address is in the upper left-hand corner of this page.

The return of material by an agency to correct ordering/shipping errors may be authorized and later accepted by GSA provided that the following conditions are met:

- (1) The value of the material exceeds \$25 per line item based on the selling price billed the customer.
- (2) Authorization to return the material is requested from the DRC within 60 days overseas-30 days domestic of receipt of the shipment. The request should contain a complete explanation for the return of the material.
- (3) Each item is in "like-new" condition and is identified by an NSN in the current edition of the GSA Supply Catalog.
- (4) Each item is identified with a specific requisition number.
- (5) The condition of the material is acceptable on inspection by GSA. When it is not acceptable, disposition, without credit, will be made by GSA.
- (6) The merchandise to be returned will not adversely affect the GSA nationwide inventory situation.
- (7) The return transportation costs are not excessive in relation to the cost of the material.

Transportation costs on authorized return of material shipped in error will be paid by GSA. Transportation costs on all other returned material will be paid by the agency. Claims against carriers for discrepancies in these return shipments will also be the responsibility of the agency in accordance with the provisions of FPMR 101-40.7.

# How to Buy from GSA

## ***c. Material Returns Program (MRP) (FPMR 101-27.5)***

GSA stock items for which no current or future agency requirements are anticipated are eligible to be offered to GSA for return provided that the following conditions are met:

(1) Minimum dollar value per line item based on current GSA price is \$450 for all Federal Supply Groups or Classes (FSGs or FSCs), except \$130 for 51 and 52. Items classified under the following FSG or FSCs are not authorized for return and shall be considered for excess and processed in accordance with FPMR 101-43: FSCs 2610, 5180, 6630, 6640, 7540, 8010, 8030, 8040, and 8115 and FSG 89.

(2) Shelf life items are coded for more than 12 months and will have a minimum remaining shelf life of 12 months when received by GSA.

(3) Items are not coded terminal or discontinued.

(4) Items are in acceptable condition.

(a) Condition A-New

(b) Condition E-Material that involved only limited expense to restore to serviceable condition, such as repacking or repackaging.

Materials received in other condition code categories are handled as unauthorized receipts and will be disposed of in most instances.

(5) Offers of excess should be prepared in accordance with chapter 4 of the FEDSTRIP Operating Guide or chapter 9 of MILSTRIP (DOD 4140.17-M).

(6) Offers for return must contain Routing Identifier Code GGO and/or GSA Document Identifier Code FTE. Offers may be directed to GSA through the Defense Automatic Addressing System (DAAS), Dayton, OH, using the Communications Routing Identifier Code published in Allied Communications Pamphlet (ACP) 117. Offers may be mailed to the GSA regional office supporting the activity making the offer.

GSA will reply to the offer, and credit will be granted only for material authorized for return.

## ***d. Filing Complaints***

Contact your purchasing agent.

## ***e. Formal Complaints about Product Quality***

Quality deficiencies are defects or non conforming conditions that limit or prohibit the item received from fulfilling its intended purpose. Quality deficiencies include deficiencies in design, specification, material, manufacturing and workmanship.

# How to Buy from GSA

Timely reporting of all quality deficiencies is essential to maintaining an acceptable quality level for common-use items. GSA relies on agency reporting of quality deficiencies in order to remove the defective items from the supply system, as well as to document contractor performance for use in future procurements.

## ***f. Types of Complaints***

(1) Category I Complaints-A product deficiency that may cause death, injury or severe occupational illness or directly restrict the mission capabilities of the using organization.

(2) Category II Complaints-Quality complaints that do not meet Category I criteria. Standard Form (SF) 368, Quality Deficiency Report, or a message in the format of SF 368 is used to report quality deficiencies.

## ***g. Complaints Not Covered Above***

For items ordered from a GSA Federal Supply Schedule contract when the inspection is performed by an activity other than GSA or when the items are purchased by GSA for the user but not inspected by GSA, activities should initially attempt to resolve all complaints on these items directly with the contractor. If the contractor refuses to correct or fails to replace a defective item, an SF 368, along with copies of all correspondence, should be forwarded to the GSA office executing the contract (address will be contained in the pertinent contract/purchase order). An information copy of the SF368 should also be submitted to DRC (6FRQ).

Information submitted to the DRC regarding defective items will be maintained as a quality history file for use in future procurements.

## **7. Environmentally Sensitive Products**

On a separate line above the Additional Information Line is environmentally beneficial information about the item that is not included in the description. This Environmental Information Line begins with a Black Dot and may contain any of the following elements: percentage of recovered material, waste paper or post-consumer recovered material; notations of energy efficient, water conservation, low VOC or lead free; and any other pertinent environmental information. When more than one consecutive item has the same environmental message, the NSNs will be grouped. A group is indicated with green lines above the first and below the last NSNs, within a column. The Environmental Information Line appears in the catalog as follows:

- Contains 10% Post-Consumer Recovered Material

### ***a. Percentage of Recycled Materials***

Paper and paper products that contain a percentage of recycled materials are noted on the Environmental Information Line. These items may contain recovered materials, waste paper or post-consumer recovered materials.

# How to Buy from GSA

## ***b. Low VOC***

Volatile organic compounds (VOCs) are a source of pollution that require emission control. Paints and coatings that have been reformulated to comply with low-VOC requirements are beneficial to the environment. The GSA catalog contains many reformulated paints, preservatives and cleaning agents that are lower in volatile organic compounds (VOCs). Among these products are low-VOC aerosols, marine coatings and architectural coatings. Many of the paints and preservatives we offer meet the most stringent air quality standards in the nation, including those for the state of California. Additional information about the low-VOC program is available from:

Paints and Chemicals Commodity Center  
COM: (206) 931-7120

## ***c. Lead Free***

Paints and coatings that are required to have less than 0.06% lead by weight in dry film form are identified as “Lead Free.”

## ***d. Energy Efficient***

Products that use less energy or are more energy saving than similar products are identified as energy efficient.

## ***e. Water Conserving***

Water conserving products are those that are designed to restrict water flow, thereby saving water.

## ***f. Environmental Items***

### (1) Environmentally Beneficial Items

Items deemed environmentally beneficial (i.e., those containing recycled materials, energy efficient or water conserving items or items containing reduced levels of environmentally detrimental materials) are highlighted in green on the Environmental Information Line. In particular, specific information about post-consumer recovered material in paper and paper products has been added.

### (2) Cross-references to Environmentally Sound Alternatives

Another improvement is the identification of items in other GSA buying programs such as Federal Supply Schedules that are potential alternatives to the catalog items or are environmentally less detrimental or more economical in some applications. An example is batteries under Federal Supply Schedule 61 III, which includes rechargeable batteries in common dry cell sizes that may be more economical than the dry cells in some applications.

### (3) Caution Statements

Caution statements are included in descriptions of items known to be particularly detrimental to the environment. Also included are notices of the availability of more appropriate alternatives for these items.

# How to Buy from GSA

## ***g. Recycled Paper and Paper Products***

There are more than 700 kinds of paper and paper products in the GSA catalog that were made using recovered materials. The three kinds of recycled materials, extracted from EPA Procurement Guidelines, 40CFR, Section 250.4, are defined as follows:

### (1) Post-Consumer Recovered Material (PCRM)

Paper, paperboard and fibrous wastes from retail stores, office buildings, homes, etc., after they have passed through their end usage as a consumer item. Includes used corrugated boxes, old newspapers, old magazines, mixed waste paper, tabulating cards and used cordage. Also includes all paper, paperboard and fibrous waste that enter and are collected from municipal solid waste.

### (2) Waste Paper (WP)

Any of the following materials:

(a) all post-consumer materials and manufacturing, forest residues and other wastes, such as dry paper and paperboard waste generated after completion of the paper making process (that is, those manufacturing operations up to and including the cutting and trimming of the paper machine reel into smaller rolls or rough sheets), including envelope cuttings, bindery trimmings and other paper and paperboard waste resulting from printing, cutting, forming and other converting operations; (b) bag, box and carton manufacturing wastes; (c) butt rolls, mill carton manufacturing wastes, mill wrappers and rejected unused stock; and (d) finished paper and paperboard from obsolete inventories of paper and paperboard manufacturers, merchants, wholesalers, dealers, printers, converters or others.

### (3) Recovered Material (RM)

Waste material and by-products that have been recovered or diverted from solid waste. Recovered material does not include those materials and by-products generated from (and commonly reused within) an original manufacturing process. In the case of paper and paper products, it includes post-consumer materials, waste paper and fibrous by-products; it includes post-consumer materials, waste paper and fibrous by-products of harvesting, manufacturing, extractive or wood cutting processes, flax, straw, linters, bagasse, slash and other forest residues; material (e.g., waste rope from cordage manufacture, textile mill waste and cuttings); and fibers recovered from waste water that otherwise would enter the waste stream.

Of these three kinds of recycled materials, post-consumer recovered material is the most beneficial to the environment. If products that are used as post-consumer recovered materials were not recovered and reused, they would be dumped in a landfill or other disposal site. This further aggravates an already serious environmental problem. Product quality is not reduced or adversely affected in any way by the use of recovered materials. The performance requirements we specify for the items are not changed, even though a requirement for recycled material content is stipulated. All federal agencies are reminded that Resource Conservation and Recovery Act (RCRA) Section 6002 may apply to their purchases of paper and paper products.

# How to Buy from GSA

## ***h. Energy-Saving Bulbs***

Through a combined effort, GSA and the Department of Defense (DOD) have produced a separate catalog titled “Energy Saver Bulbs.” This catalog contains all the energy-saving light bulbs likely to be needed by federal agencies. The Defense General Supply Center (DGSC) in Richmond, VA is responsible for supplying light bulbs to all federal agencies. To obtain this catalog and/or additional information call:

Toll Free: (800) DLA-BULB

## ***i. Appliances***

GSA uses Life Cycle Cost (LCC) procedures in the procurement of household appliances shown in the catalog. By using LCC, GSA obtains the best performance for the lowest total cost of ownership for the expected life of the product. Energy efficiency is the major cost element in LCC analysis. Since the award is to the low LCC, bidders make every effort to keep this factor as low as possible. The result is that the awarded items, shown in the catalog, have high energy efficiency. Additional information about the appliances LCC program is available from:

Tools Commodity Center  
COM: (703) 603-1305

## ***j. Retread Tires***

GSA offers retread tires under Federal Supply Schedule 26 II. Agency orders are filled through the tire retreaders or local dealers or may be shipped directly to the agency. There are 232 different retread tires on this schedule, and all have passed the same tread wear and durability tests required for new tires. All federal agencies are reminded that Resource Conservation and Recovery Act (RCRA) Section 6002 may apply to their purchases of retread tires. Additional information about this program and RCRA requirements is available from:

Automotive Commodity Center  
COM: (703) 603-1207

## ***k. Building Thermal Insulation***

In the building products line, GSA also offers thermal insulation containing 9 to 50% recovered materials. Products include cellulose insulation, which is ground-up scrap newspaper treated with a chemical fire retardant, mineral fiber insulation, commonly called rock wool and fiberglass, with scrap glass being a major component. These products are available in loose fill, sheets and rolls under the Special Order Program. These items are also covered under RCRA. Additional information about these items is available from:

General Products Commodity Center  
COM: (817) 334-8608

# How to Buy from GSA

## ***I. Alternative Fuel Vehicles***

In an extraordinary environmental partnership between the Department of Energy and GSA, alternative fuel vehicles are being introduced to governmental users in an effort to encourage and create the market for the automobiles of the future. By design, these vehicles are being delivered with manufacturer's original equipment (MOE), providing greater fuel efficiency, causing less air pollution and lessening our dependence on foreign oil.

## **8. Special Item Information**

### ***a. Material Safety Data Sheets (MSDSs)***

Certain items acquired for storage, distribution and use by our customers require special transportation, handling and disposal due to hazardous materials being used in their manufacture. Special instructions for handling these items are contained on MSDSs.

When an NSN supported through the stock program is considered a hazardous material, the Federal Supply Service provides an MSDS in or on the individual shipping container. FSS also requires contractors to include on MSDS with all shipments of products that contain hazardous materials delivered directly from the contractor's plant. It is the contractor's responsibility to determine whether the product may be defined as hazardous material.

Please check with the contractor or the procuring agency if you have questions about MSDS requirements for a product.

Replacement MSDS

For a replacement MSDS, contact::

Office of National Distribution Management  
Engineering and Production Control Div. (FSE-4)  
401 W Peachtree St. NE, Ste. 1915  
Atlanta, GA 30308  
FTS: 841-5855  
COM: (404) 331-5855

### **Necessary Information**

The following information, found on the label of the container, must be provided in order to supply you with the proper MSDS: (a) NSN, (b) manufacturer, (c) purchase order number and (d) contract number.

### ***b. Brand Name***

Inclusion of a brand name (or a manufacturer's name and part number) in the item description indicates only that an item is of that brand or of equal quality. It does not imply that a specific brand may indeed be ordered, and it does not constitute an endorsement of any kind by GSA.

### ***c. Illustrations***

Illustrations of products may vary somewhat from their actual appearance; representations are typical rather than exact.

# How to Buy from GSA

## 9. GSA Paints

### Paint Help line

For questions about paint call:

FTS: 396-7109

COM: (206) 931-7109

#### ***a. Cautionary Data for Hazardous Materials***

Items described in this section contain chemicals that may be hazardous. The user of this catalog should understand the dangers inherent in paint. Paint and/or its vapor concentration may burn or ignite when exposed to spark, flame, fire or any other ignition source. Flash point measures the ease of catching on fire or the ability to burn. Many of the paints may contain flammable substances and are indicated as such just above the NSN. The data are accurate to the best of our knowledge at the time of publication. We are not liable for misprints or changes in the specification or any inaccurate information on the Material Safety Data Sheet (MSDS) provided by the manufacturer with each shipment. The need for an MSDS is determined by the contractor, based on the ingredients contained in the final product.

In its supply programs, GSA makes every effort to ensure that materials that may affect the safety or health of users are identified and labeled with full instructions on safe and proper use. Many catalog items within this category can be dangerous if handled, used, stored or shipped improperly. Be cautious. Read and follow all label instructions. Safety officers and supply management personnel should instruct agency operating personnel to pay strict attention to shopping and container labels to ensure safe and proper handling, storage and use of materials classified as hazardous.

#### ***b. Lead in Paint***

Paint is required to have less than 0.06% lead by weight in the dry film and is identified as “Lead Free.” Paint required to have more than 0.06% lead is identified as “Containing Lead.” All other paints in the GSA catalog are neither required to have lead nor restricted from having lead; therefore, there is no indication of lead content for those products.

Unless exempted, paint must comply with the consumer protection ban on lead in paint (16 CFR, Part 1303), which states that lead-containing paint cannot be produced or distributed for use, consumption or enjoyment of consumers and cannot be used in buildings or areas where consumers have direct access. Consumers are defined as general public householders,

Exemptions to this ban include industrial paints and coatings for boats, vehicles, industrial building and equipment maintenance. Paints containing more than 0.06% lead by weight of the dried film must have a specified warning on the label (16CFR, Part 1303). GSA contracts also require that this warning be placed on the label in accordance with CFR, part 1303. NSNs of specifications that have been reformulated as lead free are highlighted in the Paints/Coatings category, of the GSA catalog.

#### ***c. Volatile Organic Compounds (VOCs)***

Due to the requirements of the Clean Air Act, most states are required to attain National Ambient Air Quality Standards within a specified time period. One source of pollution

# How to Buy from GSA

requiring emissions control is VOCs, which are emitted upon the application of various paints, varnishes, shellacs and adhesives.

To assist agencies in the procurement of VOC-compliant material, VOC content is listed as a part of the product description under the following categories:

(1) Maximum VOC

Specific VOC limits are required by the specification.

(2) Typical VOC

VOC is not restricted by the specification. The value indicated is based on typical manufacturer's formulation.

(3) VOC Exempt

Materials are exempt by regulation.

(4) VOC Not Applicable

Materials have no VOC.

Most VOCs are regulated in grams per liter (g/l) as applied, excluding water, exempt solvents and colorant added to tint bases. Aerosols are regulated as percent VOC by weight of product. NSNs that have been reformulated to comply with VOC requirements are highlighted in the Paints/Coatings category of the GSA catalog. It is GSA's intent to provide the VOC content for informational purposes only. To determine if usage of the material is permitted in your area, please contact your local air quality management district.

***d. Mercury Removed From Latex Paints***

In August 1990, the Environmental Protection Agency issued a directive to eliminate the use of mercury in interior latex paint. GSA has extended this requirement to exterior latex paint as well and has specified that no mercury-containing materials shall be used in the formulation of latex paint.

# **GSA/Open Market Supplies**

## **Item Name:**

Items are organized alphabetically by names in inverted word sequence under the basic noun names. This corresponds to official designations and ensures uniformity throughout the supply system. For example, Loose-leaf Binder is listed as Binder, Loose-leaf. Item names also include the GSA name in parentheses and capitalized. Additional informational descriptions may be found in parentheses not capitalized. Capitalized abbreviations are for information also. Each page has guide words at the top, in the left and right corners, to assist in finding sections.

## **Item Description:**

Item descriptions are listed in the main catalog following the name of the item.

## **Appendixes:**

Addresses and telephone numbers for Open Market Sources are listed in Appendix A.

Appendix B contains the Source 1 GSA Supplier Reference.

# Safety Equipment

## APRONS

### (Laboratory Apron)

Laboratory, bib-style with neck and waist tie tapes secured to grommets. Cotton cloth and coated on both sides with synthetic rubber. For use in janitorial cleaning to protect from cleaning chemicals.

45" x 35"

■ *NIB/NISH Mandatory Source.*

**8415-00-634-5023 ..... EA \$11.08**

## APRONS, DISPOSABLE

### (Laboratory Apron)

Disposable plastic aprons. For light cleaning, etc. Bib-style with waist ties and neck band. 28" x 46", opaque white. Dispenser box of 100 aprons.

**8415-00-222-8074 ..... HD \$10.59**

## CHAPS, PROTECTIVE

### (Chainsaw Operator's Chaps)

Chainsaw chaps provide protection against chainsaw cuts. Nylon/Aramid layered. Covers front and sides of legs, should be ordered in lengths to go from belt to at least 3" below boot tops. Quick release, adjustable belt and leg straps, sewn on tool pouch. Olive green. For. Serv. Spec. 6170-4

8415-00-286-7507 (L-32"lg) ..... PR \$53.25

**8415-01-294-5575 (XL-36"lg) ..... PR \$57.85**

**8415-01-294-7717 (2XL-40" lg) ..... PR \$63.10**

## COVERALLS

Coveralls: 100% cotton, 2-front swing pockets, 2 breast pockets, 2 rear patch pockets, plain back. For use in painting and other janitorial work. Colors: navy, postman blue, spruce green, fisher stripe. Sizes: 34-54", short, reg., tall.

Federal Supply Schedule, FSC Group 84, Part II, Section B, 4/30/98.

*Mandatory user (minimum order: \$300.00)*

Contractor: Uniform Mfg.

Contract # GS-07F-4011A

**Lot# 10-0..... EA\$25.00**

Open Market Sources: Lion Apparel Inc., Sears & Roebuck Co., JC Penney, Gempler's.

## DUST MASK

Disposable, synthetic-textile, non-toxic mouth/nose dust protection. Mask has single elastic headband, with metal nose clip for fitting to different face sizes, can be worn with glasses. For general use in situations requiring protection from non-toxic particles and nuisance levels of dust, mists and pollen. Color: white Box of 50

Open Market Suppliers: Ben Meadows Co.; Forestry Suppliers Inc.; Lab Safety Supply.

**Suggest. Ret. Price ..... BX \$12.00**

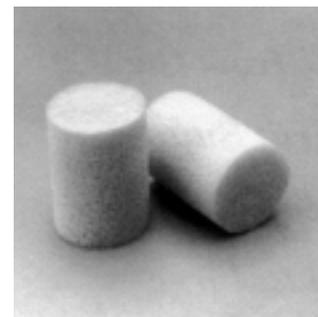

## EAR MUFFS

Lightweight muff type, over-the-ear hearing protection with foam padded ear pad and adjustable head band. Noise reduction rating: 22-25db.

Open Market Suppliers: Ben Meadows Company; Forestry Suppliers, Inc.; Lab Safety Supply; North Safety Equipment

**Suggest. Ret. Price ..... EA \$21.00**

## EAR PLUGS

Non-toxic expandable foam. Washable and reusable. Designed for hearing protection for chain saw operators. Conforms to any size ears. ( 10 pair to PG)

**6515-00-137-6345 (box-400 ea.) ..... BX \$17.84**

# Safety Equipment

## FACE SHIELD, SAFETY

Full face protection, clear plastic. 9"x 18" headgear type with crown protector. For wear when cutting, grinding, chipping, handling hazardous liquids, operating power equipment.

**4240-00-542-2048 ..... EA \$9.42**

## FIRST AID KIT (*belt*)

General Purpose handy belt-type kit offers on-the-spot first aid for up to 25 persons. Contains aspirin tablets, poison ivy treatment, antiseptic kit, eye dressing kit, bandages and tapes, 7-1/4" scissors and a first aid guide book. Forest Service Spec.

6170-6 Type IV

**6545-01-010-7754 ..... EA. \$ 116.05**

## FIRST AID KIT (*large crew*)

General purpose large kit is designed to handle the first aid needs of up to 25 persons. Comes in a metal case, with provisions to hang in building or vehicle. Forest Service Spec. 6170-6 Type III.

10x10x2 3/4" case.

**6545-00-656-1094 ..... EA \$ 65.69**

## FIRST AID KIT (*one person*)

Pocket kit for use by one person contains 1/2 oz. of iodine, three iodine swabs, four 2 x 2" pads, two 2 x 3" pads, six 1 x 3" Band-Aids, one elastic bandage, four butterfly closures, two 4 x 4" mole skins, four acetaminophen tablets, four aspirin tablets and one roll of 1" tape. Instructions included. Federal Spec. 6170-6 type 1. Case is 3 3/4 x 3 5/8 x 1 1/4".

**6545-00-656-1092 ..... EA \$8.75**

## FIRST AID KIT (*small crew*)

Small crew kit for 8-10 persons, comes in weather-resistant plastic case. Case has hanger holes to hang up in building vehicle.

Meets Forest Service Spec. 6170-6 type 2.

Case 8 1/2 X 5 1/2 X 2 3/4"

**6545-00-656-1093 ..... EA \$61.45**

# Safety Equipment

## FLOTATION DEVICES, PERSONAL (PFD)

*Mandatory user (minimum order: \$300.00)*

Contractor: Lifesaving Systems Corp.

Contract # GS-07F-8278B

**Contract Price ..... EA \$ 38.00**

PFD shall be Coast Guard Approved Under 46 CFR 160.064. Brand Name: Stearns Federal Supply Schedule, FSC Group 84, Part II, Section B, 4/94 - 4/98.

## GLASSES, SAFETY (*Safety Glasses*)

Polycarbonate, wrap around safety glasses, anti-scratch, anti-fog, coated.

**4240-01-292-2816 ( Clear) ..... PR \$3.70**

**4240-01-292-2817 ( Gray) ..... PR \$4.00**

**4240-01-292-5055 ( Amber) ..... PR \$4.00**

## GLOVES, DISPOSABLE

Lightweight, vinyl disposable hand protection. For maintenance inspection, light cleaning and mixing herbicide, paints, pesticides. 5-mil thickness.

Federal Supply Schedule, FSC Group 84, Part II, Section B, 6/5/90 - 4/30/98.

*Mandatory user (minimum order: \$300.00)*

Contractor: Uniform Mfg., Inc.

Contract # GS-07F-4011A

**Note: This type of glove is not covered under the contract. Lot #D8851, pre-powdered, case of 1000.**

**Suggest. Ret. Price ..... CS \$140.00**

## GLOVES, LEATHER FOREST WORKER (*Fire Fighter's Work Gloves*)

Flame-resistant, full grain leather, for general forest work and fire fighting.

For. Serv. Spec. 6170-5.

Also see the Customer Supply Center Catalog (CSS)

**8415-01-394-0209 ..... PR \$11.79**

**8415-01-394-0215 ..... PR \$11.79**

**8415-01-397-3937 ..... PR \$11.79**

## GLOVES, RUBBER

Short gauntlet, textured grip, acid and alkali resistant. For light-duty, multi-purpose application, such as washing vehicles, dishes, etc.

(CSC-Customer Supply Center)

MQO (Maximum Quantity Order)-36 each size.

**8415-00-634-4667 (small-8) ..... DZ \$6.01**

**8415-00-634-4639 (medium-9) ..... DZ \$5.80**

**8415-00-634-4669 (large-10) ..... DZ \$7.80**

## *Heavyweight neoprene*

Cloth lined glove with 16" gauntlet (extension beyond wrist). For use as required for personal protection equipment in general cleaning of restrooms, litter collection and handling of most cleaning chemicals. Sizes: one size

Contractor: Uniform Mfg., Inc.

Contract # GS-07F-4011A

Model 1961

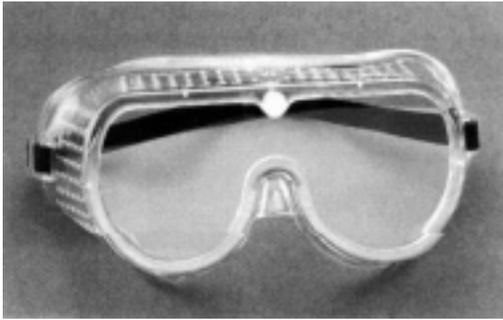

O.M. (Item #170158-B5522 ..... PR \$14.99

Open Market Supplier: Northern;1 (800)556-7885

**Contract Price ..... DZ \$78.00**

# Safety Equipment

## GOGGLES, SAFETY (*Safety Goggles*)

Heavy duty, clear polycarbonate, anti-scratch - anti-fog, coated lens. Fits over glasses, w/elastic headband.

**4240-01-292-2818 ..... PR \$4.84**

## HARDHAT (*Fire Fighter Helmet*)

Cap style hard-hat, polycarbonate, brimless with visor, w/chin strap and head lamp clips. Same helmet used by forest fire fighters. Meets ANSI Z89.1 requirements. No metal. Yellow.

**8415-01-055-2265 ..... EA \$13.98**

## INSECT BITE SWAB

Non toxic swab provides quick relief from pain, irritation and itching caused by insect bites or stings.

**6510-01-045-3506..PG (contains 10 EA) .. \$0.79**

## INSECTICIDES

Open Market Suppliers: AGREVO USA, Gempler's, Ben Meadows, Right-Off.

## IODINE

For minor burns and general antiseptic use, iodine does not sting or burn and is non toxic. Kit includes 1 bottle and 12 gauze pads. 1/2 oz.

**6505-00-656-1114 ..... KT \$4.23**

## KNEE PADS

Rubber, corrugated, with inner cushion or pad. Two adjustable web straps with closures to hold knee pads in place. For use in work conditions requiring extensive kneeling, such as floor cleaning or plumbing repairs.

## Janitorial-Cleaning Equipment

### ASH CAN (*Garbage Can*)

For ash and garbage, rust-resistant can of galvanized steel has top and bottom rims of rolled-steel reinforced bands. Corrugated sides are not easily dented. Comes without cover. Diameter of steel handles is 3/8". A-A-1069.

Outside diameter at top rim is 14-13/16".

10-gal capacity

7240-00-160-0438 ..... EA \$18.85

7240-00-160-0439 (16 gal) ..... EA \$21.53

7240-00-160-0441 (24 gal) ..... EA \$25.72

7240-00-160-0440 (32 gal) ..... EA \$28.55

### ASH CAN COVER (*Garbage Can Cover*)

Lid for ash can NSN 7240-00-160-0438. Ash can cover of galvanized steel has a sturdy steel handle. A-A-1069. Inside diameter is 15-1/16".

10-gal capacity

7240-00-161-1150 ..... EA \$5.56

7240-00-161-1149 (16 gal) ..... EA \$6.18

7240-00-161-1147 (24 gal) ..... EA \$6.06

7240-00-161-1143 (32 gal) ..... EA \$5.73

### ASH CAN LINER (*Trash Bag*)

Plastic trash bag liner. For easy removal and disposal of ashes. Heavy-duty, premium-quality bag features good puncture resistance and handles dry or dry wet load. Without ties. Has 12-gal size with 50-lb. load capacity, suitable for use with ash can NSN 7240-00-161-1150. Clear, 24" x 24" dimension. Box of 100.

8105-00-299-8532 ..... BX \$11.18

8105-01-183-9768 (125 EA) ..... BX \$14.28

(33 gal size has 50-lb load capacity)

### BROOM

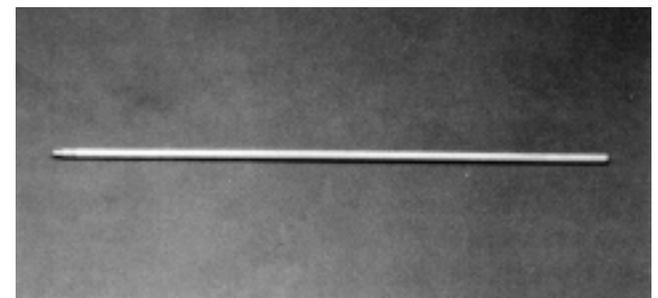

**Upright broom.** For outdoor or indoor use. Coarse, bass fiber, not adversely affected by water and is ideal for use on concrete floors or other rough surfaces. A metal cap covers 10" long broom head, which attaches to a 40" long wooden handle. Body is 11" to 12" wide.

7920-00-292-2368 ..... EA \$8.49

**Push broom.** For outdoor or indoor use on medium to rough floors such as concrete walkways. Polypropylene bristles are 3" long mounted on 18" wide hardwood block. Resistant to hot and cold oils, grease, acids and alkalis. Mandatory Source. (handle not included)

7920-00-965-4886 ..... EA \$6.18

### Push broom handle (*Broom Handle*)

For push broom NSN 7920-00-965-4886. Acme tread, 60" long, 15/16" diameter. Mandatory Source.

7920-00-263-0328 ..... EA \$2.72

### BUCKET (*Pail*)

Plastic pail, with bail handle and pouring spout. 3-gal capacity. For general-purpose applications such as window washing, diluting cleaning solutions, etc. Made of molded, polyethylene plastic. Tapered sides allow easy stacking. Rim curls outward to improve rigidity.

7240-00-246-1097 ..... EA \$2.83

# Janitorial Supplies

## CHEMICAL SPRAYER

General-purpose, pressure sprayer. For applying concentrated deodorants, disinfectants, or pesticides. Has 2-gal capacity, 3-ft long hose. Similar to Hudson-type.

Open Market Sources: Hudson; Chapin; Solo; Gempler's; Northern; A.M. Leonard.

**Suggest. Ret. Price** ..... EA \$45.00

## CORNER BRUSH (*Scrub Brush*)

Triangular floor brush for scrubbing baseboards, corners, etc., comes with 54" long handle. Synthetic bristles form a 90 degree angle, 2-3/4" x 5-1/2".

**7920-00-068-7903** ..... EA \$16.35

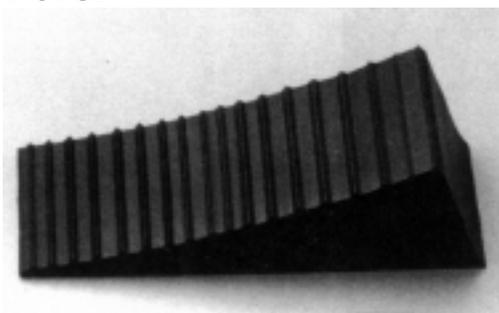

## COUNTER BRUSH (*Work Surface Brush*)

Brush is designed for removing coarse dirt and chips from work areas. It has 2"-long tampico fiber bristles and an 8"-long brush body. Round, tapered handle is made of lacquered wood or plastic, 13 to 15" long overall.

**7920-00-165-7277** ..... EA \$1.95

## DOOR STOP

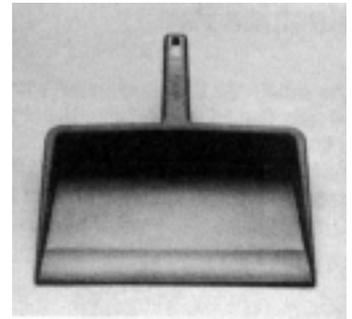

Molded rubber door stop. For keeping restroom doors open while cleaning. Wedge shape, smooth finish and fits under any door. Tapers from 1-1/2" to 1/8" thickness. Approx. 1-3/4" wide, 5" long. Color shipped may be brown or black.

**5340-00-907-8277** ..... EA \$0.78

## DUST PAN

Household style open dustpan. Made of rubber to minimize scratching painted surfaces. Non-corroding material allows collection of wet debris. For indoor and outdoor use.

Front edge measures 11-1/2" wide, and it is 7" deep. Handle is 3-1/2" long and includes a hole for hanging to wall hook.

**7290-00-616-0109** ..... EA \$1.93

**7290-00-224-8308 (Steel/Black)** ..... EA \$1.40

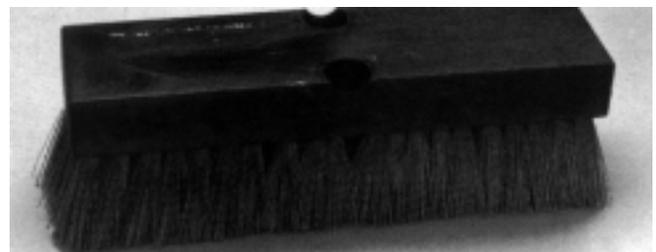

## FLOOR SIGN

Portable, folding floor signs. For use when cleaning restrooms or temporary hazard warning signs in recreation facilities. Heavy-duty polypropylene plastic. Highly visible, hot stamped black lettering on yellow background. Choose from: Out of Service; Caution Wet Floor; No Entry; Restroom Closed; Caution Work Area. Lifetime hinge can't wear out. Mfg. by Rubbermaid.

Open Market Sources: Consolidated Plastics Co., Inc., Seton.

**Suggest. Ret. Price** ..... EA \$45.00

## FLOOR/WALL BRUSH (*Scrub Brush*)

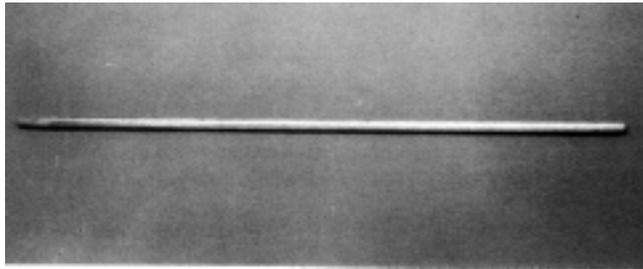

Long-handled brush. For scrubbing floors and showers walls, also aids in graffiti removal on wall surfaces. Similar to a push broom but has rigid scrub brush type bristles.

**7920-00-240-7171** ..... EA \$2.94

# Janitorial Supplies

## Scrub Brush Handle

Handle for floor/wall brush NSN 7920-00-240-7171. Same as Squeegee handle. Wooden, 54" long x 1-1/8" diameter, with tapered end.  
**7920-00-141-5452 ..... EA \$2.08**

## GARDEN HOSE (Fire Hose)

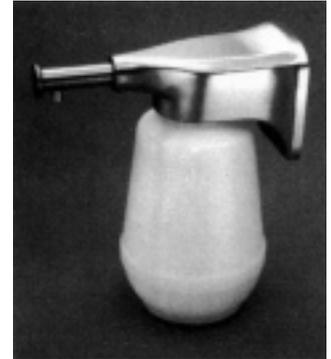

All synthetic, woven jacket lined hose, 5/8" inside diameter and 3/4" NH threaded couplings. Rolls into a compact size. Same hose used for fire mop-up, pumper protection and other miscellaneous applications. Available in 50-ft length.  
**4210-01-167-1061 ..... LG \$15.88**

## GARDEN HOSE SPRAY NOZZLE (Fire Hose Nozzle)

Adjustable spray nozzle. For use on standard 3/4-in male hose end. Adjustable, from straight stream to mist spray by twisting the outer barrel. All brass, 3/4-in NH threads.  
**4730-00-595-1103 ..... EA \$13.98**

## HAND SOAP DISPENSER (Soap Dispenser)

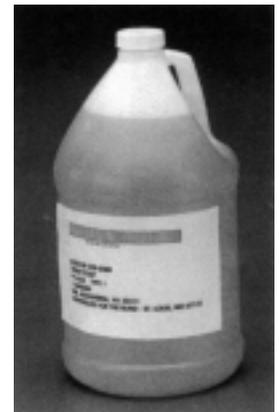

Hand operated liquid soap dispenser delivers measured amounts of soap. Screws and bracket are included for mounting dispenser on the wall. 10 oz. capacity.

**4510-00-203-2707 ..... EA \$6.74**

## HAND SOAP REFILL (Liquid Soap)

Refill Liquid Soap for dispenser 4510-00-203-2707 is to be used undiluted. Mildly Scented, 15% solution. P-S-624- Type 1. 1-Gallon Size.

**8520-00-228-0598 ..... GL \$ 5.68**

## LADDER (Stepladder)

Heavy-duty stepladder. Lightweight durable with non-slip steps and a bucket shelf.

**250 lb duty.....EA \$78.83**

**5440-00-514-4485**

## HAND CLEANER

Odorless or mildly scented cream cleanser, removes grease and industrial soils from hands without the use of water. CID A-A-279. Grade A. Available by the pound or 7-lb container.

8520-00-082-2146 ..... LB \$0.75  
 8520-00-782-3509 ..... CN \$5.71

## ICE MELT

Calcium chloride pellets. For assisting in ice removal on walkways and entrances. Effective at temperatures below 20 degrees down to approx. -57 degrees F. Easy on concrete and does not leave powdery residue.

*(Note: not recommended on concrete that has not cured at least 12 months.)*

Available in 50-lb containers.

Open Market Source: Garon Products, Inc.; Revere  
**Suggest. Ret. Price ..... LB \$56.50**

## LIGHTING PRODUCTS/SOLAR/BULBS/SENSORS

### Solar

Open Market Sources: Solarpal Safety Streetlight, Southwest Photovoltaic System & Supply Inc, Kenall, Solar Outdoor Lighting Inc, NH Northern

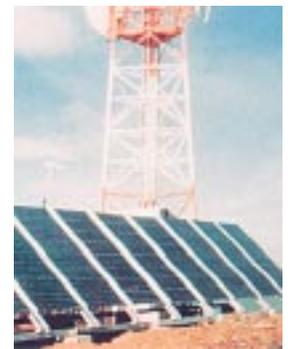

### Bulbs

Incandescent and fluorescent type replacement bulbs. Compact fluorescent, high-pressure sodium.

Open Market Source: Local retailer, Atlanta Light Bulbs, Lamp Tech, Bulbtronics, MSC Ind, Supply Co. MSC Ind. Supply Co.

### Sensors

Open Market Sources: Leviton Mfg. Co. Inc., SES, Siemens Solar Industries

### LOAD BINDER

Lever-operated, all steel, eccentric mechanism used for tie-down tensioning. For securing trail bikes, ATVs, building equipment and materials to truck beds. Has positive locking mechanism. Light duty, 12,000-lb load rating. Use with 1/4" to 3/8" chains.  
**3990-00-171-9774 ..... EA \$22.66**

**Heavy duty**, 15,000-lb load rating. Use with 3/8" to 1/2" chains.  
**3990-00-171-9775 ..... EA \$45.32**

# Janitorial Supplies

## NYLON CORD (Cord)

Braided, polyamide nylon cord. For general-purpose application such as securing tarpaulins. Light and heat resistant with 550-lb. breaking strength and 30% minimum elongation. White. Spool contains 2100-ft.

**4020-00-240-2146 ..... SL \$69.94**

## ODOR NEUTRALIZERS

### Eco-Sorb

Organic odor neutralizer. Non toxic biodegradable. Made with natural plant oils, industrial strength, can be used to eliminate various odors in the work place, and in facility maintenance.

Open Market Source: Eco-Sorb

## OIL ABSORBENT (Absorbent Material)

Designed to absorb oil or mixtures of oil and water. For use on floors, decks, concrete, wood and steel surfaces to assist in the removal of liquids and provide safe footing. Bag contains 50-lb of absorbent.

**7930-00-269-1272 ..... BG \$5.79**

## PESTICIDE, PEST STRIP

Wall mountable pesticide. Controls flies, mosquitoes, moths and other flying insects. Suitable for use in outdoor restrooms, garbage cans and trash dumpsters. One pest strip effective in an average size room (10 x 10 x 10-ft) for 2-4 months.

24 Per Box

Open Market Source: Loveland Industries.

**Suggest. Ret. Price ..... BX \$65.28**

## RAGS (Wiping Cloth)

Soft and absorbent, this lightweight (2 to 7oz/sq. yd) sanitized rag is for general-purpose wiping equipment surfaces clean of water, grease and oil. Cloth contains cotton fiber, which is mixed with synthetic fabrics. Mixed color remnants, mill ends and reclaimed fabrics. Measures at least 9" wide and 200-sq in 50-lb bale is compressed to less than 3-1/2 cu ft. Grade A mixed colors.

**7920-00-148-9666**

**BE \$20.20**

## ROPE

### Nylon Fiber.

3/8" diameter, with 3300-lb. breaking strength. For general purpose use such as cattle ties, lines, and tent rope. Roll contains 600-ft. Natural.

**4020-00-968-1356 ..... RL \$ 63.02**

### Polypropylene Fiber.

1/2" diameter, with 3700-lb. breaking strength. For use where high strength, lightweight and flotation ability are required for tasks such as mooring, towing and hoisting. Roll contains 600-ft. Yellow.

**4020-00-968-1352 ..... RL \$40.87**

## SCALE REMOVER

Liquid scale remover. For removing hard water, mineral deposits on plumbing fixtures and porcelain surfaces. Similar to Lime-A-Way. 1 gallon container, 4 gallons in a box.

Open Market Source: Eco-Labs Consumer Products, Inc.; De-scaler Products

**Suggest. Ret. Price ..... GL \$26.45**

# Janitorial Supplies

## SCOURING POWDER

Contains chlorine bleach. For cleaning porcelain surfaces such as restroom sinks, shower walls, etc. Not recommended for glass, stainless steel, plastic or other surfaces that may scratch. Shaker type container. Box of 30, 21-oz containers.

**7930-00-721-8592 ..... BX \$18.11**

## SPRAY BOTTLE

Plastic spray bottle has a trigger-type atomizer cap with a flexible plastic tube. For solution of glass cleaners, etc.. Spray is adjustable by turning nozzle on attached cap. Bottle is marked in cubic centimeters and ounce graduations up to 12 oz. Labeled: US Government

White transparent, 16-fl oz capacity.

**8125-00-488-7952 ..... EA \$0.70**

## TOWELETTES

Pre-moistened paper towelettes. For removing ordinary soils from hands, face and body without using soap and water. Towelettes are 5.5" x 8". Box of 2000 individually wrapped packets.

● **Recycled content**

**8520-00-782-3554 ..... BX \$35.24**

## Heavy-Duty Bags/Recycled 30% post consumer

For application where extra strength is needed. Features good puncture and tear resistance and handles dry or wet/dry loads. Will fit standard 32-gal Forest Service type refuse containers.

Open Market Sources: LallyPak Industries, Apollo Plastics, Bags Inc., Associated Bag Co., Ojserkis Janitor Supply

● **Recycled content**

**33-Gal Size**, 75-lb load capacity, without closure ties. Dark brown or green, 49" x 33", box of 100. **8105-01-386-2323 ..... BX \$15.90**

**33-Gal Size**, 51-lb load capacity, without closure ties. 33" x 40", box of 100.

**8105-01-386-2312 ..... BX \$12.83**

## Heavy-Duty Premium Quality Bags

For application where extra strength is needed. Features good puncture and tear resistance and handles dry or wet/dry loads. Will fit standard 55-gal oil-drum style refuse containers.

**60-Gal Size**, 75-lb load capacity, without closure ties. 58" x 36" box of 100

**8105-01-386-2410 ..... \$20.88**

## VAULT TOILET BIO-TREATMENTS

Open Market Sources: Environmental Care Center, Solmar Corp., Tri-Synergy Inc.

# Janitorial Supplies

## WINDOW/GLASS CLEANER

For a sparkling shine, use this solution to clean and polish glass, plastic, ceramic chrome, painted surfaces and stainless steel. Removes dust and grime. Not irritating to the skin. CID A-A-40. Regular formula. Type I Class I.

■ *NIB/NISH Mandatory Source.*

# Facility Maintenance Equipment

## Restroom/Shower Accessories

### BABY CHANGING TABLE

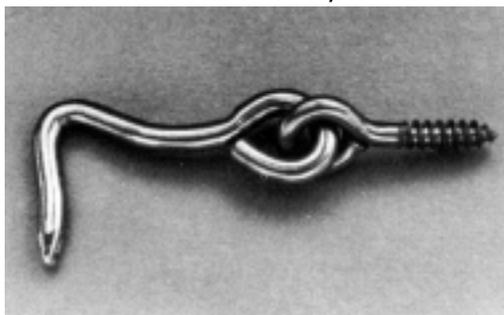

Open Market Sources: Koala Bear CAre Co., Diaper To Go Co. Inc.

### DOOR CLOSER

Self-closing, adjustable pneumatic closure. For use in restrooms to assist people with disabilities.

Open Market Source: Norton Door Controls  
(Call for price on specific items)

### DOOR LATCH (Hook And Eye)

Eye and hook door lock. For temporarily securing toilet doors, screen doors, windows, etc. Bright, unfinished steel wire, 2" length. Box of 10.

**5340-00-200-8577 ..... BX \$ 1.18**

### DOOR LOCKSET

Commercial, heavy-duty privacy / bath lockset. For outdoor restrooms. No-lock feature prevents accidental / intentional locking while unoccupied by user. Lever handle and push-button locking conforms to accessibility requirements for people with disabilities.

Open Market Source: Schlage Lock Co., Yale Security, Inc.

### FLUSH TOILET REPAIR PARTS

Flush-valve assembly and replacement parts. For concealed push-button or lever operated valve actuator. Used for flush water closet and urinals.

Open Market Source: Sloan Valve Co.; Coyne Delaney Co.

### GRAB BARS

Stainless steel bars, 1-1/4" to 1-1/2" diameter gripping surface, non-rotating within fittings. For accessible toilets and other applications. Stand off

provides 1-1/2" space between grab bar and wall. For attaching to firm wall surfaces. 250-lb support capacity. Meets UFAS technical requirements, section 4.26. Available in 36" and 42" sizes

Open Market Source: Bobrick Washroom Accessories, Inc.; Romtec, Inc.

Call suppliers for current prices.

# Facility Maintenance Equipment

## HAND DRYER

Electric hot air hand dryer. Requires 120/220 volt AC power.

Open Market Source: Excel Dryer Corp., Nova Dryers, Supreme Environmental Systems, Inc., World Dryer Corp., American Bathroom Acces. Inc, American Dryer Inc., Western Pacific Assoc. (c/o World Dryer), Fastaire Hand Dryers

**Suggest. Ret. Price ..... \$300-500**

## MANHOLE COVER ASSEMBLY

Lid and ring assembly. For providing clean out of sewage from toilet vaults or access to underground water storage tanks or electrical utilities.

Open Market Source: Dexol Plastics, Inc.; Neenah Foundry  
Call supplier for current price

For rectangular, door-type, hinged cover assembly. Open Market Source: Bilco Company; Dur-Red Products.  
Call supplier for current price.

## SINK TRAP INSULATORS

Sink trap heat insulator. For covering lavatory sink traps to protect wheelchair users from heat scorch. Velcro closure reduces the need for glues or tape. Can be applied to 80% of all P-traps. Soft pliable, 1/2-in thick foam. Available in black or beige.

Open Market Source: EGL Sales, Inc.  
Box of 12.

**Suggest. Ret. Price ..... BX \$10.50**

## TOILET RISER ASSEMBLY

Vault/pit toilet riser assembly includes seat with cover. Designed to fit in oval-shaped floor opening, measuring 20-5/8" long and 16-3/4" wide.

### Cross-linked polyethylene plastic

Developed by Forest Service Technology and Development Center. This product will not dent, crack, or absorb odor, very easy to clean and unaffected by cleaning chemicals. Standard model

is 15-1/4" high and disabled access model is 18" high. Available in off-white color to simulate porcelain. Replacement seat also available. Standard model, accessible model, replacement seat. Call supplier for current price.

Open Market Source: Romtec, Inc.

## Stainless steel (Adapter Bracket)

Toilet seat stainless steel adapter for Old Rehco stainless riser. S.S. bracket allows GSA closed-front seat NSN 4510-00-202-7686 to be mounted on Rehco S.S. Toilet Riser. For more information call:

Gary Hoshide  
(406) 329-1029  
Fax: (406) 329-3719  
IBM: ghoshide/wo,mtdc

Open Market Source: Rehco Corporation, Romtec, Inc.

## TOILET SEAT

Solid plastic, water closet seat has a smooth, glossy surface with plastic bumpers on the underside. Easy care surface wipes clean with a damp cloth. Tarnish-proof hinges are set 5-1/2" apart. Installation hardware (washers, nuts and bolts) included. ANSI Z124.5.

### Open-Front

Elongated-rim seat fits commercial flush toilet bowls. Self-sustaining metal hinges hold seat

firmly in upright position. Seat does not have a cover.

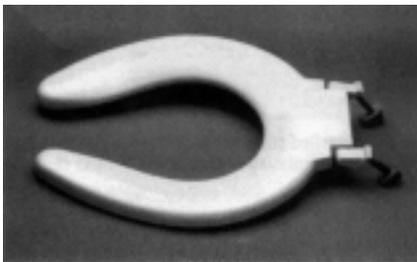

**4510-00-247-1370 ..... EA \$6.67**

# Facility Maintenance Equipment

## Open-Front Seat

Fits regular-size commercial flush toilet bowls. Seat has freely rotating hinges

without check stops and seat cover. (Note: This seat will fit the Romtec cross-linked polyethylene, vault/pit toilet riser but does not have a cover.)

**4510-00-202-7688 ..... EA \$6.66**  
(White, 14 x 16-1/4")

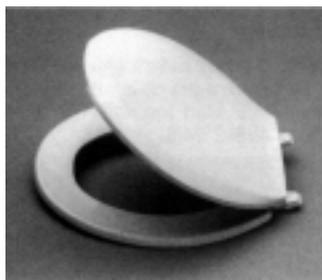

## Open-Front Seat with Cover

Same as toilet seat FSN 4510-00-202-7688, but includes seat cover.

Open Market Source: Bemis Mfg., Centoco Mfg.

## Closed-Front Seat

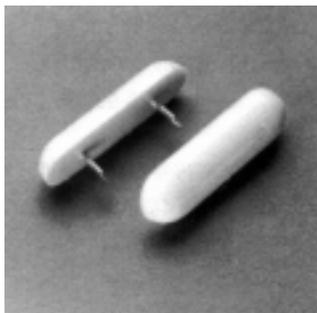

With attached cover fits regular-size residential flush toilet bowls. Seat has freely rotating hinges without check stops.

**4510-00-202-7686 ..... EA \$5.25**  
(White, 14 x 16-1/4")

## TOILET SEAT BUMPER (*Rubber Bumper*)

Rubber bumper for placement on bottom side of toilet seat. For replacement of damaged bumpers and has many other applications. With bar pattern, a flat top and an oblong shape. Tacks are embedded in rubber for easy installation. White, 1-3/4" long, 3/8" high, 5/8" wide. Box of 100.

**5340-00-664-7017 ..... HD \$6.02**

## WINDOW PANE, POLYCARBONATE (*Lexan*)

Unbreakable, transparent (frosted), plastic sheeting. For restroom windows, where durable, vandal-resistant material is required. 1/8" thick, 4' x 8', and 1/4" thick, 4' x 8' sheets available.

Open Market Source: General Electric  
Call supplier for current price.

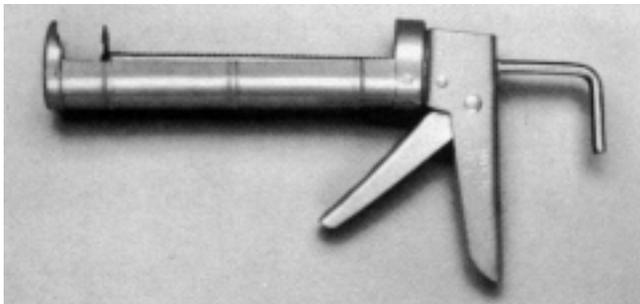

## WALL PANELING

Fiberglass reinforced paneling. For restroom walls. Provides non-porous surface to resist graffiti. Available in variety of colors. 1/8" thickness, 4 x 8" sheet.

Open Market Source: Kemlite Co.  
Call supplier for current price.

## Painting Supplies

### CAULKING GUN

Metal, half-barrel, cradle, or drop-in type for spouted cartridges, with ratchet type rod. 8-1/2" length, 2" diameter. GGG-C-120.

**5120-00-679-5655. .... EA \$4.00**

# Facility Maintenance Equipment

## COLOR FANDECK

Set of 550 color chips is used to identify and compare standardized colors of paints and coatings with gloss, semigloss and flat finishes. Corresponds to colors and numbers assigned to items found in Federal Supply Group 80 and other. 1" x 1/2" chips.

**7690-01-162-2210 .....EA \$11.99**

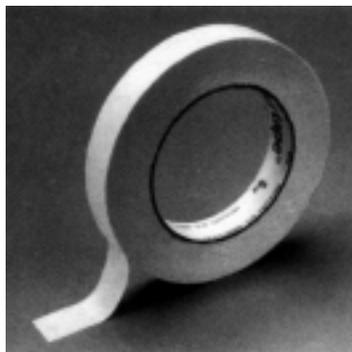

## DROP CLOTH

Plastic or cloth. 6 x 8 ft, 10 x 12 ft etc.

Open Market Sources: Local hardware retailer.  
Call your local hardware store for current price.

## MASKING TAPE

General-purpose tape. For protecting surfaces from paint. 3" diameter core. Natural. Roll contains 60-yd.

1" wide  
7510-00-266-6712 ..... RO \$0.64

2" wide  
7510-00-266-6710 ..... RO \$1.32

## MINERAL SPIRITS (*Thinner*)

Regular mineral spirit. For thinning paints, primers, enamels and varnishes. May also be used as a solvent to clean brushes and as a carrier for alkyd and other resin concentrates in odorless paint. Clear. VOC exempt.

**8010-00-242-2089 ..... GL \$3.28**

# Facility Maintenance Equipment

## CROWBAR (PRY BAR)

High carbon steel levering bar. For prying large heavy objects encountered in trail construction and excavation work. Chisel wedge tip and rounded handle. 1" diameter handle, 47-49" overall length. **5120-00-240-6040** ..... **EA \$13.75**

## DRAW KNIFE

Straight draw shave. Assists in the removal of bark on logs. For trail maintenance and related work. 13" x 2-1/4" blade and 6" wood handles.

Open Market Source: Ben Meadows Company  
**Suggest. Ret. Price** ..... **EA \$40.00**

## FELLING WEDGE (*Plastic Forestry Wedge*)

Hard plastic wedge aids in forestry work such as tree felling for fire suppression. Size: 1-1/8" x 3-1/4" x 12".

**5510-01-045-9198** ..... **EA \$4.04**

## FILE BRUSH

**7920-00-224-7987** ..... **EA \$4.07**

## FILE SET (*American Pattern Set*)

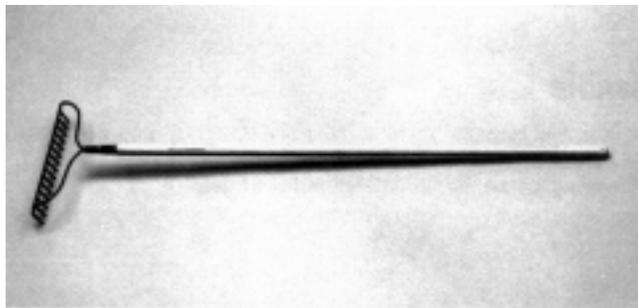

**5110-00-595-8317** ..... **SE \$35.88**

## FOLDING PRUNING SAW

Compact folding saw. For light back-country maintenance work and removing branches around campsites. The 6" blade can cut limbs up to 4" diam. Locking safety latch prevents accidental folding while cutting. 14" long unfolded, 8" folded. Approx. weight: 8-oz.

Open Market Source: Fanno Saw Works  
**Suggest. Ret. Price** ..... **EA \$16.00**

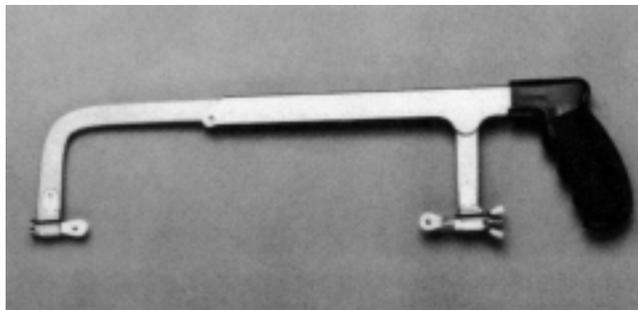

## GARDEN RAKE

Bow-style rake. For gathering coarse litter, and other debris on dirt surfaces such as campsites. Rake has 15 curved teeth and steel construction. The bow buffers the shock when hitting rocks and other stationary objects. Ash handle is 60" long. Head is 13-1/2" wide with 3" long tines.

**3750-00-171-7182** ..... **EA \$11.32**

## HACKSAW (*Hacksaw Frame*)

Steel, chromium or nickel-plated except on blade holder, which may be zinc-plated. Flat or round frame, medium throat. Open rubber grip or plastic handle. Without blade. Adjusts for 10-12" blades, 3" to 3-7/8" throat depth. Commercial item description (CID) A-A-452.

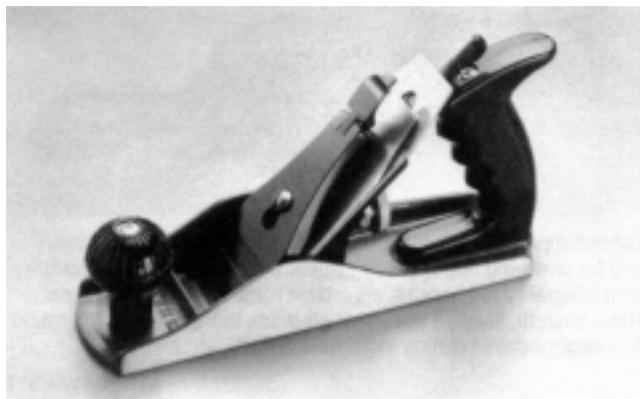

**5110-00-289-9657** ..... **EA \$ 5.91**

# Facility Maintenance Equipment

## HACKSAW BLADES

Replacement blades for hacksaw FSN 5110-00-289-9657. General purpose metal cutting, 12"length, 24 teeth per inch. Bundle of 10 blades.  
**5110-00-277-4591 ..... BD \$8.27**

## HAND PLANE (*Bench Plane*)

### Smooth plane.

For removing splinters from edges of picnic table tops and benches, signs, etc. Cutter width 1-11/16" - 1-13/16". Adjustable cutting depth.

**5110-00-242-3057 ..... EA \$28.50**

### Block Plane

For removing rough edges on tables and benches. Adjustable, smaller than smooth plane allows one hand operation. Cutter width 1 9/16" and 1-11/16".

**5110-00-180-0831 ..... EA \$17.31**

## HANDLE SAVER

Donut-shaped rubber sleeve slips onto handle neck. For preventing breakage to ax and other chopping tool handle. Available by neck circumference: 3-3/4", 4-1/2", 4-7/8", and 5". Weighs 4-8 oz.

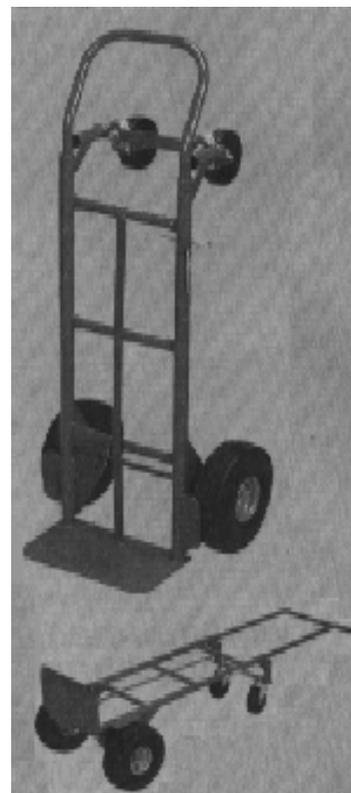

Open Market Source: Forestry Supply Inc.; Ben Meadows Company

**Suggest. Ret. Price ..... EA \$3.50**

## HAND TRUCK

600 lb hand truck converts to platform truck. 600 lb vertical hand truck converts to 500 lb capacity horizontal platform truck. Height adjusts from 46" to 61". 10" pneumatic wheels and 5" solid rubber casters, USA ship wt 45 lbs.

**Northern.. OM  
75.00**

## HAND WOOD AUGER/ RATCHET BIT BRACE

Box ratchet brace. Ball bearing chuck. Nickel-plated finish. Plastic or hardwood center hand grip and head. For use with tapered square shank bits or round shank bits to 1/2" diameter. Sweeps shown. GGG-B-671.

**5110-00-293-1957(8") ..... EA \$49.02**

**5110-00-293-1958(10") ..... EA \$49.02**

**5110-00-221-1188(12") ..... EA \$49.02**

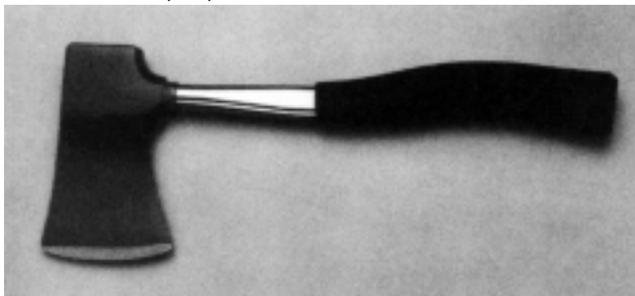

# Facility Maintenance Equipment

## HARDWARE

Open Market Sources: Bryce Fastener, Tamper-Pruf Screws, MSC Ind. Supply Co., Mc Master Carr, Lawson Products Inc., Eberhard Manufacturing Co., Austin Hardware

## HATCHET (Ax)

General-purpose, chopping ax. Lightweight, compact, belt-type with leather sheath. Cutting edge 3" with 1-3/4 lb. head. Nominal overall length 13-1/8". Integral steel handle with rubber grip.  
**5110-00-720-0711 ..... EA \$23.09**

## HINGED POST HOLE DIGGER (Post Hole Digger)

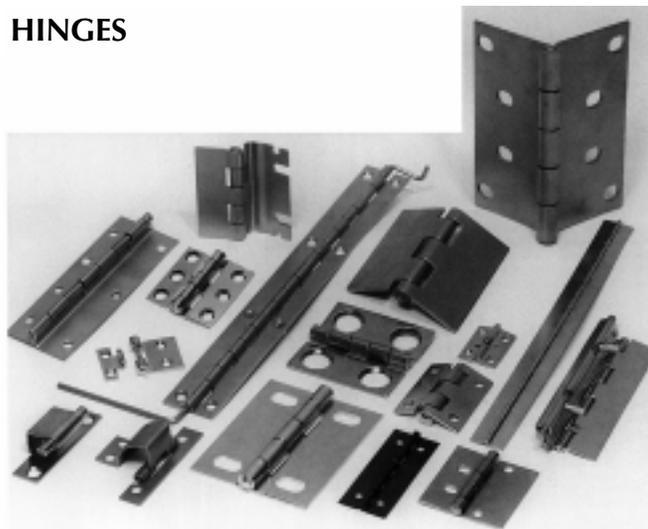

Two handles. Handle length 4-ft. Size 12 lbs. GGG-D-326.

Open Market Sources: Nelson's Service, Amerequip Corporation, McMillen, **NH Northern (c/o Moore)**, A.M. Leonard, Inc., McMaster Carr, Ben Meadows

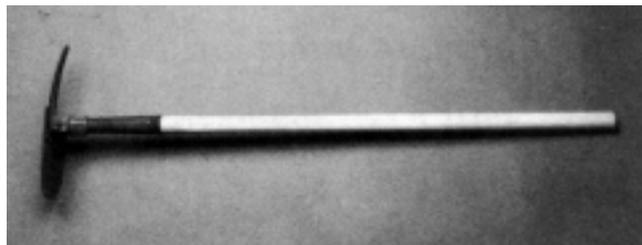

Overall length 58" min.  
**5120-00-223-8426 ..... EA \$17.55**

## HINGES

Open Market Sources: Delson Hinge Corp., Grainger, McMaster Carr, MSC Ind. Supply Co., Eberhard Manufacturing Co., Austin Hardware

## INTRENCHING TOOL (Fire Line Combination Tool)

Combination ("combi") pick and shovel that can be folded for easy transport. For lightweight back country use in trail maintenance and forest work. 40" long handle. Shovel has serrated edges for cutting light brush.

**5120-01-240-2120 ..... EA \$44.39**

## KNAPSACK/TOOL BAG

Water-and mildew-repellent cotton duck knapsack. For use as a field pack or tool storage bag. Roomy interior includes one 8 x 12" pocket. Pack closes with a draw string top and a flap (16-1/2 x 16-1/2") that folds over the top of the knapsack and secures with front buckles. Tie and shoulder straps adjust with harness buckles. Reinforced with copper rivets. Forest Service Spec 5100-214.

■ *NIB/NISH Mandatory Source*

Olive Drab, 6-1/2 x 14 x 17"

**8465-00-205-3493 ..... EA \$35.20**

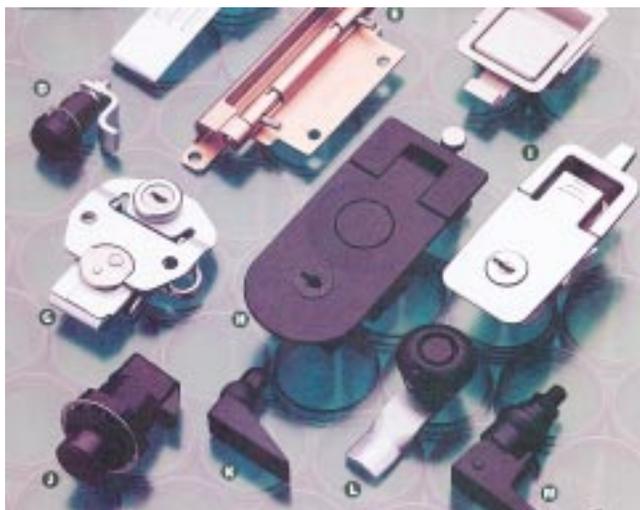

# Facility Maintenance Equipment

## LAKE RAKE

Comb-like tool made of plastic and metal. For removing weeds and floating debris along shorelines. Rake bar is 3-ft wide with 5-1/2' long tubular aluminum handle. 100-ft of polyethylene rope is supplied.

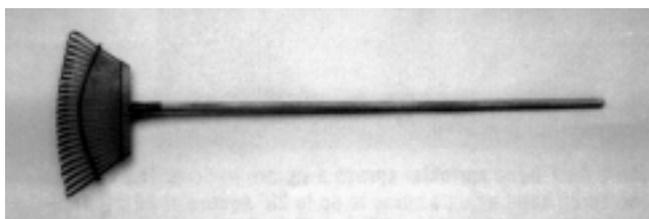

Open Market Source: Beachcomber Products, Inc.  
**Suggest. Ret. Price ..... EA \$89.50**

## LATCHES

Open Market Sources: Nielson/Sessions, Southco Inc., McMaster Carr, Eberhard Manufacturing Co., Austin Hardware

## LAWN RAKE

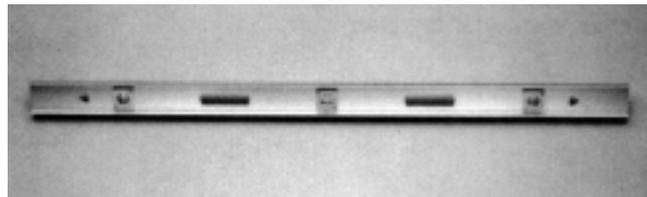

Has a flexible steel head and teeth. For gathering grass, leaves, litter and other fine debris. Has an 18" full radial head that presents arc where rake contacts the ground to allow sweeping action similar to using a broom. The 18 spring-action tines are 13" long with bent ends. Hardwood handle is 42" long and a steel spreader bar keeps the tines separated.

**3750-00-599-6101 ..... EA \$4.81**

## LEVEL (*Level and Plumb*)

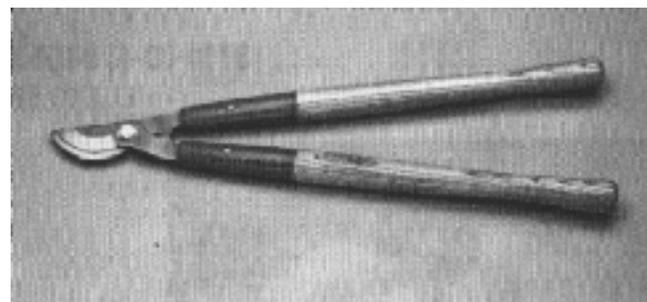

### Mason's level

Side reading. One twin level vial and two twin plumb vials. Double face, 48" long.

**5210-00-720-7982 ..... EA \$14.38**

## LOPPING SHEAR (*Pruning Shears*)

Two-hand lopping shears. For removing brush and tree limbs up to 1-1/4" diameter on trails and recreation sites. Heavy-duty lopping shears have a blade-and-hook design. 24" long.

**3750-00-641-1197 ..... EA \$17.38**

## Maxi-lopping shears

Two hand operation. Has built-in ratchet to provide leverage. Shears limbs up to 2" diameter.

GSA Contract No. GS00F71487

**Contract Price ..... EA \$47.10**

## MEASURING TAPE

### 6-ft. or 10-ft. Length Tape

Handy pocket size, self-retracting, 1/4" wide, self-supporting steel tape. Plastic or metal case. Case measures approx. 1-3/4" x 2" x 3/8".

Open Market Sources: The Cooper Group (LufkinTools); Stanley Tools

**Suggest. Ret. Price ..... EA \$4.00**

# Facility Maintenance Equipment

## 12-ft Length Tape

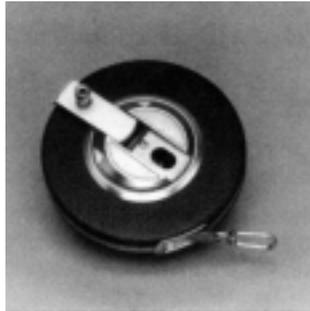

Self-retracting, 3/4" wide, self-supporting steel tape. Plastic case. Comes with belt clip. Brand: Lufkin or equivalent.

5210-00-182-4797 ..... EA \$3.86

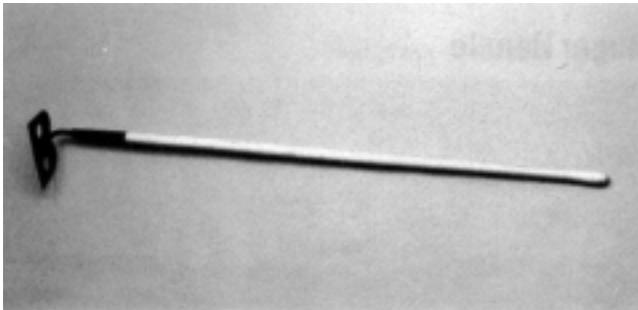

## 100-ft Length Steel Tape

Hand winding steel tape is not self supporting. Equipped with a folding, crank-style handle with a push button release. Replaceable ribbon has a steel finger ring on the end. 3/8" wide ribbon. 1/8", 1", and 1' increments.

5210-00-221-1882 ..... EA \$15.40

## MORTAR MIXING HOE Regular Hoe Blade

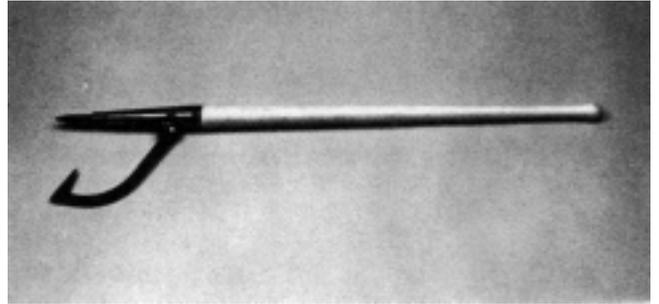

Nominal dimensions, 9" wide blade, 66" long handle. GGG-H-496  
5210-00-224-9466 ..... EA \$14.38

## Large Hoe Blade

Maximum dimensions, 10-1/4" wide blade, 67" long handle.  
5210-00-243-2788 ..... EA \$15.42

## PEAVEY

Log and timber mover. For rolling, turning and carrying logs and timber. Hook size 1" x 1/2" x 10-1/2". Handle 54" long. Overall length approx. 67". GGG-P-151.

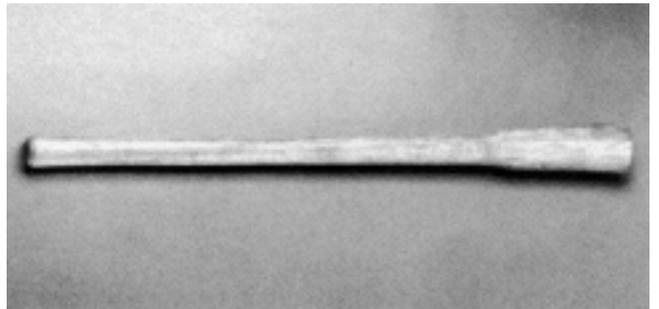

5210-00-223-8996 ..... EA \$138.83

## PICK

Point and chisel end digging pick head. For forcing seams in rocks and clay soils. Carbon steel. Eye size No. 6. Head weighs 9-lbs. 30" long.

5210-00-928-8696 ..... EA \$16.97

## Pick Handle

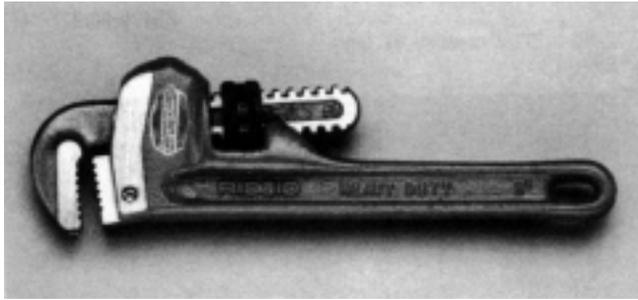

NSN 5120-00-194-9458. Hickory handle tapers out at one end and is straight on the other end. 36" long.

5210-00-288-6574 ..... EA \$5.24

# Facility Maintenance Equipment

## PIPE WRENCH

Heavy-duty, adjustable, drop-forged steel or cast malleable iron or steel wrench. For plumbing repair work. Mandatory Source

- 10" long, for 1/4 to 1" pipe size  
**5120-00-277-1485** ..... EA \$10.83
- 14" long, for 1/2" to 1-1/2" pipe size  
**5120-00-277-1486** ..... EA \$13.56
- 14" long, for 1 to 2" pipe size  
**5120-00-277-1461** ..... EA \$18.52

## PLIER (Slip-Joint Pliers)

Straight nose, combination jaw with cutters. For removing staples from bulletin boards and other general purpose use.

- 5120-00-223-7396 (6")** ..... EA \$4.33
- 5120-00-223-7397 (8")** ..... EA \$5.22

## PRUNING SAW

Double-edged, rolled-steel blade has beveled-filed teeth (8 points per inch) for crosscutting on one side and

lumber man-style teeth on the other side. For removing hazard tree limbs in recreational sites. Tapered blade has a double-horn hardwood handle with a 3-3/4" hand hole.

Open Market Source: Jackcut, A.M. Leonard, Inc., Ben Meadows, McMaster Carr, NH Northern (c/o Moore), Grainger

- 3750-00-223-8808** ..... EA \$13.19

## PRUNING SHEARS

One hand operated shears. For removing small shrubbery. Hook-jaw, high carbon steel blades with metal handles.

- 3750-00-641-5587** ..... EA \$8.05

## PRY AND SCRAPE BAR

All-purpose combination tool for opening crates and excavation work. Pries, pulls, cuts, scrapes, lifts and pounds nails. Slim tapered blades easily inserted for prying and lifting, with beveled nail slots. Drop-forged, spring-tempered steel. 13" long x 2-1/2" wide.

- 5120-00-965-0879** ..... EA \$5.10

# Facility Maintenance Equipment

## **PULASKI (*Pulaski Tool*)**

Ax and hoe combination tool. Ax 4-1/2" wide; hoe 3-3/8" wide. Same tool used by firefighters.

**5120-00-293-3467 ..... EA \$41.79**

## **PULASKI SHEATH (*Pulaski Tool Sheath*)**

Plastic protective sheath for pulaski NSN 5120-00-293-3467.

**8465-01-067-9999 ..... EA \$2.77**

## **RUBBER Mallet**

Barrel shaped. Solid resilient rubber. Use for automotive body, fender and battery work. Total weight about 24 oz. GGG-H-33.

Length about 15".

**5120-00-293-3399 ..... EA \$6.97**

## **SAND RAKE**

Screened sifting tool. For removing debris from sandy beach areas. Interchangeable screen mesh sifts out objects greater than 1/2" x 1/4" (smaller size mesh available). Constructed of lightweight aluminum alloy, basket width is 16-in, with 72" handle length. Adjustable tilt angle for controlling excavating depth.

Open Market Source: MAR-GA Simple Concepts.

**Suggest. Ret. Price ..... EA \$79.95**

## **SCREWDRIVER BIT SET & HANDLE**

Plastic handle, extension and nine hexagonal bits make up the 11-part set. The 4-1/8" long handle with spring locking holds inter-changeable bits. Extension, 5" long, has a shaft end with wing drive to accept handle. Hexagonal bits, 5" long, with sizes 0.050, 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32" and 3/16". Bits and extension inter-changeable with Xcelite handles.

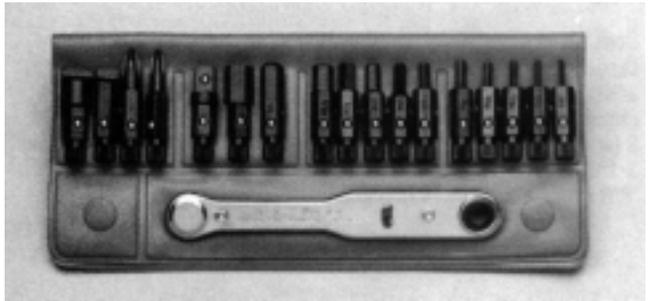

**5120-00-851-4247 (contains 11)..... SE \$14.67**

## **Reversible Screwdriver 3 Bit Set**

3 bits in tool roll. Steel insert secured in handle to accommodate bits. Bit and handle lift 1/2 lbs without becoming disengaged. Bit sizes 3/16", 1/4" and 5/16". Corrosion resistant. Bits have flat tip on one end and Phillips cross tip on the other. Bits protrude a min. of 2-1/2" when inserted in handle. Handle length 4", Overall length 6-1/4".

**5120-00-062-5413 (contains 3) ..... SE \$6.94**

## **Screwdriver 17 Bit Set**

Hexagonal driveshanks to fit into an offset ratcheting handle. Max. length of bits 1-1/2". Screwdriver end styles and sizes: flat tip, 1/4" and 3/8" wide; hexagonal 1/2", 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32". Also 3/16", 7/32", 1/4" and 5/16" wide across flats; Phillips size Nos. 1 and 2; and square adapter to 1/4" square drive sockets. Metal, plastic, or wood case.

**5120-00-870-6928 (contains 17) ..... SE \$17.03**

## **Screwdriver 4 Bit Set**

Consists of plastic handle, carbon steel or aluminum shank, and 4 inter-changeable bits. Hollow handle retains 3 bits. Shank at one end contains "V" magnet to hold bits. Bits: 2 flat tips, 3/16 and 1/4" wide; one No. 1 and one No. 2 bits.

(contains 4)

**5120-00-997-2858 (contains 4) ..... SE \$4.40**

## **Screwdriver 9 Bit Set**

Consists of 9 multiple spline socket screwdriver bits, one extension blade, and one handle in clear plastic case. Bit sizes 0.048, 0.060, 0.069, 0.072, 0.076, 0.096, 0.111, 0.145 and 0.183". Xce liteP/N 99PS-60, Kline Tools P/N 90060X5. Also See-Lect P/N Spline Driver Set No. 1.

**5120-00-633-0524 (contains 9) ..... SE \$17.82**

# Facility Maintenance Equipment

## Screwdriver 7 Piece Set

Consists of seven components: one torque-limiting screwdriver; 0.2 to 0.4 Nm and 2-36 in.-lbs. in LH and RH directions; one 1/4" hexagonal to 1/4" sq. drive adapter; one No. 1 and one No. 2 Phillips powerbit; one No. 2 and one No. 4 slot power bit; and one case. Ryeson P/N EMTSK 36/4, Consolidated Devices P/N TSK 36/4, Consolidated Devices P/N TSK-361SM.

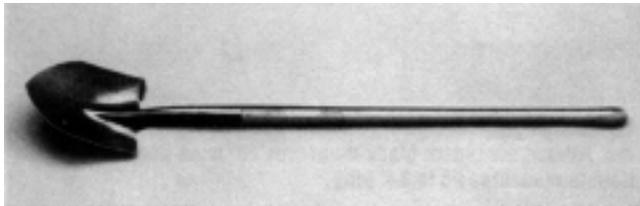

**5120-00-832-6224 (contains 7) ..... SE \$112.89**

## 8 Miniature Screwdriver Set

Eight miniatures with color coded handles: 5 flat-tip sizes 3/32" (green), 1/8" (red), 5/32" (black), 3/16" (orange), and 1/4" (amber); and 3 Phillips cross-tip sizes 0 (blue), 1 (brown) and 2 (amber). One black plastic torque amplifying handle. Plastic case. Xcelite P/N PS88, Vaco P/N 70101 GOV.

**5120-00-933-8979 (contains 8) ..... SE \$8.26**

## SHOVEL

14 Gauge steel blade. Blade measures 10" long and 8" wide. Handle measures 36"-41" long.

*(Note: This is not the same hand shovel used by fire fighters).*

**5120-00-293-3332 ..... EA \$9.47**

## SIDEWALK ICE SCRAPER AND CHIPPER

Steel blade 0.094" thick, 6-7/8" wide, 5-7/8" high. GGG-I-100.

**5110-00-329-3299 ..... EA \$18.00**

## SLEDGE HAMMER (*Stone-Worker's Hammer*)

Single-jack, rock drilling hammer. For use in trail construction or general forest work. Convex, double-faced head with beveled-edges. Hardwood handle. 4-lb head with 10-1/2" long handle.

**5120-00-224-4141 ..... EA \$7.81**

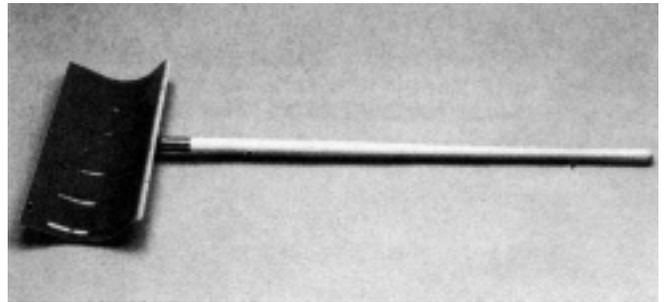

## Driving sledge

### (*Blacksmith's/Engineer's Hammer*)

Has 6-lb head and 32" wood handle. For double-jack, rock drilling and general use.

**5120-00-251-4489 ..... EA \$12.20**

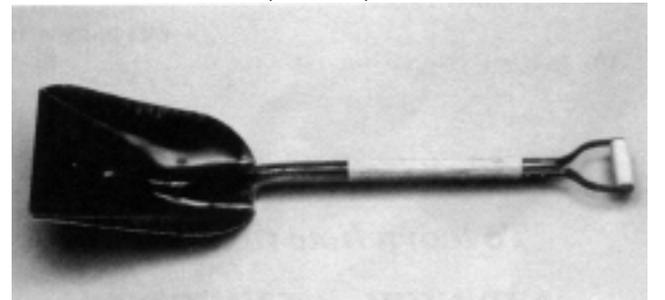

## SNOW PUSHER (*Snow Shovel*)

Long handle, medium weight. For snow removal around restroom and building surfaced walkways. Overall length 55"-72". Blade width 24". Height 10" to 13".

**5120-00-288-6529 ..... EA \$10.96**

## SNOW SHOVEL (*Shovel*)

Scoop-shovel with D-handle. For clearing snowdrifts around restrooms and building entrances. Open back. Size No. 4. Blade 16-18" long, and 13" wide. Handle 26-28" long. GG-S-326.

**5120-00-188-8446 ..... EA \$16.43**

## SOCKET/RACHET WRENCH SET

### (*Hand Socket Set*)

1/2" square drive, set of 11, universal, 12 points. Wrench openings 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16", 7/8", 15/16", and 1". 3/8" socket either 6 or 12 point. Metal or plastic case.

**5120-00-935-7311 ..... EA \$20.96**

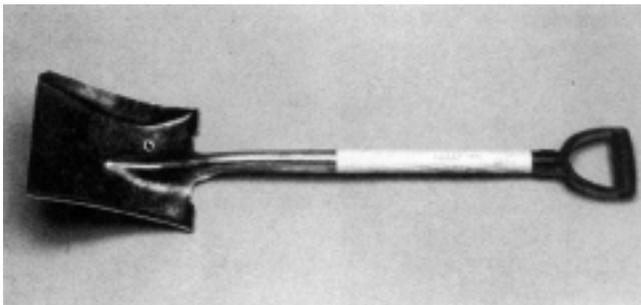

# Facility Maintenance Equipment

## SPRAYER

Open Market Sources:  
 MSC Ind. Supply Co.,  
 A.M. Leonard, Inc.,  
 McMaster Carr,  
 Grainger, NH Northern  
 (c/o Moore)

## SQUARE HEAD SHOVEL (Shovel)

Square head, with D-handle. Blade 11-1/2" -12-1/2" long, 9-1/2" - 10-1/4" wide. Handle 26" - 28" long, 17" - 21" lift.

**5120-00-224-9326 .....EA \$9.51**

## STAPLE GUN

Manually operated compression type gun uses 1/2" crown staple width. GGG-T-20

### Staples, Medium Duty (Fasteners)

For use in staplegun NSN 5120-00-250-9137, 3/16" long, size 3. Box contains 5040

**5315-00-889-2599.....BX \$4.17**

1/4" long, size 4. Box contains 5040

**5315-00-889-2601.....BX \$3.34**

5/16" long, size 5 Box contains 5040

**5315-00-889-2600.....BX \$3.25**

## Heavy-Duty

For fastening thick materials, such as ceiling tile, rug pads and insulation. Accommodates heavy-duty flat top staples with 1/4", 5/16, 3/8" and 1/2" leg lengths.

**5120-00-889-1796 ..... EA \$14.64**

### Staples, Heavy Duty (Fasteners)

For use in staple gun NSN 5120-00-889-2600, 1/4" long, size 4. Box contains 5040

**5315-00-889-2602 ..... BX \$ 3.98**

5/16" long, size 5. Box contains 5040

**5315-00-889-2603. .... BX \$4.13**

3/8" long, size 6. Box contains 5040

**5315-00-889-2604 ..... BX \$4.36**

1/2" long, size 8. Box contains 5040

**5315-00-889-2605 ..... BX \$4.93**

## SWEDISH BRUSH AX

Sandvik cutter. For cutting small 3-4" diameter saplings easily and safely. Used for trail maintenance work and clearing brush around campsite. 5-1/2" long cutting blade, with 27" long handle. Weighs approx. 2-1/2 lb.

Open Market Source: Forestry Supply, Inc.; Ben Meadows Company

**Suggest. Ret. Price ..... EA \$18.00**

## SWEDISH BRUSH AX BLADE

Replacement blade for Sandvik cutter.

Open Market Source: Forestry Supply, Inc.; Ben Meadows Company

**Suggest. Ret. Price ..... EA \$5.75**

## SWEDISH BRUSH AX SHEATH

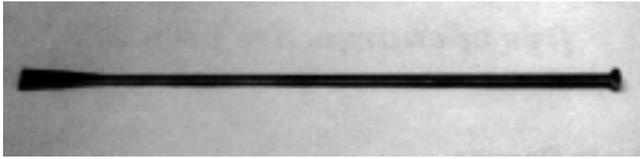

Leather protective holster-style cover. Slips on and off for easy use and safety.

Open Market Source: Forestry Supply Inc.; Ben Meadows Company

**Suggest. Ret. Price . .... EA \$7.00**

# Facility Maintenance Equipment

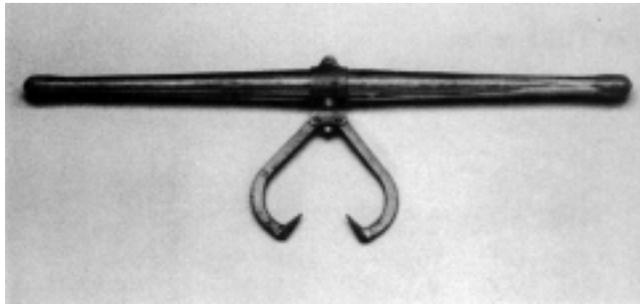

## TAMPING BAR (*Digging and Tamping Bar*)

Digging and tamping bar. For use with hinged post hole digger. Head diameter approx. 2-1/2". Bar approx. 68-1/2" to 73". CIDA-A-2567.

**5120-00-237-8256 ..... EA \$16.86**

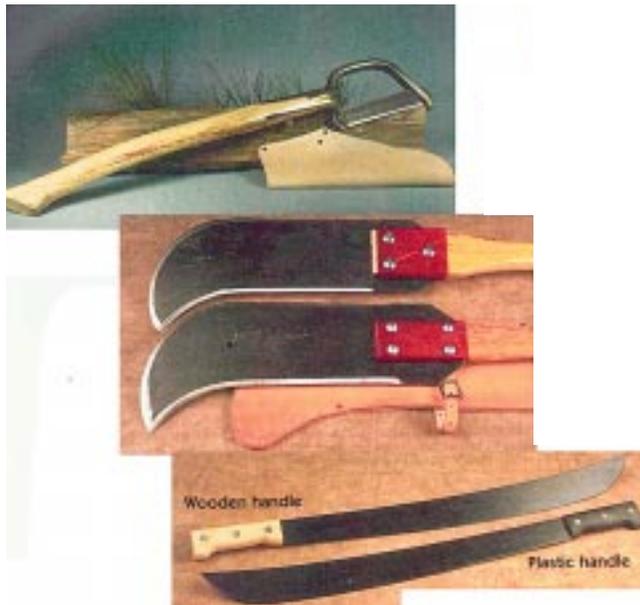

## TIMBER CARRIER

Forged crucible steel hook attached to handle with swivel and clasp. For hand carrying wood poles, logs. Wood handles 2-1/2" diam. x 4 ft long. MIL-C-426.

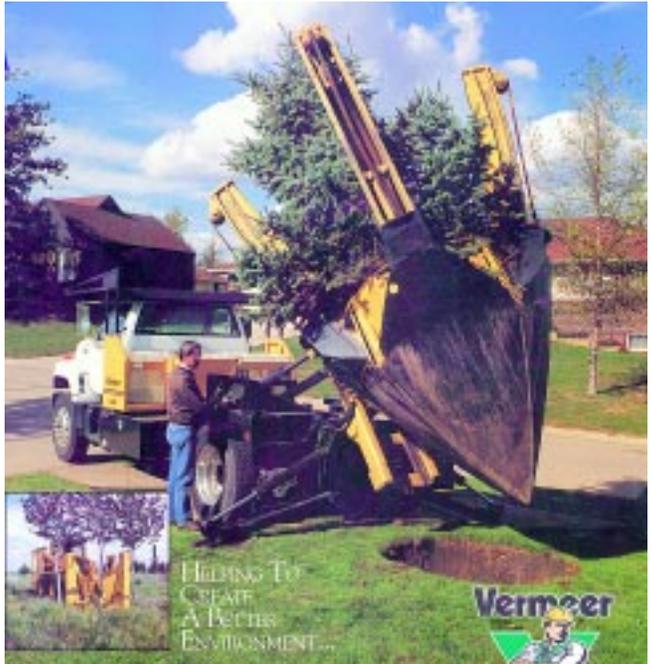

**5120-00-223-8419 ..... EA \$70.18**

## TRAIL TOOLS

Open Market Source: A.M. Leonard, Inc.

## TREE SPADES

Open Market Sources: Vermeer Manufacturing, A.M. Leonard, Inc.

## TOOLBOX

Universal metal box with three-compartment tote tray. For transporting hand tools, small power tools and accessories. 22" length x 8-1/2" width x 9-1/2" height. Gray or black color.

**5140-00-315-2758 ..... EA \$23.43**

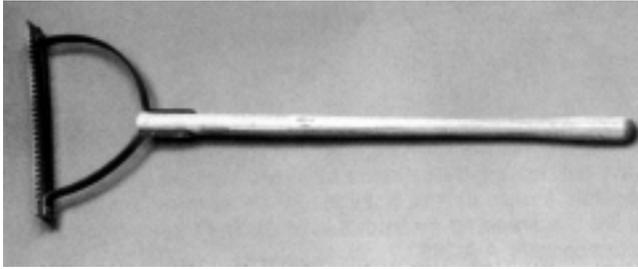

## TREE TRIMMER

Pole-mounted trimmer. For removing hazard tree limbs in campgrounds. Trimmer cuts tree branches up to 1-1/4" diameter, approximately 18-ft above ground. Curved hook pulls branch down into scissor type center cutter operated by a rope and pulley mechanism. Pole is divided into three or four sections. Includes a 16" long adjustable saw for cutting larger branches, weighs 18-lb.

**3750-00-281-1495 ..... EA \$119.21**

# Facility Maintenance Equipment

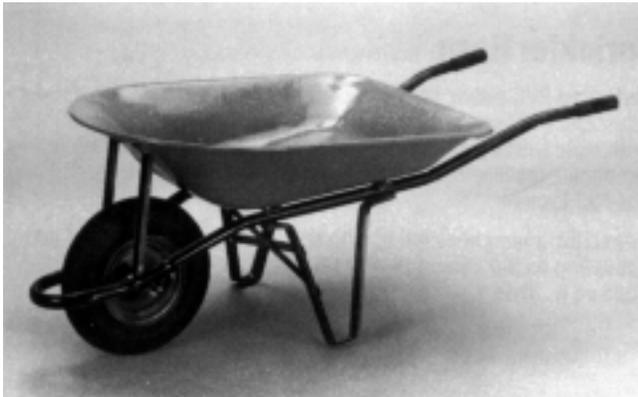

## WEED CUTTER *(Grass Cutter)*

Heavy-duty, whip-style cutter trims grass and weeds at edges of lawn and beside fences, buildings, trees, campsites. Carbon steel blade is serrated on both edges to cut both forward and return strokes. Blade measures approximately 14" x 2-1/2", has braces on both ends that form a yoke for extra stability. Attached hardwood handle is 30" long. Overall length is 39". Type IV Class. GGG-G-670.

**3750-00-239-8678 ..... EA \$10.70**

## WHEELBARROW AND GARDEN CARTS

General-utility wheelbarrow. For mixing concrete and construction work. Has 16" diameter pneumatic rubber tire wheel. Hardwood frame and handles. Made of 17-ga sheet steel, 4-1/2 cu. ft. capacity. A-A-983

**3920-00-329-4303 ..... EA \$64.80**

Open Market Sources: Sterling Handling Equipment, Brentwood Ind., MSC Ind. Supply Co, Rubbermaid Specialty Prod. Inc., R & D Prod. Groups Inc. (c/o Load Mate), Direct Line, NH Northern (c/o Moore), McMaster Carr, Grainger, A.M. Leonard, Inc.

## WOOD AUGER BIT SET

Set of seven drills, 1/4 to 1" in 8ths. Bit stock shank. Spurred. Screw point. Roll case.

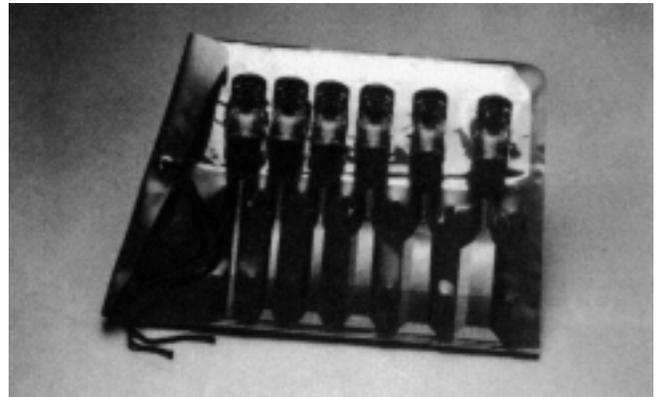

**5133-00-293-2396. .... SE \$59.28**

## Expansive Bit

7/8-3"range/8 1/2 length.

**5130-00-223-4987 ..... 18.90**

## WOOD CHISEL SET

Heavy-duty. Set of 6 wood worker's chisels in plastic roll. Plastic or wood handle, overall length 9-10". Minimum blade length 4". Blade widths 1/4, 1/2, 3/4, 1, 1-1/4, and 1-1/2". Provided in fabric, leatherette, or plastic pouch, wrap or roll with compartments. GGG-C-313.

**5110-00-449-6907 ..... SE \$35.83**

# Facility Maintenance Equipment

## Power Tools and Accessories

### CORDLESS DRILL

Battery-operated power drill. For use in applications where AC power is unavailable. Use as a drill or screwdriver. High/low range, reversible, variable speed, 3/8" chuck with adjustable torque. Rechargeable (12 volt) battery pack with charging unit. Molded plastic carrying case. Spare battery pack recommended. Federal Supply Schedule, FSC Group 51, Part VI, Class 5130, 11/1/89 to 10/31/94, Multiple Award.

Mandatory User (Small purchase \$300 minimum)

Open Market Source: Skil's "Top Gun"; Black & Decker

**Suggest. Ret. Price ..... EA \$160.00**

### Spare battery pack for cordless drill

12-volt, rechargeable.

**Suggest. Ret. Price ..... EA \$50.00**

### DC TO AC INVERTER

Power inverter. Converts 12 volt DC source to 120 volt AC for operating electric power tools, etc. Can be operated from truck battery or auxiliary deep cycle battery.

Open Market Source: Trace; Photocomm

### 250 Watt Inverter

For small power drills, etc.

**Suggest. Ret. Price ..... EA \$250.00**

### 1500 Watt Inverter

For large power tools, saws, routers, etc.

**Suggest. Ret. Price ..... EA \$1000.00**

### EXTENSION CORD

Cord has three-way outlet female connector on one end and three prong connector plug on the other end. Two pole, with thermoplastic

insulation, two conductor cables and ground wire. Plugs and outlets are integrally molded to cable jacket using same material. Conforms to UL standards J-C-1270. Cord is 125v, 10 amp (3/16 AWG) and has non-locking connectors. SJT round cable. Style 2 Class 2 Series 2 Kind 1.

# Facility Maintenance Equipment

## PAINT SPRAYERS

Open Market Sources: Graco, Wagner, Direct Line, MSC Ind. Supply Co., Grainger, McMaster Carr

## PLUMBING AUGER (*Water Closet Auger*)

Electric power auger (snake) kit.

5130-00-293-2852 ..... EA \$138.84

## PORTABLE ELECTRIC BELT SANDER (*Belt Sander*)

Belt sander with dust collection system that includes a fan, vacuum duct and removable dust bag. Features easy belt replacement and tension adjustment. For sanding wooden picnic table tops, benches and other wooden surfaces. Operates from 115V AC/DC power source. Fungus treated. Electromagnetic Interference (EMI) suppressed tool.

5130-00-889-8986 ..... EA \$223.81

## PORTABLE ELECTRIC CIRCULAR SAW

Circular saw operates on AC/DC 115V. With an 8' two wire cord and plug. Conforms to UL standards. Electromagnetic Interference (EMI) suppressed tool double insulated. 2-3/8" max. cut depth. 7" -7-1/4" diameter blade. Min. no load speed 5,200 rpm. 1/2 hp and a round 5/8" arbor. Comes in a durable carrying case.

5130-00-089-3353 ..... EA \$135.33

## PORTABLE ELECTRIC DRILL (*Electric Drill*) 3/8" Electric Drill

Chuck capacity, heavy-duty, double-insulated drill converts into a clutch screwdriver. Drill is reversible and has variable speed, with a no-load speed 0-1000 rpm and 0-1400 rpm. It has a reversible key jaw chuck and runs on 120v, 60Hz and has a rated current of 5.0 amps.

5130-00-142-5325 ..... EA \$105.30

## 1/2" Electric Drill

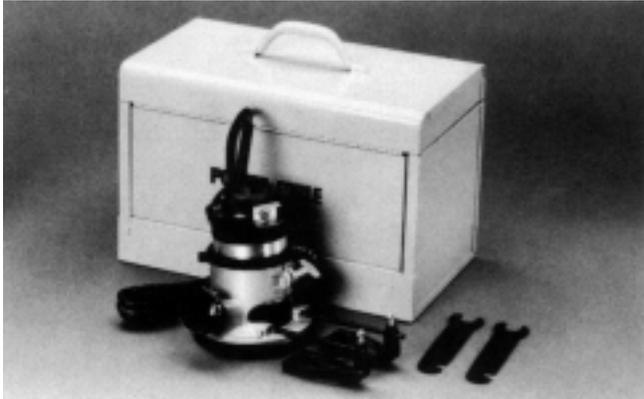

Chuck capacity, reversible, heavy-duty drill has a pistol grip handle and a removable side handle. It operates at variable speed and has a no load speed 0-550 rpm and 0-990 rpm. Double-insulated drill run on 120v, 60Hz and 5.0 amps W-D-1114.

5130-00-283-3231 ..... EA \$91.26

# Facility Maintenance Equipment

## PORTABLE ELECTRIC ROUTER (*Router Set*) Double Insulated, Fungus Treated

1/4" collet; 1/2 hp; 115v DC/120v AC. Nominal load speed 23,000 rpm. Two hand grips. Accessories: grinding wheel arbor, grinding wheel 1-1/2" diameter, 1/8" thick, and 1/4" arbor hole; hinged mortising bit 1/2" wide, 13/32" deep, and 1/4" shank; and hinge butt template guide. With handbook, collet wrenches and accessory part list. Electromagnetic interference (EMI) suppressed tool shown.  
**5130-00-990-4450 ..... EA \$198.69**

### Ball Bearing Construction

Depth adjustment. Two grips, straight and circular cutting guides. Case, manual, parts list and two collet wrenches included. Operates from 120v AC; 7/8 hp min.; 1/4" collet chuck. Has a 20,000 rpm min. no load speed. 8-1/2" high.

**5130-00-035-6160 ..... EA \$193.85**

### ROUTER BITS

Bits for Router NSN 5130-00-889-8986. 1/4" shank.

Open Market Source: Sears Roebuck, local hardware retailer.

## SANDING BELT REPLACEMENT

Sanding belt for belt sander FSN5130-00-889-8986. Belt size: 4" wide x 21" long. Grit: 40 for coarse sanding; 80 for medium sanding; 100 or 120 for fine sanding.

Open Market Source: Local hardware retailer.

## SPRAY WASHERS

Open Market Sources: Roto-Jet, Amtrex Tech, Proceco Ltd., CAT Pumps, Hotsy, MSC Ind. Supply Co., Goodway Tools Corp., Direct Line, Grainger, McMaster Carr

## TWIST DRILL SET (*Twist Drill Bit Set*)

### High speed steel

GCG-D-751. Fractional sizes. Straight short shank. Set of 13 drills, size 1/16" - 1/4" by 64ths. Comes in a metal case.

**5133-00-618-7783 ..... SE \$11.87**

### Set of 18 drills

Sizes 7/64 - 3/8" by 64ths. Comes in a metal indexed case. Aerospace Standard NAS 907.

**5133-00-980-3422 ..... SE \$54.05**

# Facility Maintenance Equipment

## Power Equipment

### CHAINSAW

Gasoline powered.

Federal Supply Schedule, FSC Group 61, Part V, Section A, 11/1/90 to 10/30/95, Multiple Award. Mandatory User (*Small requirement, \$300 minimum*)

Open Market Source: NH Northern (c/o Moore), COB Ind., Tanaka Int., Unitec, Direct Line (pg.10), A.M. Leonard, Inc., McMaster Carr, Grainger

### MOWERS

Open Market Sources: Toro Co., Comet Ind., NH Northern (c/o Moore), McMaster Carr, Grainger

### POWER AUGER/EARTH DRILL

Gasoline powered.

Federal Supply Schedule, FSC Group 61, Part V, Section A, 11/1/90 to 10/30/95, Multiple Award. Mandatory User (*Small requirement, \$300 minimum*)

### POWER GENERATOR

Gasoline powered, 120v AC power output. Federal Supply Schedule, FSC Group 61, Part V, Section A, 11/1/90 to 10/30/95, Multiple Award.

Mandatory User (*Small requirement, \$300 minimum*)

Open Market Sources: Armstrong Power Trade, Wabash, Generac Corp., Direct Line (pg.10, NH Northern (c/o Moore), McMaster Carr, Grainger, MSC Ind. Supply Co.

### WEED-EATER/BRUSH-CUTTER/TRIMMERS

Gasoline powered brush cutter.

Federal Supply Schedule, FSC Group 61, Part V, Section A, 11/1/90 to 10/30/95, Multiple Award. Mandatory User (*Small requirement, \$300 minimum*)

Open Market Sources: Sandvik Saws, Hoffco, Tanaka Int., Vermeer Mfg.(+stump cutters), MSC Ind. Supply Co., McMaster Carr, Grainger, A.M. Leonard, Inc.

### WINCHES

Open Market Sources: Shelby Ind., Ramsey Winch Co., Pullift, NH Northern (c/o Moore), Cabela's, McMaster Carr, Grainger

# Recreation Equipment—Facility Furnishings

## Campsite and Picnic Equipment

### BEAR-PROOF FOOD LOCKERS

Open Market Sources: BoxMaster, Haul All/McClintock Fab. Inc.

### BENCH

Park bench, with or without backrest. Free standing pedestal or permanent burial. Federal Supply Schedule: FSC Group 78, Part I, Section C, Class 7830, 9/1/92 to 8/31/97.

### DRAIN GRATES

#### Cast Iron Grates

For placement below hydrants, faucets; also for use around tree base. Grates allow accessibility for wheelchairs near faucets. 1/4" and 1/2" (max.) slot spacing.

Open Market Sources: Ironsmith, Inc.; Neenah Foundry Company

### DRINKING FOUNTAIN

Accessible drinking fountain. Push button or lever handle valve.

Open Market Sources: Haws; MDF; Murdock; Halsey Taylor; Sunroc

### EROSION CONTROL FABRIC

Woven fabric for re-establishing ground vegetation on eroded soil surfaces. Made of natural fiber. Biodegradable.

Open Market Sources: Belton Industries, Inc.

### FIRE RING AND GRILL

Federal Supply Schedule: FSC Group 78, Part I, Section C, Class 7830, 9/1/92 to 8/31/97.

### FLOOR SURFACING SUPPLIES

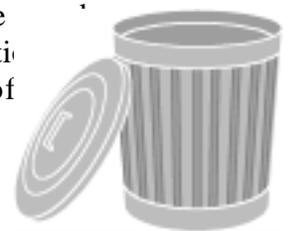

Open Market Sources: Musson Rubber Co., Koffler Sales Co. Mats, Revere, GARON Products Inc., THORO System Products, TAMMS IND. Co., Environmental Coating Sys. Inc

### FROST PROOF WATER HYDRANT

(Refer to Tech Tips)

### GARBAGE CAN

32 gal. can for garbage recycled materials collection. Rust-resistant can of galvanized steel has top and bottom rims of rolled-steel reinforced bands.

Corrugated sides are not easily dented. Comes without cover. Diameter of steel handles is 3/8". A-A-1069. Outside diameter at top rim is 20-7/8".

**7240-00-160-0440 ..... EA \$28.55**

Open Market Sources: Capital Industries, Inc., Haul All/McClintock Fab. Inc.

### GARBAGE CAN COVER

32 gal. garbage can cover of galvanized steel, with a sturdy steel handle. A-A-1069.

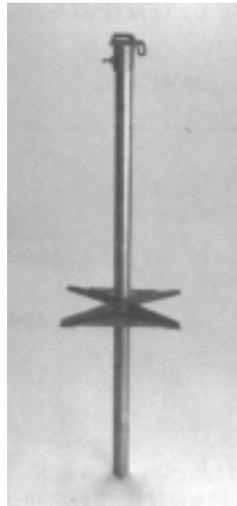

Inside diameter is 21-1/8".

**7240-00-161-1143 . ..... EA \$5.73**

# Recreation Equipment—Facility Furnishings

## GARBAGE CAN STAND

Rust-resistant, fixed-post stand holds garbage can 9" off ground and adjusts to support up to 32-gal cans. Prong at top of post loops through handle of steel can to prevent tipping or slipping. Post may be embedded in concrete. A-A-674.

Equipped with a single side arm for holding one can.

### Type I.

**7240-00-082-6174** ..... EA \$38.45

Equipped with two side arms for holding two cans.

### Type II.

**7240-00-082-6626** . ..... EA \$51.16

Portable, sturdy metal frame raises can 3" to 4" off the ground to prevent tipping or wind damage. Legs may be driven into soil for increased stability. Nylon cord or chain secures can lid to holder. Comes in kit form; assembly required. For cans with a diameter up to 21" and a capacity up to 32 gal. RR-S-700 Size B. 19-3/4" high overall.

**7240-00-562-8002** ..... EA \$19.38

## LANTERN HOLDER

Single or double lantern pole stand. For hanging propane gas or liquid fuel type lanterns. Reduces damage to trees. 2-3/8" OD steel pole, recommended for concrete burial installation. Available in galvanized or painted finishes.

Open Market Sources: Coleman; Iron Mountain Forge; Pilot Rock (R.J.Thomas)

## PICNIC TABLE

Standard and accessible table designs. Installation: portable, free-standing or permanent, burial pedestals. Material: 1. Aluminum; 2. Concrete; 3. Fiberglass; 4. Recycled Plastic; 5. Vinyl-coated, expanded metal; 6. Wood Federal Supply Schedule: FSC Group 78, Part I, Section C, Class 7830, 9/1/92 to 8/31/97

● Recycled plastic products

Open Market Sources: Dave Bang Associates, Inc., Texacraft, Belson Mfg. Co. Inc., Litchfield Ind., Inc, Wooden Environments Inc., Iron Mountain Forge, Fusion Coatings Incorporated (plastic), Outdoor Aluminum, Blue Valley Industries Inc(wood), Wausau Tile (c/o Terra-Form concrete), Detmers (c/o Quality Ind.Inc.), The Plastic Lumber Co.Inc., Natural Structures, MMI

## PICNIC TABLE ANCHOR

Earth anchor. For securing picnic tables and other camp site furnishings. Duckbill design allows easy installation into the ground. Wire rope loops around furniture and secures with a padlock.

(Note: Padlock not included).

Open Market Source: Foresight Mfg.

**Suggest. Ret. Price** ..... EA \$7.00

## PICNIC TABLE COVER

Fiberglass covers for table top and bench. For renovating worn wooden picnic tables surfaces. Fits over existing wood planks. Simplifies cleaning, does not absorb food oils. Attaches with metal straps.

Open Market Source: Seating Component Mfg.

**Suggest. Ret. Price** ..... SE \$236.00

## PICNIC TABLE PEDESTAL (concrete)

Solid, concrete, table/bench supports. Available in earth tone tints color or natural concrete. Reinforced with rebar.

Open Market Source: Environmental Features, Inc.; Petersen Mfg.

# Recreation Equipment—Facility Furnishings

## RECYCLED PRODUCTS

### Lumber

Open Market Sources: Albert Forest Product, Osmose, Hammer's Plastic Recycling

### Fencing

Open Market Sources: Shearline, Tenax Line, Amity Fence, Omega Fence Systems Inc., Osmose, Hammer's Plastic Recycling

## RECYCLING CONTAINERS

Open Market Sources: Capital Industries Inc., MOD, Cecor, Hodge Mfg., Haul All/McClintock Fab. Inc., Toter, Otto Industries Inc., National Recycling Equipment Co., Krueger International, United Metal Receptacle Corp., Vital Visions Corp., Hammer's Plastic Recycling

## Brushes and Scrapers

**Open Market Sources:** Torrington Brushes, Goodell Inc., US Safety & Supply, McMaster Carr, Grainger, MSC Ind. Supply Co.

## TOILET BUILDINGS

### Concrete (Pre-Cast/Block)

**Open Market Sources:** US Precast Inc., Pre-Cast Building System Inc., Concrete Systems Inc., Romtec Inc., CWT Inc. Environmental Division, SIERRA WINDS

### Vault Type.

Sweet Smelling Toilet (SST) design. Remote site, waterless system. Unisex unit, incorporates basic SST venting technology and accessible for people with disabilities. Includes building, vault (750-gal), riser, and form for concrete.

**Open Market Sources:** Romtec Inc.  
**Suggest. Ret. Price** ..... EA \$5,000-\$7,000

### Composting Type

Tank assembly only. Made of cross linked polyethylene plastic or fiberglass construction.

**Open Market Sources:** Advance Composting, Inc.; Clivus Multrum, Inc.; CTS, Inc.

**Approx. Ret. Price** ..... EA \$5,000

### Chemical Recirculating Type

Small capacity (70-gal), portable, chemical recirculating toilet. Accessible model, with hand-operated flush handle.

**Open Market Sources:** Monogram Sanitation, Inc.  
**Suggest. Ret. Price** ..... EA \$2,500

### Fiberglass Type

**Open Market Sources:** Uni-Lav, SIERRA WINDS

### Portable Units

**Open Market Sources:** PolyTank, Incinolet—Electric Powered Toilet

### Porta-Potti Chemical Type

Waterless, portable, uni-sex, cabana-style toilet. 40- to 60-gal holding capacity. Accessible model.

Use as a temporary facility in remote sites.  
**Open Market Sources:** Satellite; Poly-john; Olympic Fiberglass; Poly Portables; L & L Mfg.  
**Suggest. Ret. Price** ..... EA \$2,000

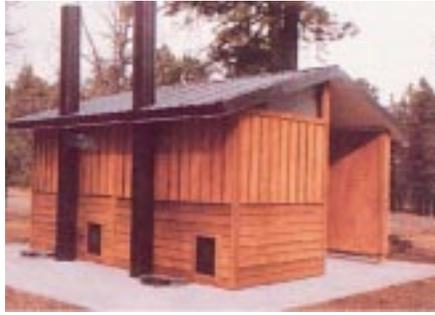

### Rental Units

**Open Market Sources:** Advance Containment Systems Inc.

# Recreation Equipment—Facility Furnishings

## Wood Type

Open Market Sources: Romtec Inc, American Leisure Designs Inc., SIERRA WINDS

## TRASH DUMPSTER/CONTAINER

1-1/2 and 3 cu yd capacity. Two, hinged, plastic lids.

Open Market Sources: Capital Industries; Consolidated Fabricators; McClintock Metal Fabricators (Haul-All); BoxMaster

Open Market Sources: Marathon Equipment, Meese Orbitron Dunne Co., MSC Ind. Supply Co, PW Athletic Co., Clean City Squares Inc., Consolidated Plastics Co.Inc., Otto Industries Inc, Hammer's Plastic Recycling

## VALVE LOCKOUT COVER

Rigid, non-adherent plastic covers. For use on propane tanks, water lines, irrigation valves. Secures valve and prevents tampering. Designed to accept standard padlocks. Covers consist of two flattened half-moons that completely cover the valve handle. Specify valve handle size, available in 5 different sizes to fit valve handles from 2" to 13" diameter.

Open Market Sources: American Lock Company; Direct Safety Company

## WATER FAUCETS

Accessible bib-type faucet. For outdoor application. Self-closing paddle-type handle lever, requiring less than 3-lb user force to actuate valve. Vandal-resistant stem cap to conceal stem nut and set pin. Plain outlet with no hose thread for attaching garden hose. Inlet: 1/2-in NPT male. Rough brass finish.

Open Market Source: Haws Drinking Faucet Company

**Suggest. Ret. Price ..... EA \$88.00**

Other Open Market Sources: MURDOCK, SUNROC, Powers Process Controls, Most Dependable Fountains, Woodford Manufacturing Co.

## Bubbler/Valves/Filters

Open Market Sources: Moran Manufacturing Inc., Hydrodynamics, World Water System, Sea Recovery, Cabela's, L.L. Bean Casco, REI

# Recreation Equipment—Facility Furnishings

## **WATER SYSTEM / IRRIGATION VALVE BOX**

Rigid, polyethylene plastic box with latching lid. For placement over underground plumbing control valves. Provides security and maintenance access to water system valves and other controls.

Open Market Sources: Polyplastics Products; Amatek; Quazite Corporation

## **WELL HAND PUMPS**

Hand-operated pump. For campground water system. Fits on 4-6" well casing.

Open Market Sources: Baker Mfg. Co.; Dempster Industries

## *Other Support Equipment*

### **BICYCLE RACK**

Stationary rack suitable for accommodating 5-10 bicycles with wide all-terrain style tires. Welded galvanized pipe construction. Free standing or concrete burial installation.

Federal Supply Schedule: FSC Group 78, Part I, Section C, Class 7830, 9/1/92 to 8/31/97

### **BOAT DOCK/FISHING PIER/WATER ACCESS RAMPS**

Open Market Sources: Follansbee; Shore Master; Superdeck; Meeco, Hallsten Corporation, T&S Equipment Co., B&P Mfg. Inc., ET Technics Incorporated, Steadfast Bridges, Ravens Marine, Inc., TOPPER, Shoremasters, MMI
