FOREST SERVICE FIRE & AVIATION QUALIFICATIONS GUIDE

February 28, 2011
File Code: 5100  Date: February 14, 2011

Route To:

Subject: Change to FSH 5109.17, Issuance of Forest Service Fire and Aviation Qualifications Guide

To: Regional Foresters, Station Directors, Area Director, Regional Fire Directors, Regional Aviation Officers

Forest Service (FS) policy relating to Fire and Aviation Management Qualifications in the FSH 5109.17 is outdated due to the rapid changes in training courses and career development processes. This creates serious problems for FS personnel in meeting qualifications as well as succession planning.

Effective February 28, 2011, “The FS Fire and Aviation Management (FAM) Qualifications Guide” will replace Chapters 20, 30 & 40 of the FSH 5109.17 and will be referenced in the FSH 5109.17 Chapters Zero Code and 10 Code as policy. The Forest Service Fire and Aviation Qualifications Guide will be on the FS FAM web page at: http://www.fs.fed.us/fire/index.html with current requirements for FAM positions.

This guide will be updated annually in conjunction with the National Wildfire Coordinating Groups issuance of the PMS 310-1 Wildland Fire Qualification System Guide as well as when updates are issued to the PMS 310-1.

Maintaining this guide will be the responsibility of the Branch Chief, FAM Training, and an advisory council consisting of the Regional training officers, selected subject matter experts, and a union representative.

Please direct any questions about this update to Jill McCurdy, Branch Chief, Fire and Aviation Training, at jmccurdy@fs.fed.us or 208-387-5737.

/s/ JAMES E. HUBBARD

2.0 - INTRODUCTION

This chapter sets out the interagency requirements outlined by the National Wildfire Coordinating Group (NWCG) in the Wildland Fire Qualification System Guide, PMS 310-1, additional interagency requirements outlined in guides referenced in Zero Code of the FSH 5109.17, and additional Forest Service requirements for incident and prescribed fire management positions.

In addition, standards established for technical specialist positions are included in this handbook.

The complete list of 4-letter position job code identifiers, which are approved by the NWCG Position Naming Board, are maintained on the Incident Qualifications and Certification System website: [http://iqcs.nwcg.gov/](http://iqcs.nwcg.gov/).

Direction related to training courses, delivery, equivalency, and instructor qualifications can be found in chapter 3 of this Guide.

The National Fire and Aviation Executive Board developed the Interagency Fire Program Management Qualifications Standards and Guide (FSM 5108), which contains minimum qualification standards for fire and aviation management positions. Direction related to competencies for fire and aviation management positions is contained in chapter 4. Additional information can be found at [http://www.ifpm.nifc.gov/](http://www.ifpm.nifc.gov/).

2.1 - QUALIFICATION FOR INCIDENT AND PRESCRIBED FIRE POSITIONS

This section sets out the additional requirements for skills, training, and prerequisites for Forest Service employees for the incident and prescribed fire management positions. Qualifications for
each position include the minimum acceptable levels of training, experience, physical fitness, and/or currency requirements (ch. 2) except where noted in this Guide.

Job descriptions and duties for these positions are listed in the NWCG Fireline Handbook, PMS 410-1, or in the interagency guides and agency directives listed in Zero Code of the FSH 5109.17.

1. The successful completion of a position task book during an appropriate number of evaluation assignments is the indicator of qualification. For positions that do not have a position task book, the Forest Qualification Review Committee shall review and recommend to the certifying official an individual’s certification and qualification, based on objective factors such as performance evaluations and visual observation of performance of duties of the positions.

2. Personnel who have learned skills from sources outside the wildland fire management curriculum may not be required to complete specific NWCG courses in order to qualify in an incident and prescribed fire management position (sec. 3.2 - Course Equivalency).

3. Personnel currently employed by state agencies or other non-Federal cooperators (such as rural, county, and city fire departments) and hired as Administratively Determined (AD) personnel participating in cooperative fire management efforts, must be compliant with the minimum position requirements specified in the NWCG Wildland Fire Qualifications Systems Guide, PMS 310-1. Additional training requirements contained within this handbook do not apply to these individuals when they are hired,
since the Forest Service is hiring these individuals on a temporary basis to perform in positions where their agency has already certified them.

4. For contract fallers and equipment operators, hired under Emergency Equipment Rental Agreements (EERAs), designated for fireline operations, the hiring unit or hiring official is authorized to evaluate their knowledge, skills, abilities and associated certifications or past performance records. Individuals who serve in these positions and have existing contracts which outline specific knowledge, skills, and abilities may utilize these documents as evidence. If determined sufficient, these individuals may be utilized as a resource on local incidents, when they can be supervised by falling bosses, dozer bosses, or other similar certified supervisors.

When employed specifically for their occupational skills, physical fitness testing and course requirements for these positions do not apply (FSM 5134.2). Pursuant to section C of PMS 310-1, "Agencies shall not certify private contractors except where formal agreements are in place". The Forest Service obligation is to monitor and evaluate the performance and safety of these technical specialists.

2.2 - CERTIFICATION

1. All regular Forest Service personnel and cooperators employed by the Forest Service under the Pay Plan for Emergency Workers (Interagency Incident Business Management Handbook, PMS 902-1) and assigned Incident Command System (ICS) positions must be judged to be technically and physically qualified to fill their positions.
2. Qualification for a position in the NIMS/ICS organization depends on proven ability (sec. 2.1). Training, experience, and physical fitness are prerequisites for qualification. However, certification to hold an ICS or prescribed fire position is determined through evaluation of performance as a trainee in the target position (if required), or in a prerequisite assignment.

The Washington Office, Regional or Forest Qualification Review Committees shall determine when the individual is prepared to advance to the next higher level and make recommendations to the certifying official. Documentation of the recommendation and decision shall be placed in the employee's master record file (sec. 2.21).

3. Each employee's incident and prescribed fire position qualifications (including physical fitness and experience) must be re-evaluated annually by the certifying official to determine certification, recertification or decertification and a new Incident Qualification Card must be issued. This includes all Forest Service employees as well as Administratively Determined (AD) employees certified by the Fire Program Management Staff Officer.

4. Employees transferring to the Forest Service from another NWCG agency must be re-evaluated by the certifying official to determine certification.

5. The Fire Program Management Staff Officer should ensure that a system is in place to establish priorities for training and currency assignments.

6. A Qualification Review Committee shall be established on each unit (Washington Office, regional office, or forest) to review and recommend certification of personnel to
the certifying official. At a minimum, the committee shall include the Fire Management Staff Officer, a line officer representative, Incident Qualifications and Certification System (IQCS) Administrator, and a representative from the National Federation of Federal Employees (NFFE) or other appropriate Forest Service union official, as well as representatives knowledgeable of the unit's personnel. Deliberations, rationale and decisions must be documented as appropriate to establish criteria and provide background for employee performance enhancement planning.

a. The Washington Office Review Committee (WQRC) shall review all individuals possessing Area Command and Type 1 Command and General Staff position qualifications, who are assigned to the Washington Office.

b. Regional Qualification Review Committees (RQRCs) shall review all individuals possessing Area Command and Type 1 Command and General Staff position qualifications who are assigned in that Region.

c. Forest Qualification Review Committees (FQRCs) shall review all individuals possessing Type 2, or lower, position qualifications.

7. If an individual is serving in the designated 3 year Task Book completion period and an amendment to FSFAQG is issued, the position standards, contained in the amendment apply.

8. If amendments to FSFAQG are issued which identify additional required training for positions, such training will not be required for individuals qualified and current for those positions at the time of amendment. There may be exceptions, examples include
Homeland Security Presidential Declaration #5 (HSPD-5) which required successful completion of IS-700 for all employees, whether or not they were previously qualified.

Recommendations from Accident/Incident Abatement Plans may also require training for all employees, whether or not they were previously qualified. An example is the Time Pressure Simulation Assessment for all Incident Commanders, Type 3. Field units will be notified when additional training is required through a letter from the Deputy Chief of the training requirement and who it applies too.

9. Specific training may be required by the Occupational Safety and Health Act regarding hazardous waste operations during emergency response and may be coordinated by Occupational Safety Health Administration (OSHA).

2.21 - Annual Fireline Safety Refresher

Detailed information on refresher training can be found in chapter 3, 3.13.

2.22 - Record Keeping

Beginning with the March 26, 1990, amendment to FSH 5109.17, the Forest Service requires that certification records supporting qualifications on the employee's Incident Qualifications Card be maintained. The forest fire program management staff officer on each Forest shall ensure that certification records are maintained.

1. A file folder in paper copy format must be maintained for each employee for records related to certification in fire and aviation management positions. These records must be centrally located on the unit and readily accessible to the fire program manager. The fire
program manager shall determine the centralized location of the records and provide direction to the units.

2. The contents of these folders shall include:

   a. All relevant evidence of course completion related to position qualifications. Relevant evidence may consist of training certificates, copies of course completion rosters and/or completed Request for Training (SF-182) forms, or other third party validation that the training has been successfully completed. Documents from the course lead instructor or course coordinator, certifying that the employee successfully completed the training, are acceptable.

   Only the lead instructor, course coordinator, or an individual who can validate the responder's successful completion of the training can provide third party evidence to substantiate course completion. An individual who also attended the course is not acceptable third party evidence.

   b. Individual Performance Rating, Form ICS 226. Prior to the implementation of Position Task Books in February 1994, the Individual Performance Rating, Form ICS 226, served as evidence that the employee satisfactorily performed in a position.

   If an Individual Performance Rating recommending the individual for certification cannot be located for the periods from March 1990 through February 1994, verification can be accomplished with a letter or e-mail from the final evaluator validating:

   (1) A recommendation that the individual be considered for certification.
(2) A list of the incident(s) and date(s) when the final evaluation and previously recommended certification was completed.

c. Position task book verification (the inside front cover of task book, showing recommending final evaluator and Certifying Official's signatures and dates). If no copy of a qualifying position task book verification page can be located, verification may be accomplished with a letter or e-mail from the final evaluator validating:

(1) Satisfactory completion of all tasks.

(2) A recommendation that the individual be considered for certification.

(3) A list of the incident(s) and date(s) when the final evaluation and previously recommended certification was completed.

d. Other Documented Evidence of Continued Certification. When course completion and position task book verification evidence is missing, the certifying officials must also document that the employee was eligible for certification and their decision to continue to certify the employee in the position. In each case, the certifying officials must document their rationale to retain the employee’s qualification.

e. Yearly updated Incident Qualifications and Certification System Responder Master Record (RPTC028) from IQCS.

3. Decertification. Decertification of an individual’s ability to perform is the responsibility of the employing line officer at the Washington Office, region, forest, or district level. Decertification records shall be maintained in the employee development folder (EDF), which is maintained by employee’s work supervisor.
4. Record Keepers must take the IQCS course. Everyone that takes the IQCS course must sign a “Statement of Responsibility” and “IQCS Rules of Behavior”. The Statement of Responsibility form identifies “GENERAL BUSINESS PRACTICES - INCIDENT QUALIFICATIONS AND CERTIFICATION SYSTEM (IQCS)”. These forms commit them to uphold security requirements within IQCS. This includes commitment to adequately protect and not share individual user IDs and passwords. In support of these agreements, all those Agency employees that have authorized access to IQCS shall maintain strict access/security protocol. If they are found in violation of the protocol, their access will be suspended and the following mitigation(s) will apply:

First Violation: The supervisor, certifying official or staff officer shall determine the violation causal factor(s) and develop a mitigation plan of action. Causal factors may include, but not be limited to, inordinate volume of data entry; insufficient authorized staff; inappropriately targeted account holder; insufficient protection of user ID and password; pressure to share access, etc. The plan of action will require total mitigation by the represented unit. Individual access will be reinstated after the plan is completed and submitted to and approved by the Agency IQCS Representative.

Second Violation: Re-evaluation of first violation mitigation. Removal of access until the user completes a review of IQCS “Statement of Responsibility” and “IQCS Rules of Behavior” associated with security responsibilities.

Third Violation: Re-evaluation of first violation mitigation. Removal of access until the user completes the next available Security Training in AgLearn. Individual
access will be reinstated with the submission of Certificate of Training to the Agency IQCS Representative.

Fourth Violation: Permanent removal.

2.23 - Position Task Books

Position Task Books (PTB) identify all critical tasks required to perform the job for most standard incident management and prescribed fire positions. Position Task Book Responsibilities are contained within the Wildland Fire Qualification System Guide, PMS 310-1.

1. An individual may not have more than six active position task books at one time. No more than two of the six allowed position task books may be in a single functional area, including prescribed fire positions. The functional areas include:

   a. Command and General Staff

   b. Finance

   c. Logistics

   d. Operations

   e. Air Operations

   f. Planning

   g. Prescribed Fire.
h. Incident Support and Associated Activities (examples include Expanded Dispatch or Wildland Fire Investigation).

2. In a few instances, agency or interagency position task books have been developed for positions outside those identified in PMS 310-1. Where these PTBs exist and have a Forest Service Logo on the front page, they shall be used to complete performance evaluations. The PTBs will be reviewed for qualification using the same procedures as those sponsored by NWCG.

3. For positions that do not have a position task book, the Forest Qualification Review Committee shall review and recommend to the certifying official an individual's certification and qualification, based on objective factors such as performance evaluations and visual observation of satisfactory performance of position duties.

2.24 - Currency Requirements

1. Currency requirements are contained in PMS 310-1. Currency requirements for air operations positions may also be met by performing on a day-to-day basis or on special projects, such as aerial spraying, search and rescue, and aerial ignition on prescribed burns. The day-to-day operational standards for these positions are governed by the procedures outlined in the Interagency Helicopter Operations Guide (IHOG).

Currency requirements for Security Manager (SECM) and for Security Specialist Type 1 (SEC1) may also be met by employment in good standing as a Forest Service Criminal Investigator or Law Enforcement Officer performing security and law enforcement work.
The day-to-day operational standards for these positions are governed by the procedures outlined in FSM 5300 and FSH 5309.11 and must be followed in order to meet the currency standard. Such law enforcement personnel meeting these currency requirements shall be identified as provided for in FSH 5109.17, Zero Code, Section 04.1-2 and Section 04.3-3.

2. Position experience is considered as qualifying only if the individual has previously met all prerequisite requirements for the position assignment.

3. If a position currency on an individual’s Qualifications Card expires while they are performing that position on an assignment, the individual shall be allowed to complete the assignment. However, they shall not be reassigned in any expired position by the incident or home unit until they have re-established currency through the FQRC for that position.

2.25 - Recertification

Management evaluation of an individual's competency is key to recertification where qualifications have expired.

1. If currency has lapsed, the individual shall revert to the trainee level in the position for which currency has lapsed and shall be issued a position task book for the position, complete on-the-job-training if needed, complete any additional required training courses which have been added to the position for which they are attempting to recertify and requalify in the related position performance assignment.
2. Incident Commanders, Type 3s, who have lapsed currency shall complete an approved Time Pressure Simulation Assessment (TPSA) prior to being recertified.

2.26 - Decertification

The decertification procedures in this section are intended to ensure safe and effective individual performance in assigned ICS, Wildfire Skill, Technical Specialist, and Prescribed Fire Skill positions. These procedures are also intended to provide supervisors and managers with an additional mechanism to ensure employee safety.

Decertification is the process of removing or reducing an individual’s fire suppression and/or prescribed fire management position(s) qualifications. Decertification is not an adverse action; an employee may be recertified according to the procedures set out in section 2.25.

Different procedures are utilized to address individual performance issues in areas other than fire suppression and prescribed fire management. Refer to Agency Human Resources Policy.

2. Causes for Decertification. There are three causes for losing certification (decertification):

   a. An employee who currently holds a certification does not meet the currency requirements as specified by this Guide.
b. An employee voluntarily surrenders the employee’s certification of qualifications or requests to be qualified at a lower level of responsibility.

c. As an individual or a member of a crew, incident management team, or prescribed fire team, an employee performs actions that violate recognized standard operational procedures or identified safety procedures that are determined to have been instrumental in the endangerment of fire management personnel or the public.

Examples of instances that may warrant decertification include:

(1) Deliberately disregarding identified safe practices.

(2) Taking insubordinate actions that lead to unsafe conditions.

(3) Intentionally misrepresenting fire qualifications.

(4) Ignoring prescriptive parameters identified in approved burn plans.

3. **Performance Evaluation and Documentation.** Performance of personnel shall be evaluated on each incident. The Forest Service shall utilize the adopted interagency team and individual performance rating forms (or recognized equivalent) when evaluating the performance of individuals.

All actions that violate established safety procedures shall be documented; associated deficient performance evaluations must also be completed. Performance reviews, especially those that trigger consideration of decertification, shall be coordinated and tracked.

4. **Responsibility for Performance Evaluation and Decertification.**
a. **Incident Commander.** The incident commander and local unit manager are responsible for providing oversight of the initial performance review process.

Inherent within the authority delegated to all incident commanders is the responsibility to relieve from assignment and demobilize any personnel for safety violations. Incident Commanders, however, do not have the authority to decertify individuals. Incident Commanders are responsible for providing documented reasons for relieving an individual, forwarding the information to the individual’s home unit, and including a copy of the individual’s performance rating in the documentation package.

b. **Forest Fire Program Management Staff Officer.** The forest fire program management staff officer at the home unit is responsible for initiating an administrative review to determine if decertification is appropriate.

Any decision to decertify an individual should include a determination of whether remedial actions are appropriate to recertify the individual and a description of the recommended remedial actions.

During an evaluation of decertification, individual qualifications may be temporarily suspended. Judgments about qualifications can be made through expert mentoring, independent assessment, or the line officer’s judgment relating to the individual’s performance capabilities.

c. **Washington Office, Regional and Forest Qualification Review Committee.** The Washington Office, Regional Office, and Forest Qualification review committees are a key component in the certification and decertification of individuals. Qualification
review committees should operate according to procedures delineated in other sections of this handbook and in FSM 5120.

Qualification Review Committees shall review individual qualifications and certification and shall address and recommend to the certifying official decertification for anyone they have reviewed for certification. If the review occurs at the forest level, the individual reviewed shall have appeal rights with the Regional Qualification Review Committee. If the review occurs at the regional level, the individual reviewed shall have appeal rights with the Washington Office Qualification Review Committee.

5. **Individuals Relieved from Fire Assignment.** Individuals who have been relieved from an assignment shall not be reassigned to any incident until the certifying official approves the suitability of the individual to perform the duties associated with the qualifications for the position.

6. **Interagency Teams.** Interagency teams or groups fall outside Forest Service authority. These teams or groups function and operate at the sole discretion of the chartering group. Teams or groups may be formed, disbanded, held in abeyance, or re-formed at the discretion of the appropriate level of the chartering interagency group, according to applicable standards for each team. Examples of these interagency teams or groups are:

   a. Area Command teams chartered and formed by the National Multi-Agency Coordinating Group.

   b. National Type 1 teams chartered by geographic area coordinating groups.
c. Area Type 2 teams chartered by geographic area coordinating groups or by an individual sub-geographic area group.

7. Crews. Type 1 crews are decertified according to procedures developed nationally. Type 2 crews are decertified on a geographic or sub-geographic area basis.

2.3 - PHYSICAL FITNESS STANDARDS AND DEFINITIONS

Minimum physical fitness standards for positions are contained within the PMS 310-1. Fitness standards for technical specialist positions can be found in Chapter 2, pt 2.

2.31 - Physical Fitness Requirements

Requirements for physical fitness are identified as arduous, moderate, light, and none required. Reference the Wildland Fire Qualification System Guide (310-1) for descriptions.

Personnel taking the work capacity test (WCT) will only complete the level of testing (pack, field, walk) required by the highest fitness level identified for a position on their incident qualification card. To further clarify, employees shall not take the WCT unless they have an incident qualification that requires it, and only at the fitness level required by that position as identified in this document.

For any position assigned to the fire line for non-suppression tasks, the required physical fitness level shall be “Light”. Visitors to the line are not “assigned to the line for non-suppression tasks” and therefore are subject to incident commander discretion and/or the guidelines as
addressed in “Visits to the Fireline”, “Non-Escorted Visits” and/or “Escorted Visits” in the Interagency Standards for Fire and Fire Aviation Operations (Red Book), if applicable.
2.32 - Physical Fitness Measurement

The work capacity test is the physical fitness measurement recognized by the Forest Service.

2.33 - Fitness Development

Fire personnel required to meet the arduous level for their assigned wildland fire positions shall be provided official time for rigorous exercise to prepare for and maintain the arduous level:

1. Fire funded employees (assigned to fire crews and identified in the Fire Management Action Plan) shall be allowed up to 5 hours per week of physical training when not engaged in wildland fire operations.

2. Employees not funded by fire shall be allowed up to 3 hours per week of physical training, consistent with the local wellness programs. The applicable time is up to 6 months prior to scheduled testing and after passing the test, until the end of the proclaimed fire season. Fire program funds may be used for approved physical training time based on guaranteed availability for fire-related assignments.

The employees and their supervisors shall discuss and schedule opportunities during the work week for fitness activities.
2.4 - MEDICAL STANDARDS [RESERVED]

2.5 - HEALTH SCREENING QUESTIONNAIRE [RESERVED]

2.6 - INCIDENT QUALIFICATION CARD

2.61 - PMS 310-3, Incident Qualification Card Signing Authority

Signing Authority for Incident Response Qualifications Cards resides in the FSH 5109.17, Zero Code, 04-Responsibility.

Certification and documentation requirements must be met prior to signature of Form PMS 310-3, Incident Qualification Card.

Qualification and certification of employees shall be performed by the “hosting” Forest which mobilizes the employee. This includes employees in the Information Services Organization (ISO), Albuquerque Service Center (ASC), Research Stations, Law Enforcement and Investigations, and so forth.

For further direction on delegations of authority and responsibility for positions in the Fire and Aviation Management Program, see FSM 1230 and FSM 5100.

Incident Qualifications Card expiration dates:

a. Positions requiring work capacity tests (WCT) are valid through the fitness expiration date listed on the card.

b. Positions not requiring WCT for issuance are valid for 12 months from the date the card was signed by a certifying official.
2.7 - POSITION QUALIFICATIONS

2.71 - NWCG Positions

The NWCG Operations and Workforce Development Committee (OWDC) has established minimum position qualification standards for four of the position categories: Incident Command System, Wildland Fire, Incident Support, and Associated Activities. Those minimum standards are contained within the PMS 310-1.

Chapter 2 pt 1, Exhibit 01 provides the minimum position standards contained within the 310-1, as well as the Forest Service supplement including training requirements, experience, physical requirements, and other positions meeting currency requirements for the four position categories.

Chapter 2 pt 2 provides the minimum position standards that the Forest Service has established for the technical specialist positions.

* The Position Task Book (PTB) for the Single Resource Boss positions differs from other PTBs. The first sets of tasks, common to all the Single Resource Boss positions, are the same as those required for the Crew Boss position. Additional specific tasks are required for the other types of Single Resource Boss positions (Engine, Dozer, Tractor/Plow, Felling, and Firing). When the PTB is issued to a trainee, the appropriate position(s) should be identified by crossing out the inappropriate positions on the cover. The trainee then needs to be signed off for all of the common tasks as well as those additional tasks that apply to the specific resource. Whether or not a qualified Single Resource Boss must re-complete the tasks common to all Single Resource Boss positions to become qualified as a Single Resource Boss for another resource is up to the discretion of the home unit (310-1,).

FOREST SERVICE ADDITIONAL REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
S-211 Portable Pumps and Water Use
S-212 Wildfire Power Saws

310-1 REQUIRED EXPERIENCE
Satisfactory performance as a Firefighter Type 2 (FFT2)
  +
Successful position performance as a Firefighter Type 1 (FFT1) on a wildland fire incident

310-1 PHYSICAL FITNESS LEVEL
Arduous

310-1 OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Incident Commander Type 5 (ICT5)
Any higher position for which this position is a prerequisite

310-1 OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
S-212 Wildland Fire Chain Saws
S-211 Portable Pumps and Water Use

Task Book available at:
http://www.nwcg.gov/pms/taskbook/operations/operation.htm

Note: The Firefighter Type 1 (FFT1) and Incident Commander Type 5 (ICT5) Position Task Books have been combined. However, the positions have not been combined. The FFT1 tasks are completed only once; additional tasks must be completed to meet the ICT5 level. The FFT1 and ICT5 tasks can be completed simultaneously. The Required Experience is satisfactory performance as a Firefighter Type 2 (FFT2).
27.1 - Exhibit 01--Continued

POSITION QUALIFICATIONS SECTIONS
Operations Positions

FIREFIGHTER TYPE 2 (FFT2)
Position Category: Wildland Fire

310-1 REQUIRED TRAINING
Basic Firefighter Training:
   I-100 Introduction to Incident Command System*
   L-180 Human Factors on the Fireline
   S-190 Introduction to Wildland Fire Behavior
   S-130 Firefighting Training
RT-130 Annual Fireline Safety Refresher**
FOREST SERVICE ADDITIONAL REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction

310-1 REQUIRED EXPERIENCE
None

310-1 PHYSICAL FITNESS LEVEL
Arduous

310-1 OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Any higher position for which this position is a prerequisite

310-1 OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

Note: For the FFT2 position, satisfactory completion of the required training meets the position qualification requirements. This position does not require completion of a Position Task Book.
*I-100 Online link: http://training.nwcg.gov/classes/i100.htm
**Note: Annual Fireline Safety Refresher (RT-130) is not required for the first year as a Firefighter Type 2 (FFT2); however, it is required for subsequent years.

AUTHORITY
Federal delegated acquisition authority to obligate Government funds of $100,000 or greater.
The Position Task Book may be initiated prior to receiving delegated authority. Certification may not be granted until delegated authority has been obtained.

310-1 REQUIRED EXPERIENCE
Satisfactory performance as an equipment Time Recorder (EQTR)
  + Successful position performance as a Procurement Unit Leader (PROC)

FOREST SERVICE REQUIRED EXPERIENCE
Successful position performance as a Procurement Unit Leader (PROC)

The Forest Service deviates from the 310-1 by not requiring prerequisite experience of Equipment Time recorder. Forest Service Procurement Unit Leaders must be qualified Contracting Officers (FSH 6309.32) and, by policy, they will not be mobilized into positions other than those that also require delegated acquisition authority (that is Buying Team Leader).

Table of Contents

2.7 - Technical Specialist Position Qualifications ................................................................. 2
2.7 - Technical Specialist Position Qualifications

Each agency is tasked by the NWCG Operations and Workforce Development Committee (OWDC) with establishing minimum certification and qualifications standards for technical specialist positions. Section 2.7 provides position qualifications including training requirements, experience, physical requirements, and other positions meeting currency requirements for the technical specialist position category.

NWCG does not provide minimum standards for these positions. These positions are not contained within the National Wildland Fire Qualification System Guide, 310-1. A listing of approved titles and position job codes of identified technical specialists can be found on the Incident Qualifications and Certification System website: http://iqcs.nwcg.gov/.

For positions that do not have a position task book, the Washington Office, Regional or Forest Qualification Review Committee shall review and recommend to the certifying official an individual's certification and qualification, based on objective factors such as performance evaluations and visual observation of performance of duties of the positions.

ACCOUNTING TECHNICIAN (ACCT)

REQUIRED TRAINING
I-100 Introduction to Incident Command System*
I-200 Basic Incident Command
IS-700 National Incident Management System (NIMS), An Introduction
S-260 Interagency Incident Business Management

REQUIRED EXPERIENCE
On-the-job exposure to fire payment processing where applicable**
   OR
Voucher Examiner Knowledge or Experience
   OR
Unit Timekeeper

PHYSICAL FITNESS LEVEL
None

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Buying Team Member (BUYM)

* Online training at: http://training.nwcg.gov/classes/i100.htm
** Requirements contained in Forest Service Handbook (FSH) 6509.13a, Assistant Disbursing Officer Handbook.
AERIAL OBSERVER (AOBS)

REQUIRED TRAINING
A-101 Aviation Safety (All Aircraft)
A-105 Aviation Life Support Equipment
A-106 Aviation Mishap Reporting
A-107 Aviation Policy and Regulations 1
A-109 Aviation Radio Use
A-113 Crash Survival
IS-700 National Incident Management System (NIMS), An Introduction

REQUIRED EXPERIENCE
For mobilization on the local unit, the Forest Qualification Review Committee shall determine the required experience necessary to perform in the position.

For mobilization off the unit:
Incident Commander Type 5 (ICT5)

AND
Satisfactory performance as an Aerial Observer (AOBS)

PHYSICAL FITNESS LEVEL
None

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
I-200 Basic Incident Command System
S-270 Basic Air Operations
Local on-the-job orientation or Developed Aerial Observer Training
AGENCY AVIATION MILITARY LIAISON (AAML)

REQUIRED TRAINING
None

REQUIRED EXPERIENCE
Desirable experience is military background

AND EITHER
Helicopter Operations Specialist

OR
Helicopter Pilot Inspector*

AND
Satisfactory performance as an Agency Aviation Military Liaison

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Helicopter Operations Specialist
Helicopter Pilot Inspector (HPIN)

*References are contained in the Military Use Handbook (NFES 2175) located at the following website:
AIRTANKER BASE MANAGER (ATBM)

REQUIRED TRAINING
A-108 Preflight Checklist Briefing*
A-110 Aviation Transport of Hazardous Materials* (Triennial requirement)
A-112 Mission Planning and Flight Request Process*
A-115 Automated Flight Following*
A-116 General Awareness Security Training*
A-202 Interagency Aviation Organizations*
A-203 Basic Airspace*
A-204 Aircraft Capabilities and Limitations*
Aviation Business System Training*
I-200 Basic Incident Command System
S-260 Interagency Incident Business Management
Airtanker Base Manager Workshop (Triennial requirement)***

REQUIRED EXPERIENCE
Desirable skills include familiarity with the National Airtanker contract
AND
Familiarity with the National Long Term Fire Retardant contract
AND
Satisfactory performance as a Ramp Manager (RAMP)
AND
Successful performance as an Airtanker Base Manager (ATBM)

PHYSICAL FITNESS LEVEL
None

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Fixed Wing Base Manager (FWBM)
MAFFS Airtanker Base Manager (MABM)

- None
EMERGENCY MEDICAL TECHNICIAN BASIC (EMTB)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
S-130 Basic Firefighter
S-190 Introduction to Wildland Fire Behavior

CERTIFICATION
Current State (of origin) certification as an Emergency Medical Technician. May also require local certification in some jurisdictions.

REQUIRED EXPERIENCE
Knowledge and skills of the First Responder (uses a limited amount of equipment to perform initial assessment and intervention and is trained to assist other EMS providers) but is also qualified to function as minimum staff for an ambulance

PHYSICAL FITNESS LEVEL
None required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Advanced EMT (EMTA)
Paramedic. (EMTP)

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
Basic Trauma Life Support
Incident Medical Specialist Training
Cardiopulmonary Resuscitation (CPR) for the Professional Rescuer
EMERGENCY MEDICAL TECHNICIAN INTERMEDIATE (EMTI)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction

CERTIFICATION
Current State (of origin) certification as an EMTI. May also require local certification in some jurisdictions.

REQUIRED EXPERIENCE
Knowledge and skills of the preceding levels; in addition can perform essential advanced techniques and administer a limited number of medications

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Paramedic (EMTP)

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
Basic Trauma Life Support (BTLS)
Advanced Trauma Life Support (ATLS)
Cardiopulmonary Resuscitation (CPR) for the Professional Rescuer
PARAMEDIC (EMTP)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction

REQUIRED LICENSE
Current State (of origin) certification as a Paramedic. May also require local certification in some jurisdictions.

REQUIRED EXPERIENCE
None

PHYSICAL FITNESS LEVEL
None required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
Basic Trauma Life Support (BTLS)
Advanced Trauma Life Support (ATLS)
Cardiopulmonary Resuscitation (CPR) for the Professional Rescuer
ENGINE OPERATOR (ENOP)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
RT-130 Annual Fireline Safety Refresher

REQUIRED LICENSE
Appropriate license and endorsements for make and model of engine
Training as required in FSM 5120.02 with regards to Lights & Siren use.

REQUIRED EXPERIENCE
Firefighter Type 1 (FF1)

AND
Satisfactory performance as an Engine Operator

PHYSICAL FITNESS
Arduous

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Single Resource Boss Engine (ENGB)
Strike Team Leader Engine (STEN)

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
Geographic Area Engine Academy

Task Book available at:
http://www.nwec.gov/pms/taskbook/taskbook.htm
FALLER CLASS A (FALA)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
S-212 Wildland Fire Chain Saws
RT-212 Wildland Fire Chainsaw Refresher (Every three years after certification)

REQUIRED CERTIFICATION
Initial chain saw certification and triennial re-certification

REQUIRED EXPERIENCE
Firefighter Type 2 (FFT2)

PHYSICAL FITNESS LEVEL
Arduous

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

The sawyer certification system outlined in FSH 6709.11, (sec. 22.48, b, 4(a-d)), and Regional Supplement, is used in the certification process for the Forest Service.
FALLER CLASS B (FALB)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
S-212 Wildland Fire Chain Saws
RT-212 Wildland Fire Chainsaw Refresher (Every three years after initial training)

REQUIRED CERTIFICATION
Initial chain saw certification and triennial re-certification

REQUIRED EXPERIENCE:
Satisfactory performance as a Firefighter Type 2 (FFT2)

PHYSICAL FITNESS LEVEL
Arduous

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

The sawyer certification system outlined in FSH 6709.11, (sec. 22.48, b, 4(a-d)), and Regional Supplement, is used in the certification process for the Forest Service.
FALLER CLASS C (FALC)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
Geographic Area Chainsaw Refresher (Initial and every three years)

REQUIRED CERTIFICATION
Initial chain saw certification and triennial re-certification

REQUIRED EXPERIENCE
Satisfactory performance as a Firefighter Type 2 (FFT2)

PHYSICAL FITNESS LEVEL
Arduous

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

The sawyer certification system outlined in FSH 6709.11, (sec. 22.48, b, 4(a-d)), Regional Supplement, is used in the certification process for the Forest Service.
**FEMA EMERGENCY SUPPORT FUNCTION # 4 PRIMARY LEADER (ESFL)**

**REQUIRED TRAINING**
- I-300 Intermediate Incident Command System
- I-400 Advanced Incident Command System
- IS-700 National Incident Management System (NIMS), An Introduction
- IS-800 National Response Framework (NRF), An Introduction
- ESF4 Training Course

**REQUIRED CERTIFICATION**
- Regional Office FEMA Coordinator approval
- Successful position performance as a Primary Leader ESFL

**REQUIRED EXPERIENCE**
- US Forest Service Agency Personnel
  - AND
  - Satisfactory position performance as a FEMA Emergency Support Function # 4 Primary Leader
    - AND
    - Satisfactory performance as an Incident Command System Command or General Staff position at the Type 1 or 2 level
  - OR
  - Geographic Area Coordinator
  - Regional/Area Fire Program Manager
  - Forest Fire Management Officer
  - Forest Supervisor
  - District Ranger

S-130 Firefighter Training
S-190 Introduction to Wildland Fire Behavior

* Online training at: http://training.nwcg.gov/classes/i100.htm
MAC GROUP COORDINATOR (MCCO)

REQUIRED TRAINING:
IS-700 National Incident Management System (NIMS), An Introduction
IS-800 National Response Framework (NRF), An Introduction

REQUIRED EXPERIENCE
Satisfactory performance as a MAC Group Coordinator

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
I-400 Advanced Incident Command System
M-480 Multi-Agency Coordinating Group
MAC GROUP INFORMATION OFFICER (MCIF)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
IS-800 National Response Framework (NRF), An Introduction
I-300 Intermediate Incident Command System

REQUIRED EXPERIENCE
Satisfactory performance as a Public Information Officer, Type 2 (PIO2)
AND
Satisfactory performance as a MAC Group Information Officer (MCIF)

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Public Information Officer, Type 1 (PIO1)

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
I-400 Advanced Incident Command System
M-480 Multi-Agency Coordinating Group
MAFFS AIRTANKER BASE MANAGER (MABM)

REQUIRED TRAINING
MAFFS Training Exercise or MAFFS Activation (recurrent training)

REQUIRED EXPERIENCE
Satisfactory performance as an Airtanker Base Manager (ATBM)

AND
Satisfactory performance as a MAFFS Tanker Base Specialist (MABS)

AND
Satisfactory performance as a MABM Trainee at MAFFS Training (Ref. MAFFS Ops. Plan)

AND
Satisfactory performance as a MAFFS Airtanker Base Manager (MABM)

PHYSICAL FITNESS LEVEL
None

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
MAFFS Tanker Base Specialist (MABS)

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

Reference materials for this position are contained within the MAFFS Operating Plan.
MAFFS AIRTANKER BASE SPECIALIST (MABS)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
MAFFS Training Exercise

REQUIRED EXPERIENCE
Satisfactory performance in any Airbase position
OR
Satisfactory performance as a Single Engine Airtanker Manager (SEAT)
AND
Satisfactory performance as a MAFFS Airtanker Base Specialist (MABS)

PHYSICAL FITNESS LEVEL
None

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
MAFFS Airtanker Base Manager

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

Reference materials for this position are contained within the MAFFS Operating Plan.
MAFFS CLERK (MAFC)

REQUIRED TRAINING
I-100 Introduction to Incident Command System*
IS-700 National Incident Management System (NIMS), An Introduction

REQUIRED EXPERIENCE
Desirable skills are record keeping, organization ability and communication skills
AND
Satisfactory performance as a MAFFS Clerk (MAFC)

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Expanded Dispatch Recorder (EDRC)
Documentation Unit Leader (DOCL)

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

* Online training at: http://training.nwcg.gov/classes/i100.htm
MAFFS LIAISON OFFICER (MAFF)

REQUIRED TRAINING
MAFFS Liaison Officer Training

CERTIFICATION
Approved by the National Military Liaison Officer

REQUIRED EXPERIENCE
Prior military experience is desirable, but not a required prerequisite
AND
Satisfactory performance as a MAFFS Liaison Officer (MAFF)

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

Reference materials for this position are in the MAFFS Operating Plan.
MILITARY AVIATION OPERATIONS COORDINATOR (MAOC)

REQUIRED TRAINING
None

REQUIRED CERTIFICATION
Approved by National Helicopter Specialist

REQUIRED EXPERIENCE
Qualified as a Helicopter Operations Specialist
OR
Qualified as a Helicopter Pilot Inspector (HPIN)
AND
Satisfactory performance as a Military Aviation Operations Coordinator (MAOC)

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

Reference materials for this position are in the Military Use Handbook (NFES 2175).
MILITARY CREW LIAISON ADVISOR (MCAD)

REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction
RT-130 Annual Fireline Safety Refresher

REQUIRED EXPERIENCE
Prior military experience is desirable, but not a required prerequisite
AND
Successful position performance as a Single Resource Boss Crew (CRWB)
AND
Satisfactory performance as a Military Crew Liaison Advisor (MCAD)

PHYSICAL FITNESS LEVEL
Arduous

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Single Resource Boss Crew (CRWB)

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

Reference materials for this position are in the Military Use Handbook (NFES 2175).
MIXMASTER (MXMS)

REQUIRED TRAINING
S-270 Basic Air Operations

REQUIRED EXPERIENCE
Satisfactory performance as a Retardant Crewmember
AND
Satisfactory performance as a Mixmaster (MXMS)

PHYSICAL FITNESS
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Airtanker Base Manager (ATBM)
MAFFS Airtanker Base Manager MABM

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
Geographic Area Mixmaster Training
PLASTIC SPHERE DISPENSER OPERATOR (PLDO)

REQUIRED TRAINING
A-110 Aviation Transport of Hazardous Material (Must attend every three years)
IS-700 National Incident Management System (NIMS), An Introduction
RT-130 Annual Fireline Safety Refresher
N-9016 Plastic Sphere Dispenser
RT-9016 Annual Plastic Sphere Dispenser Refresher, required annually after initial training

REQUIRED EXPERIENCE
Satisfactory performance as a Helicopter Crewmember (HECM)

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
Geographic Area Mixmaster Training

Reference materials are contained in the Interagency Aerial Ignition Guide (NFES 1080).
PURCHASING AGENT, FIVE THOUSAND (PA05)
PURCHASING AGENT, TEN THOUSAND (PA10)
PURCHASING AGENT, TWENTY-FIVE THOUSAND (PA25)
PURCHASING AGENT, FIFTY THOUSAND (PA50)

REQUIRED TRAINING
I-100 Introduction to Incident Command System*
IS-700 National Incident Management System (NIMS), An Introduction

REQUIRED EXPERIENCE
Federal delegated acquisition authority to obligate Government funds and appropriate authority for the positions.

PHYSICAL FITNESS LEVEL
None Required

OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

3.1 - TRAINING

Courses should be taken in an ascending order of complexity, based on successively higher levels of responsibility and skills in fire and aviation management.

3.11 - Instructor Qualifications, Training and Certification

Certification of instructor qualifications is the responsibility of the employing agency. Instructor qualifications, training and certification standards are contained within the NWCG Field Manager’s Course Guide (FMCG), PMS 901-1. Refer to the FMCG for those standards which can be found at the following website:

http://training.nwcg.gov/sect_inst_certifications.htm

The Forest Service complies with the standards contained in the FMCG. In addition, Forest Service instructors shall:

1. Complete either the instructor requirements in the Field Manager's Course Guide for 200 and 300 level courses or the National Fire Protection Association (NFPA) 1041, Fire Service Instructor, which the Forest Service has identified as an equivalency course, for those courses in the Field Manager's Course Guide.

2. Meet NWCG or IAT Instructor qualification guidelines before delivering NWCG courses which have incorporated Interagency Aviation Training (IAT) materials, or any
A courses applicable to employees attempting to qualify for positions contained in FSFAQG.

Certification of lead and unit instructors for the “A” courses, who have not completed A-220 Train-the-Trainer, is the decision of the National Aviation Training Specialist, located in Boise, Idaho.

3.111 - Lead Instructor Requirements for “L” Courses

The L-180 Human Factors in the Wildland Fire Service and L-280 Followership to Leadership are training course packages available in the NWCG Publication Management System. Lead instructor requirements for these courses are defined in the NWCG Field Manager’s Course Guide.

The L-380 Fireline Leadership, L-381 Incident Leadership, and L-480 Organizational Leadership in the Wildland Fire Service are training courses which do not have a standard NWCG course package available for lead instructors. Therefore, the U.S. Forest Service will use the following process to evaluate and approve providers, lead instructors, and the course packages which they develop to meet the intent and the criteria for these courses as established by the NWCG Leadership Subcommittee.

The course descriptions and design criteria are available at:

http://www.fireleadership.gov/courses/courses.html

Certification of prospective providers and their lead instructors submitting a new course package for L-380 Fireline Leadership, L-381 Incident Leadership, or L-480 Organizational Leadership in the Wildland Fire Service must be done by an evaluation team comprised of:
1. A team leader designated by the NWCG Leadership Subcommittee.

2. At least one additional evaluator from any of the agencies participating in NWCG.

Certification of new lead instructors for an existing approved L-380, L-381, or L-480 course package shall be recommended by a peer evaluation from an individual who is currently certified as a lead instructor for that same course. The NWCG Leadership Subcommittee must then approve the recommendation. A format for these evaluation procedures is available upon request from the U.S. Forest Service representative to the NWCG Leadership Subcommittee.

http://www.fireleadership.gov/committee/committee.html

A list of approved providers and their respective certified lead instructors is available at:

http://www.fireleadership.gov/courses/courses.html

The L-580 Leadership is Action program is a series of continuing education offerings for senior level leaders in the wildland fire service. This program is managed by the L-580 Steering Committee. This steering committee is chartered under the NWCG Leadership Subcommittee and works in partnership with the National Advanced Fire and Resource Institute (NAFRI). The U.S. Forest Service will recognize only offerings approved by this steering committee as L-580 events.
3.112 - Credit for Teaching National Wildfire Coordinating Group Training Courses

When serving as an instructor, a unit or adjunct instructor may receive credit for attending a course, provided the following conditions are met:

1. Prior agreement with the lead instructor and course coordinator is reached for the unit or adjunct instructor to complete the course.

2. The unit or adjunct instructor completing the course must meet all course prerequisites.

3. The entire training session must be attended, with adequate participation in class or small group activities.

4. Any required pre-course work material must be successfully completed.

5. All unit and course exams must be successfully completed.

Once the above conditions have been met, the Lead Instructor may issue a course completion certificate to the unit or adjunct instructor.
3.12 - Course Delivery Standards

The Forest Service shall comply with the course delivery standards contained within the NWCG Field Manager's Course Guide. Refer to the FMCG for those standards which can be found at the following website:

http://www.nwcg.gov/pms/training/fmcg.pdf

3.13 - Forest Service Fireline Safety Refresher Training

Annual Fireline Safety Refresher Training is required for all positions as identified in FSFAQG and the *Wildland Fire Qualifications System Guide* (NWCG 310-1). Forest Service has extended this requirement to 13 months. Annual Fireline Safety Refresher Training is provided in order to recognize hazards and mitigate risk, maintain safe practices and to reduce accidents and near misses. The intent of the annual fireline safety refresher training is to focus suppression and prescribed fire personnel on operations and decision making issues related to incident safety.

<table>
<thead>
<tr>
<th>Annual Fireline Safety Refresher Training must include the following core topics:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Core Topics</td>
<td>Examples</td>
</tr>
<tr>
<td><strong>Avoiding Entrapments</strong></td>
<td>Use training and reference materials to study the risk management process as identified in the Incident Response Pocket Guide as appropriate to the participants, e.g., LCES, Standard Firefighting Orders, Eighteen Watch Out Situations, Wildfire Decision Support System (WFDSS) direction, Fire Management Plan priorities, etc.</td>
</tr>
<tr>
<td><strong>Current Issues</strong></td>
<td>Review and discuss identified “hot topics” as found on the current Wildland Fire Safety Training Annual Refresher (WFSTAR) website. Review forecasts and assessments for the upcoming fire season and discuss implications for firefighter safety.</td>
</tr>
<tr>
<td><strong>Fire Shelter</strong></td>
<td>Review and discuss last resort survival including escape and shelter deployment site selection. Conduct “hands-on” fire shelter inspections. Practice shelter deployments in applicable crew/module 18 configurations.</td>
</tr>
<tr>
<td><strong>Other Hazards and Safety Issues</strong></td>
<td>Choose additional hazard and safety subjects, which may include SAFENET, current safety alerts, site/unit specific safety issues and hazards.</td>
</tr>
</tbody>
</table>
These core topics must be sufficiently covered to ensure that personnel are aware of safety concerns and procedures and can demonstrate proficiency in fire shelter deployment.

The Forest Service has No minimum refresher training hour requirements. Core topics shown above should reflect the quality of the material used and not the quantity.

Further guidance can be found at the following links:

**Interagency Standards for Fire and Fire Aviation Operations (Red Book)**

**Wildland Fire Safety Training Annual Refresher (WFSTAR)**

http://www.nifc.gov/wfstar/index.htm

## 3.2 - EQUIVALENCY COURSES

Equivalency courses are classes that are adequate substitutes for National Wildfire Coordinating Group (NWCG) approved curriculum and that are approved by the Washington Office, Branch Chief for Fire Training. Approved equivalency courses are listed in exhibit 01.

1. **Process to Evaluate and Establish Equivalency Courses.** The appropriate Regional Training Working Team or steering committee shall identify the need for an equivalency analysis of a specific course. The committee shall assign an evaluation team (see para. 2 regarding the team composition) to conduct the analysis, document their findings, and submit recommendations through agency channels to the Washington Office, Fire and Aviation Management, Branch Chief for Fire Training for an equivalency review.
a. If the Branch Chief for Fire Training determines that the equivalency course analysis is sufficient and the proposed course meets the NWCG certified course standards, the Branch Chief shall recognize the course as equivalent.

b. The Branch Chief may also recommend acceptance of the equivalency course(s) to the NWCG Operations and Workforce Development Committee (OWDC).

2. Evaluation Team Composition. The evaluation team shall be comprised of a minimum of three of the following members, including: lead instructor, cadre member, and course developer or subject matter expert for the respective NWCG course. The evaluators shall be individuals either who have been involved within the past 3 years with instructing the NWCG course, or who are familiar with the course development and revision process.

3. Equivalency Courses. The Branch Chief for Fire Training has determined that the courses listed in exhibit 01 are equivalent to the identified NWCG course. Persons who have successfully completed the identified equivalency course do not need to attend the corresponding NWCG course.
### List of Approved Equivalency Courses

<table>
<thead>
<tr>
<th>NWCG Approved Curriculum</th>
<th>Approved Equivalency Course(s) and Experience</th>
</tr>
</thead>
<tbody>
<tr>
<td>D-312 Aircraft Dispatcher</td>
<td>Bureau of Land Management Aviation Dispatcher This equivalency is retroactive for all individuals who previously completed the BLM Aviation Dispatcher course. Competency for D-312 should be granted in the employee’s IQCS file.</td>
</tr>
<tr>
<td>L-180 - Human Factors on the Fireline</td>
<td>S-130 - Firefighter Training (2003 version). The 2003 version of S-130 incorporates L-180 into the course package. Individuals completing the 2003 version of S-130 should be given course completion certificates for both S-130 and L-180, both courses should be entered into the Incident Qualification and Certification System (IQCS).</td>
</tr>
<tr>
<td>L-380 - Fireline Leadership</td>
<td>Employees who completed L-380 can be granted course competency in IQCS for the L-180 Human Factors on the Fireline and L-280 Followership to Leadership courses with the following justification statement: “Employee’s Name” completed L-380 prior to L-180 and L-280. Course competency has been granted for these courses.</td>
</tr>
<tr>
<td>L-381 - Incident Leadership</td>
<td>Employees who completed L-381 can be granted course competency in IQCS for L-180 Human Factors on the Fireline.</td>
</tr>
<tr>
<td>M-410 - Facilitative Instructor</td>
<td>National Fire Protection Association (NFPA) 1041, Fire Service Instructor I, with proficiency as set out in the NWCG Field Manager’s Course Guide. National Fire Protection Association (NFPA) 1a and 1b (must complete both courses), with proficiency as set out in the NWCG Field Manager’s Course Guide.</td>
</tr>
<tr>
<td>M-410 Facilitative Instructor and NFPA 1041</td>
<td>A-220 Train-the-Trainer (for delivery of the “A” course curriculum only)</td>
</tr>
</tbody>
</table>
### 3.2 - Exhibit 01—Continued

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>S-110 - Basic Wildland Fire Orientation</strong></td>
<td>Experience in operations positions on an incident. S-110 is designed for non-operations personnel slated for a first on-incident assignment. Many of the Technical Specialist positions listed in chapter 20 reflect S-110 as required training. However, if the incumbent has had fireline experience or previous incident experience, S-110 is not required. In these instances, course competency for S-110 should be granted in IQCS with a justification statement explaining that the individual has previous incident experience.</td>
</tr>
<tr>
<td><strong>S-580 - Advanced Fire Use Applications</strong></td>
<td>Managing Wildland Fire for Resource Benefits (offered in Region 1). Applies only to Strategic Operational Planner qualifications.</td>
</tr>
<tr>
<td><strong>RX-310 - Introduction to Fire Effects</strong></td>
<td>Successful completion of Technical Fire Management.</td>
</tr>
</tbody>
</table>
3.21 - Historical Information for Equivalency Courses

In 2002 the Forest Service developed an equivalency process for evaluating courses which adequately substitute for NWCG courses. The following courses were removed from the NWCG curriculum, but are provided for historical documentation in an employee’s master file record (FSH 5109.17, sec. 22.1, Record Keeping).

</tr>
</tbody>
</table>

More information on NWCG course History is located at:

http://training.nwcg.gov/sect_training_curriculum.htm
3.22 – Interchangeable Courses

NWCG has approved interchangeable courses. A description of the interchangeable course guidelines and approved interchangeable courses can be found in the Field Manager’s Course Guide: [http://www.nwcg.gov/pms/training/fmcg.pdf](http://www.nwcg.gov/pms/training/fmcg.pdf)

The ICS-100 and ICS-200 courses accessible in AgLearn have not been deemed to be interchangeable.

For positions in this handbook which require I-100 and I-200, equivalency can be met by successfully completing one of the approved interchangeable courses listed in the Field Manager’s Course Guide.

3.23 - Course Development History

The NWCG Course Development and Standards Division provide historical information on course development which includes course numbering and course title changes. Information is available on the following website, under “Course Development/Revision Status”: [http://training.nwcg.gov/sect_training_curriculum.htm](http://training.nwcg.gov/sect_training_curriculum.htm)

The following exhibit is an addendum to the information contained in the “Curriculum Status” website, and it includes dates of certification and removal of courses from the NWCG curriculum:

</tr>
</tbody>
</table>
3.3 - DEVELOPMENT

3.31 - Supervisory Development/Leadership

If an employee has not yet completed the Forest Service second 40 hours of supervision training as required in FSH 6109.13 (the Branch of Corporate Training course entitled, “Leadership Skills for Experienced Managers and Supervisors”), then completion of L-380 Fireline Leadership, or L-381 Incident Leadership, or L-480 Organizational Leadership in the Wildland Fire Service have been deemed as equivalent courses. However, completion of “Leadership Skills for Experienced Managers and Supervisors” has not been deemed to be an equivalent course to L-380, L-381, or L-480.

The contents and format of the second 40 hours of supervisor training are determined by the supervisor or management of the local unit and should be adapted to the needs of the employee’s job.

Provided that the employee’s supervisor approves L-380 or L-381, or L-480 as part of the employee’s Individual Development Plan (IDP) as well as recorded in the Incident Qualification and Certification System (IQCS) Incident Responder Development Plan (IRDP), these training courses should meet the supervisory training requirement. Further direction regarding supervision training is found in FSH 6109.13.
CHAPTER 4 - FIRE AND AVIATION MANAGEMENT POSITION COMPETENCIES
HOTSHOT, EXCLUSIVE USE HELITACK AND IFPM/FS-FPM

Effective Date: February 28, 2011
## Table of Contents

### 4.1 - FIRE AND AVIATION POSITION COMPETENCIES

- 4.11 - Hotshot Position Competencies
- 4.12 - Exclusive Use Fire Helicopter Position Competencies
- 4.13 - Forest Service Implementation of Interagency Fire Program Management (IFPM) and Forest Service Fire Program Management (FS-FPM)
4.1 - FIRE AND AVIATION POSITION COMPETENCIES

The Federal Fire and Aviation Leadership Council has developed the Interagency Fire Program Management Qualifications Standards and Guide, which contains minimum qualification standards for fire and aviation management positions. The Forest Service has determined that in addition to the minimum qualification standards contained in IFPM and FS-FPM, the following competencies are required to reach full performance in each associated position listed in sections 4.11, 4.12 and 4.13.
4.11 - Hotshot Position Competencies

HOTSHOT SUPERINTENDENT

REQUIRED TRAINING:  
M-410 Facilitative Instructor or equivalent  
I-300 Intermediate ICS  
L-380 Fireline Leadership  
S-200 Initial Attack IC  
S-330 Task Force/Strike Team Leader  
S-390 Intro to Fire Behavior Calculations

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):  
N/A

CERTIFICATION:  
RT-130 Annual Fireline Safety Refresher  
Annual Operational Preparedness Training

PREREQUISITE EXPERIENCE:  
IFPM Minimum Qualification Standards for IHCS  
(see IFPM Crosswalk located at  
http://www.fs.fed.us/fire/management/ifpm/crosswalk.pdf)

PHYSICAL FITNESS:  
Arduous

*Desired fitness goals also include completing:  
1.5-mile run in a time of 10:35 or less  
AND

Forty sit-ups in sixty seconds  
AND

Twenty-five push-ups in sixty seconds  
AND

Four chin-ups (>170 lbs. body weight)  
Five chin-ups (135-170 lbs. body weight)  
Six chin-ups (110-134 lbs. body weight)  
Seven chin-ups (<110 lbs. body weight)

* Reference “Standards for Interagency Hotshot Crew Operations” (FSM 5108)
HOTSHOT ASSISTANT SUPERINTENDENT/CAPTAIN

REQUIRED TRAINING:
- I-300 Intermediate ICS
- L-380 Fireline Leadership
- S-200 Initial Attack IC
- S-330 Task Force/Strike Team Leader
- S-390 Intro to Fire Behavior Calculations
  AND
- Hotshot Squad Leader Required Training

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):
- M-410 Facilitative Instructor or equivalent

CERTIFICATION:
- RT-130 Annual Fireline Safety Refresher
- Annual Operational Preparedness Training

PREREQUISITE EXPERIENCE:

PHYSICAL FITNESS:
- Arduous

*Desired fitness goals also include completing:
  1.5-mile run in a time of 10:35 or less
  AND
  Forty sit-ups in sixty seconds
  AND
  Twenty-five push-ups in sixty seconds
  AND
  Four chin-ups (>170 lbs. body weight)
  Five chin-ups (135-170 lbs. body weight)
  Six chin-ups (110-134 lbs. body weight)
  Seven chin-ups (<110 lbs. body weight)

* Reference “Standards for Interagency Hotshot Crew Operations” (FSM 5108)
HOTSHOT SQUAD LEADER

REQUIRED TRAINING: Hotshot Senior Firefighter Required Training

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):
- I-200 Basic ICS
- L-280 Followership to Leadership
- S-215 Fire Operations in the Wildland/Urban Interface
- S-230 Crew Boss (Single Resource)
- S-234 Ignition Operations
- S-260 Interagency Incident Business Management

CERTIFICATION:
- RT-130 Annual Fireline Safety Refresher
- Annual Operational Preparedness Training

PREREQUISITE EXPERIENCE:
- FS-FPM Minimum Qualification Standards for IHCSQL
  (see FS-FPM Crosswalk located at http://www.fs.fed.us/fire/management/ifpm/crosswalk.pdf)

PHYSICAL FITNESS:
- Arduous

*Desired fitness goals also include completing:
- 1.5-mile run in a time of 10:35 or less
  AND
- Forty sit-ups in sixty seconds
  AND
- Twenty-five push-ups in sixty seconds
  AND
- Four chin-ups (>170 lbs. body weight)
- Five chin-ups (135-170 lbs. body weight)
- Six chin-ups (110-134 lbs. body weight)
- Seven chin-ups (<110 lbs. body weight)

* Reference “Standards for Interagency Hotshot Crew Operations” (FSM 5108)
HOTSHOT SENIOR FIREFIGHTER

REQUIRED TRAINING:  S-131 Firefighter Type 1  S-133 Look Up, Look Down, Look Around  S-211 Portable Pumps  S-212 Wildland Power Saws  S-290 Intermediate Fire Behavior  

AND

Hotshot Crewmember Required Training

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):  S-270 Basic Air Operations

CERTIFICATION:  RT-130 Annual Fireline Safety Refresher  Annual Operational Preparedness Training

PREREQUISITE EXPERIENCE:  IFPM Minimum Qualification Standards for SFF  (see IFPM Crosswalk located at http://www.fs.fed.us/fire/management/ifpm/crosswalk.pdf)

PHYSICAL FITNESS:  Arduous

*Desired fitness goals also include completing:  
1.5-mile run in a time of 10:35 or less  

AND

Forty sit-ups in sixty seconds  

AND

Twenty-five push-ups in sixty seconds  

AND

* Reference “Standards for Interagency Hotshot Crew Operations” (FSM 5108)
HOTSHOT CREWMEMBER

REQUIRED TRAINING:  
I-100 Intro to ICS  
L-180 Human Factors  
S-130 Firefighter Training  
S-190 Intro to fire Behavior

RECOMMENDED TRAINING:  
S-290 Intermediate Fire Behavior

CERTIFICATION:  
RT-130 Annual Fireline Safety Refresher  
Annual Operational Preparedness Training

PREREQUISITE EXPERIENCE:  
Firefighter Type 2

PHYSICAL FITNESS:  
Arduous

*Desired fitness goals also include completing:  
1.5-mile run in a time of 10:35 or less  
AND  
Forty sit-ups in sixty seconds  
AND  
Twenty-five push-ups in sixty seconds  
AND  
Four chin-ups (>170 lbs. body weight)  
Five chin-ups (135-170 lbs. body weight)  
Six chin-ups (110-134 lbs. body weight)  
Seven chin-ups (<110 lbs. body weight)

4.12 - Exclusive Use Fire Helicopter Position Competencies

EXCLUSIVE-USE FIRE HELICOPTER CREW SUPERVISOR

REQUIRED TRAINING: A-200 Mishap Review
A-310 Overview of Crew Resource Management
Aviation Contract Administration Course according to level of responsibility

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):
I-300 Intermediate Incident Command System

CERTIFICATION:
RT-130 Annual Fireline Safety Refresher
RT-372 Helicopter Manager Workshop (Triennial)

PREREQUISITE EXPERIENCE: One season’s experience as Exclusive-Use Assistant Helicopter Crew Supervisor
AND
IFPM Minimum Qualification Standards for HMGR (see IFPM Crosswalk located at http://www.fs.fed.us/fire/management/ifpm/crosswalk.pdf)

PHYSICAL FITNESS: Arduous
Desired fitness goals also include completing:
1.5-mile run in a time of 10:35 or less
AND
Forty sit-ups in sixty seconds
AND
Twenty-five push-ups in sixty seconds
AND
Four chin-ups (>170 lbs. body weight)
Five chin-ups (135-170 lbs. body weight)
Six chin-ups (110-134 lbs. body weight)
Seven chin-ups (<110 lbs. body weight)
EXCLUSIVE-USE ASSISTANT FIRE HELICOPTER CREW SUPERVISOR

REQUIRED TRAINING: S-372 Helicopter Management
S-371 Helibase Manager
Aviation Contract Administration
Crew Resource Management

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):

CERTIFICATION: RT-130 Annual Fireline Safety Refresher
RT-372 Helicopter Manager Workshop (Triennial)

PREREQUISITE EXPERIENCE: One season’s experience as Exclusive Use Helicopter Squad Leader
AND
Experience in Aviation Contract Administration
AND
FS-FPM Minimum Qualification Standards for FHACS (see FS-FPM Crosswalk located at http://www.fs.fed.us/fire/management/ifpm/crosswalk.pdf)

PHYSICAL FITNESS: Arduous
Desired fitness goals also include completing:
1.5-mile run in a time of 10:35 or less
AND
Forty sit-ups in sixty seconds
AND
Twenty-five push-ups in sixty seconds
AND
Four chin-ups (>170 lbs. body weight)
Five chin-ups (135-170 lbs. body weight)
Six chin-ups (110-134 lbs. body weight)
Seven chin-ups (<110 lbs. body weight)
EXCLUSIVE-USE FIRE HELICOPTER SQUAD LEADER

REQUIRED TRAINING:  
- S-131 Advanced Firefighter  
- S-133 Look Up, Look Down, Look Around  
- S-211 Portable Pumps and Water Use  
- S-212 Wildfire Power Saws

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):  
- S-372 Helicopter Management

CERTIFICATION:  
- RT-130 Annual Fireline Safety Refresher  
- S-271 Annual Helicopter Crewmember Refresher (must complete course or approved refresher or serve as an instructor)

PREREQUISITE EXPERIENCE:  
- One season experience as a fire Helicopter Crewmember  
  AND  

PHYSICAL FITNESS:  
- Arduous  
  Desired fitness goals also include completing:  
  1.5-mile run in a time of 10:35 or less  
  AND  
  Forty sit-ups in sixty seconds  
  AND  
  Twenty-five push-ups in sixty seconds  
  AND  
  Four chin-ups (>170 lbs. body weight)  
  Five chin-ups (135-170 lbs. body weight)  
  Six chin-ups (110-134 lbs. body weight)  
  Seven chin-ups (<110 lbs. body weight)
EXCLUSIVE-USE FIRE HELICOPTER SENIOR FIREFIGHTER

REQUIRED TRAINING:  
S-131 Firefighter Type 1  
S-133 Look Up, Look Down, Look Around  
S-211 Portable Pumps  
S-212 Wildland Power Saws  
S-290 Intermediate Fire Behavior

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):  
S-270 Basic Air Operations

CERTIFICATION:  
RT-130 Annual Fireline Safety Refresher  
Annual Operational Preparedness Training

PREREQUISITE EXPERIENCE:  
IFPM Minimum Qualification Standards for SFF  
(see IFPM Crosswalk located at http://www.fs.fed.us/fire/management/ifpm/crosswalk.pdf)

PHYSICAL FITNESS:  
Arduous

Desired fitness goals also include completing:  
1.5-mile run in a time of 10:35 or less  
AND  
Forty sit-ups in sixty seconds  
AND  
Twenty-five push-ups in sixty seconds  
AND  
Four chin-ups (>170 lbs. body weight)  
Five chin-ups (135-170 lbs. body weight)  
Six chin-ups (110-134 lbs. body weight)  
Seven chin-ups (<110 lbs. body weight)
EXCLUSIVE-USE FIRE HELICOPTER CREWMEMBER

REQUIRED TRAINING: I-100 Introduction to Incident Command System  
S-190 Introduction to Wildland Fire Behavior  
S-130 Firefighting Training

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):
S-271 Interagency Helicopter Training  
S-290 Intermediate Fire Behavior

CERTIFICATION: RT-130 Annual Fireline Safety Refresher  
S-271 Annual Helicopter Crewmember Refresher (must complete course or approved refresher or serve as an instructor)

PREREQUISITE EXPERIENCE: One Season as a Firefighter Type 2

PHYSICAL FITNESS: Arduous  
Desired fitness goals also include completing:  
1.5-mile run in a time of 10:35 or less  
AND  
Forty sit-ups in sixty seconds  
AND  
Twenty-five push-ups in sixty seconds  
AND  
Four chin-ups (>170 lbs. body weight)  
Five chin-ups (135-170 lbs. body weight)  
Six chin-ups (110-134 lbs. body weight)  
Seven chin-ups (<110 lbs. body weight)
EXCLUSIVE-USE RESTRICTED/LIMITED FIRE HELICOPTER MANAGER

REQUIRED TRAINING: S-372 Helicopter Management Aviation Contract Administration Course according to level of responsibility

REQUIRED DEVELOPMENTAL TRAINING (must be obtained within the first year):

CERTIFICATION: Crew Resource Management

PREREQUISITE EXPERIENCE: RT-130 Annual Fireline Safety Refresher RT-372 Helicopter Management (Triennial)

PHYSICAL FITNESS: Helicopter Manager (HMGB) AND Helibase Manager 2 Trainee (HEB2-T) Moderate
4.13 – Forest Service Implementation of Interagency Fire Program Management (IFPM) and Forest Service Fire Program Management (FS-FPM).

On October 1, 2004 the Forest Service, in conjunction with the Department of Interior wildland agencies, implemented the Interagency Fire Program Management (IFPM) Standard and Guide. The intent of IFPM is to establish minimum qualification standards for 13 key fire management positions to ensure a minimum level of NWCG qualifications, specialized experience, and training was required for each position. All Fire and Aviation Management employees that occupy one of the IFPM positions were required to meet all of the position standards as of October 1, 2010 and thereafter.

In 2008, the Forest Service created an agency addendum to IFPM called Forest Service Fire Program Management (FS-FPM) to establish the minimum qualification standards for key fire management positions that were subordinate to one of the IFPM positions, or were located on a subunit (i.e. Ranger District). The implementation period for FS-FPM is scheduled to conclude on October 1, 2013, and all Fire and Aviation Management employees that occupy one of the FS-FPM positions are required to meet the position standards on that date and thereafter.

The following is a summary of all the IFPM and FS-FPM fire and aviation management positions recognized by the Forest Service.
### IFPM AND FS-FPM STANDARD POSITIONS

The Forest Service IFPM/FS-FPM Standard Position Description Crosswalk and implementation procedures for IFPM and FS-FPM can be located at:

It is the responsibility of each Forest Service unit to ensure all encumbered FS-FPM employees meet their minimum qualification standards by October 1, 2013. This includes prioritizing training and associated costs as well as providing employees with work time to complete the training.
