

Testimonials

Cissie Engelbert for her work on the Heber Wild Horse Management Project-- Hi Anton, I just wanted to let you know that one of our clients on the Apache-Sitgreaves, Dave Evans, filled my ear with profuse praise for Cissie's performance on the Heber Wild Horse Mgmt Project. He said he's been thrilled with Cissie's knowledge, professionalism and capability on this project, in particular her expertise in moving the Allowable Management Level analysis forward through multiple reviews and revisions. He said she's super easy to relate to and he has really enjoyed working with her on this project! I completely agree! Cissie has really been the backbone of this project leading the analysis of the Allowable Management Level, bringing forward all of her range and botany knowledge, as well as specific wild horse process to keep us moving in the right direction. I would be completely lost without her! In addition, I just really enjoy talking with Cissie and interacting with her. She often helps me work through concepts and problem solve. She's one of my favorite people to talk with! Shirley Frank-Environmental Coordinator, Enterprise Program

Katherine-Malengo, for her work on the Kaibab Plateau Ecological Restoration Project wildlife reports- The reports are well-written and very thorough. Great job! Natasha Kline, Kaibab National Forest, Forest Biologist (retired).

Valerie Stein Foster for her work on the Cibola Forest Plan Revision effort- Valerie Stein Foster is the wildlife lead for our Cibola Plan Revision contract. She has been instrumental in moving the wildlife portion of our Draft EIS and BA process forward. Her extensive knowledge, experience, and guidance from conducting plan revision at the Kaibab NF makes Valerie a key member of our extended planning team. She has exceeded our expectations in regard to product timeliness, technical writing, and coordination with the Region 3 staff. In addition, she has provided a high level of expertise in regard to implementation of the 2012 planning rule and directives for SCC and at-risk species. We have been extremely satisfied with Valerie's role on our team and look forward to future opportunities for contracting with her again—Sarah Brown, Cibola National Forest, Forest Planner
