# CALIFORNIA CONSORTIUM 2012 SUMMER INTERNSHIP PROGRAM - WELCOME -

The California Consortium (CC) is pleased to present the 2012 Summer Internship Booklet, which highlights students who successfully completed Forest Service internships. The CC is dedicated to delivering a program that is both efficient and effective for the Forest Service, underserved communities, and participating students. The students highlighted here have been recruited and placed by the CC, which is comprised of the Northern California Consortium (NCC), the Central California Consortium (CCC), and the Southern California Consortium (SCC). As a team, this year the CC successfully placed over 250 students in Region 5 and Region 6.

One of the CC's goals is to ensure that students receive a valuable work experience, as they consider Forest Service careers. We accomplish this by taking the time to learn about our student's interests, capabilities and goals through a detailed in-depth screening process, which includes personal statements, resumes, and interviews. We match the skills, experience, and career goals of our intern candidates to supervisors, who provide mentoring and a positive work environment. Students work in fields such as, firefighting, archaeology, civil engineering, recreation, geology, and wildlife biology. Many of these students attend our professional development workshops on topics such as: resume writing and public speaking and networking. As a result of their internship, students become advocates of the environment, continue their education, and go on to higher education. Many choose to go into natural resource careers and gain permanent careers within the agency. All students gain confidence and leadership skills that will help them succeed academically and personally.

We congratulate the students who participated in the CC employment program this year and encourage them to continue their educational goals. We thank our Generation Green summer crew grant funding provider United States Youth Conservation Corps. We also thank the Forest Service, the intern supervisors, the communities we serve, and our community partners for their continued support.

Sincerely,

*James Offedal*

Central CA Consortium Director

*Fabian Garcia*

Southern CA Consortium Director

## CALIFORNIA CONSORTIUM MISSION STATEMENT

The California Consortium is a diverse/minority environmental education, outreach, and recruitment program for students. The Consortium is divided into three geographic areas -- Central, Southern and Northern California – and each geographic area has a full-time program manager assigned to it. The Consortium program managers work under the supervision of the applicable Forest Supervisors. The program targets students ranging from kindergarten through the twelfth grade and works with college students as well. Through its education and outreach activities, the program encourages members of under-participating groups to participate in the agency's Student Career Experience Program (SCEP). The long range goal of the program is to convert student employees into permanent members of the Region's workforce. The Consortium enables the region to build relationships with local communities and cultivate a diverse applicant pool for the future.

### California Consortium Mission Areas:

- Establish relationships with Hispanic, Asian American, African American, and other diverse communities.
- Increase the awareness of opportunities provided by public lands through environmental education.
- Provide programs to develop employment opportunities in natural resource management for members of Hispanic and other diverse communities.
- Contribute to the Regional Recruitment Plan goals by providing job placement opportunities for program participants with the Forest Service and other land management agencies and organizations.

# 2012

## CENTRAL CALIFORNIA CONSORTIUM STAFF

**James Oftedal**  
Program Director

James Oftedal has served as the Director of the Central California Consortium (CCC) for over 17 years and worked for the USDA Forest Service over 28 years. He has successfully dedicated his career to serving as bridge to connect the agency with traditionally underserved communities. He is an agency leader, a community partner, and a mentor to many. He passionately shares the Forest Service mission, the importance of being a good steward of the land, and works diligently to make the Forest Service the employer of choice among diverse students.

In 2006, the CCC received the highest compliment possible. It was replicated to include two new sites: the Northern California Consortium (NCC) and the Southern California Consortium (SCC); creating the statewide California Consortium. The CCC has also received local, regional, and national recognition including awards such as: Chief's New Century of Service Award, Award for National Business Operations Award in Multicultural Organization, the USDA Unsung Hero Award, and the Central Valley Local Hero of the Year.

Most recently the CCC was honored with two Chief's Honor Awards for Workforce Diversity and Promotion Recreation. Oftedal is very proud of the success that he and his staff have achieved. Personally, he is most proud of his daughters, Gabriella, 18, and Jaime, 15.

**LILY M NIEVES**

Position: Assistant Director  
Experience: Ten years of dedicated service to the Forest Service  
Degree: MA Public Administration  
Degree: BA Liberal Studies  
Minor: Spanish  
School: CSU, Fresno

**SAUL FERNANDEZ**

## GENERATION GREEN CLUB - EDUCATION & EMPOWERMENT

*Generation Green (GG) is a kindergarten through 12th grade program sponsored by the Central California Consortium (CCC). The program provides environmental education and leadership opportunities to underserved rural & urban youth. GG provides role models/mentors, career training, and encouragement for higher education; all while exposing high school students to Forest Service careers in natural resources. The CCC prides itself on building future leaders of tomorrow by encouraging community involvement and focusing on personal growth.*

## ABUELITOS PROJECT - COMMUNITY SERVICE

*Each year Generation Green students, through the Abuelitos (Grandparents) Program, observe and nominate Orange Cove senior citizens who are unable to take care of their gardens and yards. About every other Saturday, students volunteer to clean and beautify the chosen gardens and yards. Projects like this instill the importance and value of community service, while helping students improve their leadership skills.*

## GENERATION GREEN LEADERSHIP CAMP

*The Sacramento State Fair Leadership Camp is an incredible program which takes students to Sacramento to assist the Forest Service in staffing the Camp Smokey State Fair Expedition. Each year 30 diverse students are selected to participate and separated into two groups of 15. Every group helps run Camp Smokey for 10 days. The bilingual students staff Camp Smokey, alongside Forest Service staff, with the goal of educating the public about fire safety and prevention.*

### USDA Nondiscrimination Statement

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.
