1/ DEFINITION OF UNITS

National forests. --- Areas established as national forests by Act of Congress or Presidential Proclamation. Acreages shown as under Forest Service administration include small administrative sites outside of proclaimed boundaries, and those portions of land utilization projects and other areas over which the Forest Service has supervision located within the national forest boundaries. Land utilization and other areas located outside the national forests and under Forest Service supervision are not included; such areas being listed under the classification "Land utilization and other areas".

Purchase units. --- Areas established by the Secretary of Agriculture with the concurrence of the National Forest Reservation Commission but not formalized by Act of Congress or Presidential Proclamation. Acreages shown under Forest Service administration include all administrative sites outside the established boundaries, and those portions of the land utilization projects and other areas over which the Forest Service has supervision located within the established purchase unit boundaries. Land utilization and other areas located outside the boundaries and under Forest Service supervision are not included; such areas being listed under the classification "Land utilization and other areas".

Experimental areas. --- Areas outside of the exterior boundaries of national forests or purchase units which have been reserved and dedicated to forest or range research and experimentation by Executive Order or other authorized administrative action. Massabesic Experimental Forest in Maine and the McNeill Division of the Harrison Experimental Forest in Mississippi, which have both purchase-unit and experimental status, are only included in the experimental-area summaries.

Land utilization and other areas. --- See caption and footnote of special table on page 13.

- 2/ Does not include lands within certain State forests in Michigan which have been acquired by the United States with intent to exchange them for State lands within the national forests.
- 3/ Exclusive of 1,890 acres of the Beltsville Research Center of the Department of Agriculture, assigned to the Forest Service for use as an experimental area.
- 4/ See table on page 13.
- 5/ Headquarters for the Forest Service and its various Regions are as follows:

National headquarters: Forest Service, Department of Agriculture, Washington 25, D. C.

Regional headquarters: (Regional boundaries are as shown on map on pages 8 and 9)

REGION 1. Northern region: Federal Building, Missoula, Montana. Embracing northern Idaho, Montana, northwestern South Dakota, northeastern Washington, and extreme northwestern part of Wyoming.

LAND UTILIZATION AND OTHER AREAS 1/

Lands acquired by the United States in pursuance of certain national programs of land utilization and adjustment, which by Order of the Secretary of Agriculture have been placed under the administration of the Forest Service but have not yet been given a national forest status. The portions of these project lands located within the established national forest or purchase unit boundaries, are included as part of the national forest or purchase unit acreage. The Fort Bayard Reservation, New Mexico, was placed under the administration of the Forest Service by the Federal Works Agency.
