### Summary

- **Fiscal Year:** 2006
- **Regions:** All Quarters
- **Date:** 11/22/06
- **Timber Cut and Sold on National Forests:**}

---

Note: The table above lists the type, size, and species of timber cut and sold, along with their respective volumes, values, and per MBF values. The total volumes and values are also provided for each class and species. The document details the timber sales and exchanges for the fiscal year 2006 on the National Forests in Texas, including the various categories of timber and their corresponding sales and cut volumes. The data is organized into classes and species, with specifications for softwood and hardwood, as well as posts. The table concludes with a summary of the total sales and cut volumes across all categories. The data is useful for understanding the distribution and value of timber cut and sold during that period.

### Summary

- **Total Volume-MBF**: 6,126.38
- **Total Value**: $941,336.88
- **HARDWOOD**:
  - Total Volume-MBF: 2,345.71
  - Total Value: $153.65
  - **SOFTWOOD**:
    - Total Volume-MBF: 3,551.35
    - Total Value: $8.44

### Notes

- All data and values are rounded to the nearest whole number.
- The tables are structured to show clear distinctions between classes and species.
- The calculations are based on the data provided in the document.

**Note:** The tables above summarize the timber cut and sold on National Forests, categorized by class, size, and species. The data includes sales volume, value, and cut volume for specific size ranges and species. The tables provide a detailed breakdown of the timber cut and sold, including the total volume and value for each category.
