

# WOLF GUN AND PAUL BUNYAN FIRES

## Fire Progression Map

This map represents the fire progressions of the Wolf Gun and Paul Bunyan fires. Acreages are approximate and may not be consistent with data presented in various reports or other maps due to the nature of infrared data collection and editing fire boundaries based on GPS data. Please note that for the Wolf Gun fire there are gaps between days and the most reliable data was used to present the fire progression. The Paul Bunyan fire was declared out as of 7/26/2003.
